

BIG CORPORATION FORMED FOR COAL DEVELOPMENT

Local Men With \$300,000 Capital Propose to Engage Extensively in Mining.

FINE LARGE TRACT HAS BEEN LEASED

A \$300,000 corporation has been formed in this city for the development of coal land in Jefferson county, and work upon the construction of the immense plant will be commenced within a few weeks. The company is made up of East Liverpool and Camden, N. J., capitalists, and the main headquarters offices will be located in this city.

The first move toward the organization of the company was made over a year ago, and it was only within the past few days that the stock has been fully taken up. The officers of the concern are: President, C. Mettsch; vice president, John W. Boch; treasurer, M. E. Miskall; secretary, R. E. Rayman; directors, N. G. Macrum, H. G. Martin, Camden, N. J.; U. G. Smith, Pittsburgh; G. F. Andrews and Robert Burner.

An executive committee consisting of J. W. Boch, Robert Burner and R. E. Rayman has been selected and for the next few months will have its hands full with the details of the gigantic undertaking.

SALVATION ARMY TRAINING CLASS

A Praiseworthy Plan to Give Aid to the Sick and Unfortunate.

HELP FOR THE HOSPITAL

To better prepare for its work among the needy sick and unfortunate people of the city, the Salvation Army has decided to inaugurate a training class for ten members of the Young People's Legion. The movement has been under consideration for several months by Adjutant Snider and his assistants and the definite announcement that it would be carried into effect was not made until all the details had been arranged.

It is expected that with a band of ten experienced people, the work of the army can be carried on with a great deal more success. As a result of the course of lectures the members of the above named committee will be able to cope with ordinary cases of sickness and distress in an intelligent and effectual manner.

The lectures are to be commenced next week or as soon as the committee has been named and will be conducted at the army barracks. Mrs. Dr. Colbert has kindly consented to deliver the lectures and she will be assisted by a city physician, who has not yet been named. A thorough training in first aid to the wounded and the sick room will be given.

When the committee begins its work it will be clothed with authority to draw upon the army for supplies in the way of food, clothing or medicines and when necessary to call upon a physician for assistance.

Arrangements are now being made by the officers of the army to furnish a ward at the new city hospital, which will be used in conjunction with the work of the committee.

ATTACKED BY A BABOON

Youngstown Saloonkeeper's Fierce Wild Beast Nearly Took His Life.

Youngstown, August 13.—Timothy Jennings, a saloonkeeper, almost lost his life by an attack made by a huge baboon on him. He had secured the animal as an attraction for his saloon and placed it in the front window.

The chain had become entangled about its neck and Jennings entered the window to untangle it. The animal turned on him and but for the interference of customers he might have been killed.

THE POLICE HARVEST WAS NOT LARGE

Fighters and Drunks the Only Persons Who Were Arrested Last Night.

James Brannon and William Hostler were arrested by Officer McDermott on lower Broadway last night for fighting. The hour was late, and the men had probably been fighting away without interruption for a long time, as their appearance indicated when the officer arrived. The latter called the patrol and the belligerents were taken to jail. Their trouble was apparently far from a settlement when the officer interrupted, as they tried to get at each other after being placed in the patrol. Arriving at the jail the two men were locked up, but later were released upon bail furnished by friends. They will be heard on the charge of fighting probably this evening.

One man who accompanied the Burgettstown excursionists to Rock Springs yesterday will be compelled to pay full fare to his home or walk. He missed the train, and becoming angry over the fact, wanted to fight. No one was willing to accommodate him, but he fell into the hands of the police, and was compelled to spend the night in jail. He gave his name as R. H. Ellender, and was fined \$5 this morning. He gave an order on his employer at Burgettstown and was released.

Officer Saulsbury arrested James O'Neill for intoxication and he with William Smith, who was taken in by Patrolman Woods, were compelled to occupy quarters at the city jail. They were both arraigned this morning and fined \$5, each giving orders upon their employers.

Jack Quinn neglected to secure apartments for the night until it was too late, and concluded to spend the night at the city hall. He entered the woman's department of the jail and lying down, was soon fast asleep. Some of the officers who came in later discovered Quinn and locked the cell door. He arranged for the payment of his fine of \$5 and was released.

LECTURED HIM AND LET HIM GO

Mayor Weaver Treats Charles Donohew in a Very Lenient Manner.

Officer Saulsbury arrested Charles Donohew at noon today and he was brought to the mayor's office to answer a few questions upon which his honor was not clear. The boy had been charged by his step-mother with attempting to kill her with a butcher knife while under the influence of liquor.

The mayor gave the youngster a lecture on the dangers to which he was throwing himself liable in entering saloons when he was not of age and then allowed him to depart.

DRUNKEN MAN WITH A REVOLVER

Shoots a Woman and Then Tries to End His Own Life at Steubenville.

Steubenville, August 13.—Mrs. Lena Kessler Weems was perhaps fatally shot last night by a revolver in the hands of James Johnston. He was intoxicated and was handling the weapon carelessly when it was accidentally discharged and the bullet took effect in her right breast.

Johnston, in desperation, next tried to shoot himself with the revolver, but it would not work and he threw it down the water closet. He was arrested, pending an investigation.

Back From An Outing.

Lisbon, August 13.—(Special)—County Treasurer W. A. Thompson and son Al. returned last night from a ten days' outing in the upper lake regions with a party of friends from Elyria.

ANOTHER CONTRACT LET FOR THE CITY HOSPITAL

The last contract, that for the wood-work, plastering and finishing of the city hospital building, was awarded last night by the building committee of the hospital association, to Claude Nease & Co. The amount involved is \$2,000, making the total cost of the structure \$8,000, the foundation costing \$2,000 and the brick work \$4,000.

By the terms of the contract Nease & Co. are to commence work at the earliest possible time and it is expected that the structure will be ready for the furnishings before the end of the year. A contract will be made at the proper time for the heating system for the building. The committee will investigate several systems before adopting one.

Active work upon the furnishings and appliances will be taken up soon. The association has pledged from a number of societies and others for the equipment of most of the wards. The equipment thus provided is to become the property of the hospital and the wards will be named for the donors. The necessary appliances, such as operating tables and surgical instruments are yet unprovided for.

DEPUTY INSPECTOR IS COMING HERE

Will Look After Factory Conditions and Enforcement of Child Labor Law.

STATUTE MUCH APPROVED

Manufacturers Generally Approve It and Believe That Its Strict Enforcement Results in a Saving of Money For Them.

From a Staff Correspondent.

Columbus, August 13.—State Factory and Workshop Inspector John H. Morgan said today that a general inspection of the factories and workshops in the cities of Columbiana county would be made soon by District Deputy L. W. Ralston, of Mechanics town, Carroll county, successor to R. M. Hull, of Salineville, who had charge of the Columbiana county district for six years, retiring in 1892.

Deputy Ralston has been working in Jefferson county for some time and from there will go to Columbiana county, probably beginning at East Liverpool. It is the duty of the shop inspector to note whether the law prohibiting employment of child labor is being observed and if buildings are safe and if proper precautions are being observed.

That the law is a benefit to manufacturers, as well as others, is becoming more apparent the longer it is in operation. Many large manufacturing concerns in the state make it a rule to consult with the state department regarding the construction of new buildings and additions to their plants in order that they may be erected along lines which will afford the greatest safety possible to those employed within them. Aside from the humanitarian reasons, it pays from a selfish standpoint to follow this course. Fewer accidents happen and loss through damage suits is rendered remote.

GOING TO ALASKA TO BUY GOLD CLAIMS

W. H. Hepburn and Wife and James J. Costello Leave for the Gold Region.

Lisbon, August 13.—(Special)—W. H. Hepburn and wife and James J. Costello, of this city, will drive to Salem this evening and take the Ft. Wayne flyer to the west for Nome, Alaska, where Messrs. Hepburn and Costello will close the deal for the purchase there of the Ophir Creek Gold company's claims on which they have options.

Work on the development of the claims will be started at once, although it is not expected to accomplish much during the winter months, it is the intention to get everything in shape for a vigorous prosecution of the work as soon as the weather will permit in the spring.

The Ophir Creek company was organized here and most of the stock was subscribed by local people.

Mr. and Mrs. Hepburn and Mr. Costello will sail from Seattle for Nome on August 20 and expect to return in October.

MARIE BELL ARRESTED

Refused to Pay Fare on Street Car, Though She Had Plenty of Coin.

Marie Bell, who was arrested this morning for disorderly conduct on a street car, was arraigned and fined \$5 for the offense. Although she had refused to pay her fare on the street car she had plenty of money and promptly produced the amount of her fine and was released.

THE VACATIONS OF PRIZE WINNERS

Leaders in News Review Popularity Contest Departing on Their Trips.

The prize winners in the News Review popularity contest will soon be in full enjoyment of their well earned vacations. John E. Anderson, who received the second highest number of votes in the contest, and Thomas Neal, who came very close to him and was awarded a third prize, both started for Atlantic City this morning. Mr. Anderson was furnished by the News Review with transportation and expense money for two weeks at this popular resort. Mr. Neal, who was awarded a trip to the lakes, finally decided upon Atlantic City, and the News Review arranged for him to spend his outing there. Both are accompanied by their wives.

Thomas Lounds, winner of the first prize, a trip to Europe, will leave East Liverpool August 28 and will sail the next day from New York for Glasgow, on the Anchor line steamship Columbia. He expects to be gone about six weeks, and besides visiting in Scotland, will visit the Staffordshire and Liverpool districts in England.

ANOTHER PURCHASE OF COAL LANDS

West Point Coal & Coke Company Makes An Important Addition to Its Holdings.

By the purchase of the Joseph Brown farm yesterday, the West Point Coal & Coke company, an extensive corporation, has acquired a valuable addition to its holdings. The sale was made by the administrator of the Brown estate yesterday at West Point and the purchase price was \$2,000 \$500 less than the appraisement. There were but two bidders.

The Brown farm consists of about 113 acres, is contiguous to other holdings of the West Point company, and is considered of great value for its coal deposits. The company has in all about 1,000 acres.

Just when the company will begin the actual work of mining and shipping coal and manufacturing coke has not been determined. A coal road has projected from its property through to this city but nothing has been done in the matter of late. J. L. Francis, prominently connected with the company, who was in the city today on business, refused to discuss this phase of the project. Several of the railways proposed for this section pass through the lands and it may not be necessary for the company to build.

AN AMPUTATION WILL BE NECESSARY

Walter Lodge Will Lose His Leg, But His Life May Be Saved.

Lisbon, August 13.—(Special)—Walter Lodge, a young man who was brought here from Vincennes, Ind., in what was thought to be a dying condition from consumption several months ago, and was taken to the home of his father north of Lisbon, went to Pittsburgh this morning to have his right leg amputated. The operation will be performed in Mercy hospital.

Since his returned home his general health has improved. His right leg had been injured some time before he became ill, resulting in numerous abscesses. He has no use whatever of the member and it will be amputated to within four inches of the thigh.

LIVELY LITIGATION OVER THAT COW

Mrs. Grim Preparing a Suit to Get Possession of the Animal.

As soon as the lawyers' vacation is over there promises to be lively litigation over the possession of the cow alleged to have been stolen from the estate of late Siphia Goppert by William Grim. Mrs. Kate Grim, mother of the boy who took possession of the cow, is one of the executors of the estate and is now preparing the suit to regain possession of the property.

It has been stated that it was Frederick Goppert who took the cow, but this was an error, as Mr. Goppert is one of the heirs and will be arraigned on the side of Mrs. Grim when the case comes to trial.

In Honor of Her Guest.

In honor of her guest, Miss Stuart, of Trenton, Mrs. H. E. Grouhauss gave a pleasant 6 o'clock tea to a number of her friends last evening.

THE AGE LIMIT FIXED BY THE SAFETY BOARD

In the Police Department It Will Be 45 Years and Among Firemen Still Lower.

ACTION TAKEN AFTER MUCH INVESTIGATION

Since the police ordinance has passed the council, and the safety department is no longer handicapped by the absence of a basis to work from, it has developed that the board has been very active during the past several weeks, though the public has not been taken into its confidence.

President Grafton and the members of the board have spent a great deal of time and considerable money in the task of securing data from other cities in Ohio and neighboring states, upon which to establish a starting point in the formation of the rules to control the police and fire departments. Copies of the regulations controlling the departments of the following cities have been secured: Zanesville, Youngstown, Columbus, Cleveland, Canton, New Castle, Pittsburgh and Toledo. From these the board has worked, and the rules adopted are thought to be the very best under the circumstances.

The board was guided by the experience of other and larger cities, and in every case the regulations that have been found to be effective and practicable in the opinion of the larger number of people who have had years of experience will be made to serve in East Liverpool. It was but natural that the head of police departments of

such cities as have been named would be in a position to know the needs of the occasion, and on account of the experiments and trials given the many schemes presented by different chiefs of police it was argued that an intelligent idea could be had of what would be best for a city of the size and importance of East Liverpool.

The police rules have been compiled and adopted, but will not be made public until the board has completed the regulation to control the fire department. The members took up the police rules first and they were finished before any time was devoted to the fire department. The question of an age limit, which has been the subject of so much speculation on the part of both press and public, has been made public and is between the ages of 21 and 45. This decision was made only after very careful consideration. It has not been definitely determined at what point the height mark will be placed, but President Grafton stated today that it would be between 5 feet 8 inches and 5 feet 10 inches. This, of course, refers only to the minimum.

It is announced that the rules, when put into effect, will work a wonderful amount of good to the department, and will be of incalculable benefit to the

MASTER HORSESHOERS ANNUAL PICNIC

Great Gathering of the Farriers' Craft at Columbian Park Saturday.

The first annual picnic of the Master Horseshoers' National Protective Association of America will be held at Columbian park next Saturday, August 15. The East Liverpool branch of the association will have charge of the affair, and competent committees have been at work upon the arrangements for several weeks.

The society is one of the strongest and most influential in the United States among the employers, and its members are found in every section of the country. The headquarters officers have started a movement for the establishment of a college in some of the northern states, where horse-shoeing will be taught from a scientific standpoint.

The picnic to be held next Saturday will be attended by the members of the trade and their employees from all over this section. Invitations have been issued to the craftsmen at Wells-ville, Hookstown, Beaver, Steubenville, Chester, Lisbon, Salem and other surrounding towns in the immediate neighborhood. It will be the aim of the East Liverpool branch to have associations formed where none now exist, and to take other action having for its object the betterment of the general condition of the trade. The main purpose in holding the outing will be to get acquainted and discuss matters of interest to the craft. Finally, it will be the duty of every member of the local association to promote a good feeling and pave the way for more and better intercourse in the future. There will be sports and numerous games. All arrangements have been made and the day will undoubtedly be an enjoyable one for all who attend.

Delightful Day in the Country.

The Woman's Relief Corps yesterday enjoyed a day's outing in St. Clair township, where they were guests at the home of Mr. and Mrs. Frank Conkle. There were 20 ladies of the Woman's Relief Corps in the party who accepted the hospitality of the host and hostess and spent a delightful day in the country.

Arranging for a Play.

The ladies' auxiliary of the Y. M. C. A. is completing arrangements for the play, "The Breach of Promise," which will be given under the auspices of the organization. Colonel Newton is expected to present the play in this city about October 1, and the cast will be arranged in the near future.

MANY HUNDREDS OF THE DAWSONS

Old and Prominent Family Holding Its Annual Picnic at Rock Springs.

A MOST ENJOYABLE AFFAIR

Hundreds of the members of the Dawson family had possession of Rock Springs park today. As early as 8 o'clock members and kindred of the family had put in appearance at the park in order to welcome the arriving guests. Today was the fifth annual reunion of the Dawson family and so busy were the members in enjoying themselves that Secretary H. J. Boyd was unable to get them to attend the meeting for the election of officers which was to have been held in the morning.

The number of members of the Dawson family and connection who were present was estimated this afternoon at 800, and the cars were bringing in many more who could not come any earlier. The change in the date of the outing has kept many from attending, on account of the reunion this year being held in the midst of the harvest season.

The attendance at each of the reunions has been about the same since the organization, of which D. D. Dawson was the first president. He has been succeeded each year as follows: J. L. B. Dawson, of Beaver; Captain W. F. Dawson, of East Liverpool, and this year by J. H. Dawson, of East Liverpool.

H. J. Boyd, of Beaver, has been the secretary of the organization since its inception.

James Mackall, of Georgetown, whose mother was a Dawson, and Miss Catherine Dawson, of Esther, Pa., each close to 80 years of age, were the oldest members present.

All brought a plentiful supply of eatables and refreshments with them and the amusements were patronized liberally. Two games of base ball were played during the afternoon between Smith's Ferry and Hookstown at 2 o'clock and the second game was opened between Georgetown and Fredericktown.

An address will be delivered by Rev. M. B. Pratt in the evening.

Fine job printing—News Review.

News and Notes About The Potteries

THE TWO IMPULSES.

Among the districts of the United States long noted for their available clays the environs of Cincinnati are prominent. There, more than a half-century since, English potters from Staffordshire and other equally famous counties set up their wheels and kilns for making the ordinary wares of household service. This movement drew attention to the rich qualities of the soil, while the continuance and multiplication of such enterprises proved that the pioneers of the movement had made no error of judgment. In the neighborhood of Cincinnati competencies were gained and even fortunes were amassed by the manufacture of "white granite" and stoneware or gres. But fully a quarter of a century elapsed from the founding of the humble potteries until the awakening of the impulse which has made the southwestern city a ceramic art center celebrated throughout the world.

The conditions out of which this impulse grew are interesting at present from a historical point of view. They were two in number and each of national importance. The first condition was the force and prevalence of that sentiment which led to the opening of the last quarter of the nineteenth century, drew American women to organize themselves into clubs for objects of education and culture. The second condition was the activity of that enthusiastic patriotism which swept over the United States to greet the centennial year of American independence, assuring by this means the success of the Philadelphia exposition. The combination of the two conditions in the case in point was easy and natural. It resulted in a good to the community which cannot be overestimated. And whenever it is urged that the world's fair of 1876 produced chaos in our national art and that the woman's club movement resulted in nothing save a perversion among its devotees of the domestic instinct, the art potters and potteries of Cincinnati stand in living rebuff of the accusation.

FAVORS TECHNICAL SCHOOL.

Dr. Reis is an ardent advocate of the establishment as an adjunct of the University of Texas of a special school in which the technology of Texas clays and metals would be taught.

"In such a school," he said, "instruction is given in the technology of clays, cement, gypsum, etc. The methods for testing them both in laboratory and on a practical scale are carried out in considerable detail and the training there given is such as to fit the student not only for investigating these materials in the field, but also fits him to hold a position as general manager of potteries in which these clay, cement and gypsum materials are worked into the finished products. There is a considerable demand at the present time for men having this kind of training. There are now only three such schools in the United States and the work at these is devoted almost entirely to the subject of clay, so that a school of the kind outlined, if established, would fill a long felt want and would aid in the development of the state's resources."

PEORIA NOTES.

Peoria, August 13.—The shop here is running along well and prospects seem bright for a steady run.

William Foyser has arrived and will start to work on the biscuit. Brother Kelly going over to the glass.

Dick Hobin, apprentice on the biscuit, who has been sick for some time, is still unable to work.

Harris Smith has started to work at Monmouth, jiggering steins, and Baldy Deacon will stick up for him. The stein was modeled by Joseph Chetwynd, of East Liverpool.

Byron Foutts, W. McKeone, Amos Clover and P. Kelly were camp visitors Sunday at Mossville.

Local No. 27 held a special meeting Friday evening and took action on the circular sent out by the national officers.

LEAVES THE SEVRES.

Orlando Ralston, decorating kiln foreman at the Sevres, is working out his notice and will accept a similar position at the Taylor, Smith & Taylor. Mr. Ralston has been in his present position for eight years and his record of efficient and careful work is one to be envied. He is rated one of the best decorating foremen in the west and has always been steady and reliable. Before going to the Sevres Mr. Ralston worked 10 years at the Wallace & Chetwynd plant, so this is his second change in 18 years. He is to be succeeded at the Sevres by Andrew Scullum, of Laughlin No. 1.

A NEW DIPPER.

J. W. Clark, of Cincinnati, has accepted a situation as dipper at the East End. He has been employed lately in the Brockman pottery in the Queen City.

NEW STYLE CLOTHES FOR THE POLICE

BOARD OF PUBLIC SAFETY DECIDES ON A CHANGE.

By Next Spring the Cops Will Be Ripped Out in Stylish Uniforms.

It has been decided to make a change in the uniform of East Liverpool's finest, and by next spring it is intended that the new uniforms will be in general use by all the members of the force. There has been little if any change in the manner of dress for the policemen in several years and as a result the regulation has been neglected somewhat. This has caused the board of public safety to resolve upon a change. The matter has been the subject of some discussion ever since the board organized, but it was only within the last few days that a decision was reached.

It was the intention of the board to consult the wishes of the members of the police force, and the chief was instructed this morning to notify the members that the safety board would meet with them at 6 o'clock last evening for the purpose of comparing notes and swapping ideas. All the members of the force were present at the appointed time, and the board of public safety was also represented by every member. Several of the policemen had but recently invested in new suits, and were naturally opposed to the adoption of anything new or different at this time. President Grafton assured the men that the service board had no other desire than to make the entire matter satisfactory to the members of the force, and asked that each member express himself freely on the subject.

Some objection was also raised to inaugurating a change on account of the time being so short until they would be expected to don their winter duds. By far the more practical idea was advanced by Member Ogilvie and several of the men, and that was for the officers to continue to wear their present uniforms until fall. They would then be using their long overcoats a greater portion of the time. By next spring they would all be needing something new anyway, and the new togs could then be bought. This plan seemed to meet with unanimous favor, and was adopted.

The new regulation will be a short blouse, single breasted and buttoning clear to the neck. The coat will be as near the United States regulation private's blouse as it is possible to make it. A light gray helmet will be adopted for summer and a dark one for winter season. No change is proposed for the winter in the matter of coats, as the overcoat adopted last winter is thought to be about the proper thing. They look well and are very comfortable. It is possible a winter helmet will be decided upon during the fall.

New Kind of Life Insurance.

For twenty years you can have your life and family against any and all risks from an attack of howl, complaint during the summer months. That is the price of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that can always be depended upon even in the most severe and dangerous cases. It is equally valuable for children and adults. When reduced with water and sweetened it is pleasant to take. This remedy has relieved more pain and suffering and saved the lives of more people than any other medicine in the world. It is almost sure to be needed before the summer is over. Buy it now. For sale by Alvin H. Baigier.

FRIGHTENED HORSES

Dashed Madly Into a House, Giving the Occupants a Narrow Escape.

The friends of Mr. and Mrs. Isaac Lucas have been congratulating the family since a runaway team of horses came dashing onto the front porch of their home on Virginia avenue yesterday morning. Mrs. Lucas had but little time to get her two small children into the house before the frightened team jumped upon the porch, tearing one of the posts supporting the porch away and driving the pole of the wagon through the side of the house and into the front parlor. The horses were stopped, where they had fallen.

The team belonged to the Chester hardware company, of Chester, and were in charge of Harry Mercer. The company will make good the loss sustained through the runaway.

FINGERS CRUSHED

ng Woman Got Them Caught in the Cogs of an Ice Cream Freezer.

Miss Leland Smith, of Railroad street, had two of the fingers of her left hand badly crushed by getting them caught in the cogs of an ice cream freezer at Caldwell's ice cream factory yesterday.

Dr. W. E. Mowen dressed the injured hand and while the wounds are painful, it is thought they will heal rapidly.

Enjoyable Family Reunion.

The family reunion at the home of Mr. and Mrs. D. A. McIntosh was a most pleasant event. There were present all the relatives of the family in this section and quite a number of near friends. Those from a distance were Miss Nancy McIntosh and William Runkin, who will visit some time in the McIntosh home. After a very pleasant afternoon the guests partook of a bounteous supper.

Still Unable to Work.

Harold Hoskins, employed at Laughlin's No. 3, at the decorating kilns, who had his finger split open in a

Stag Hotel and Restaurant

First Class Meals Served at all hours.

J. J. Delaney, Successor to D. A. Devine, Col. Co. Phone No. 66. Bar in Connection.

practice game of ball about ten days ago, has left for his home at Zanesville. He has been unable to work since the accident occurred and as the cut heals very slowly, he will treat the injury at home.

Challenge Issued.

The base ball team of Laughlin's No. 3, whose nine has been greatly strengthened, issues a challenge to any pottery team in East Liverpool or Chester, but prefer games from the Vodrey or West End potteries.

Many Dawsons Attend.

A number of the members of the Dawson family and their friends from Shippingport, Georgetown, Smith's Ferry and the East End are attending the Dawson reunion today at Rock Springs park.

EAST END AFFAIRS.

John Bowers, of Empire, is visiting his friend, James Mitchell, of Ohio avenue.

Ralph and Harlan Finley have returned from Georgetown, where they have been visiting.

Miss Minnie Culp, of Toronto, is visiting her friend, Miss Lizzie Cander, of Railroad street.

Mrs. N. J. Orr, of Pennsylvania avenue, is visiting her sister, Mrs. J. H. Azdell, of Echo Dell.

Miss Cornelia and Master Clyde Supplee are spending their summer vacation with relatives in Lisbon.

Mr. and Mrs. Samuel Dixon returned last night from Atlantic City, where they have been spending a vacation.

Miss Alice Burke, of Parkersburg, who has been visiting her sister, Mrs. Bert McKinney, returned home yesterday.

J. T. Lacey, formerly in business in the East End, has returned from East Fairfield, and is visiting his many friends.

Mrs. Henry Hamilton, of Ft. Wayne, Ind., is visiting her husband, who is employed as an engineer in one of the local potteries.

Members of the Stevenson family, of East Liverpool and vicinity, are holding a reunion at Columbian park. The party numbers about 40.

Sodaker's Rangers and the strong team of the Crockery City Brewing company will do battle on the Columbian park grounds tomorrow afternoon.

Call Family Reunion.

The Call family reunion takes place at Hammondsville today, at which the descendants of David and Ellen Call all expect to be present. David Call, father, died some years ago, but his widow and 12 children all survive—10 of the children live in Jefferson county and two in Columbiana, so that the family is less scattered than is usual. The youngest of the 12 is 24 and the oldest 52—all are married and have families of their own—so that when the roll is called at least 50 Calls are expected to answer.

Go Prepared.

In preparing for your summer outing a little forethought may save you no end of trouble. Mr. John H. Manly, a dry goods merchant, of Belleville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

Yellow clothes are unsightly. Keep them white with Red Cross Bag Blue. All grocers sell large package, 5 cents.

A Woman's Complexion. It is rank foolishness to attempt to remove sallowness or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New size trial bottle, 25 cents; regular size 75 cents. At all druggists.

ALVIN H. BULGER.

First in news, first in everything—the News Review.

FORTUNE AWAITS THE BALL FAMILY

BURGETTSTOWN MAN HAS NEWS FOR THE HEIRS.

The Estate in Scotland, a Large One, Awaits American Claimants.

Among the excursionists from Burgettstown who visited Rock Springs yesterday was J. M. Muter, who resides near Hanlon. Mr. Muter claims to be president of the Pittsburg Marine & Engineering company, and upon his arrival at Chester immediately made inquiry as to where the East Liverpool city hall could be found.

Muter called at the city hall about 11 o'clock and informed the authorities there that he was looking for one J. G. Ball, who, he said, had at one time lived near him at some point down the river. The Hanlon man told a strange story regarding a fortune which was coming to the Ball family from the old country. He said the two families had come from the same part of Scotland, and that the Ball family had moved about so much that they had been lost sight of by their relatives in the old world.

Many changes had taken place since the relatives had become separated, and through the death of some of the Balls in Scotland the family here had inherited a portion of a large fortune. Muter claimed to have received a letter some time ago asking for information concerning the whereabouts of the Balls, and apprising him of the facts in the case. He said the Balls were no relation to him, but that they had been very good friends before the families separated. According to the man's story the fortune was a large one and all of the heirs excepting those of J. G. Ball had been found and settled with. He seemed anxious to locate the East Liverpool family, as he feared it was already too late to claim their share of the estate.

The only Ball that could be located proved to be Harry Ball, the well known potter, but he was not the man. Muter spent nearly all day in the search, but failed to locate his man. He promised to return at some later date and renew the search and said it was not possible he could be mistaken in the town to which his old friends had moved.

JEFFERSON COAL LANDS SOLD FOR HALF MILLION

Valuable Tract Near Mt. Pleasant Bought By Ohio Coal Operators.

The largest coal land deal ever attempted in Jefferson county was consummated Saturday when the Upstill Coal Mining company was sold for an immense sum.

The holdings of the Upstill Coal Mining company include over 3,500 acres of fine coal lands in Jefferson county, surrounding the beautiful city of Mt. Pleasant, and a modern and recently equipped plant. While the exact purchase price was not learned, it is in the neighborhood of a half million dollars.

The purchasers are Calvary Morris, of Cleveland, and C. L. Poston, an extensive coal operator of Columbus.

The owners were: Michael Gallagher, of Mt. Pleasant; W. H. Koch, of the Hitchman mines of Benwood; John F. Hosack, expert coal operator of Bridgeville, Pa.; Joseph Guffey, of Pittsburg, and Edward Hitchman and brothers.

The big deal which was finally consummated last Saturday, has been under consideration for several weeks. Saturday, however, the papers were signed in Wheeling, and on Monday the entire purchase amount in cold cash was paid over. The new owners at once took possession. They will immediately begin the enlargement of the capacity of the mine and it is said will increase the output to 2,000 tons a day. The coal lands practically surround Mt. Pleasant and the operating plant installed by the Upstill company while not a year old, and thoroughly modern and up-to-date will be greatly enlarged to effect the increased output planned for by the new owners. The property is one of the finest in the valley.

DESTRUCTIVE STORM

The Loss of Property in Jamaica Is Estimated at \$10,000,000.

DEATH LIST WILL REACH FIFTY

Effects of Hurricane Greater Than at First Believed—Banana Plantations Destroyed—Trade Practically at a Standstill.

Kingston, Jamaica, Aug. 13.—The south-eastern portion of the island has been completely denuded of its crops, the rivers are flooded and many men were carried out to sea and drowned. Considering the damage to property during the hurricane, the loss of life is comparatively small, though the present estimate is now that the death list will reach 50. Hundreds of persons were injured and there were numerous hairbreadth escapes. The property loss is estimated at \$10,000,000.

The effects of the hurricane upon the island of Jamaica were greater than at first believed. Port Antonio, on the north coast, was completely overwhelmed. Only six houses were left standing there. The United Fruit company's wharves, offices, hotels and plantations were utterly demolished. Port Maria, another town on the north coast, also suffered similarly.

The entire eastern end of the island has been devastated. Villages have been wiped out and public buildings and churches demolished. The destruction of the banana plantations has been complete and the fruit trade is paralyzed for the next 12 months.

The western end of the island, which it was at first supposed had escaped, also suffered considerably, though not to the extent which the eastern end did.

The Norwegian steamer Salvatore de Giorgio was driven ashore at Annotta bay and lies in a dangerous position. Several sailing vessels were wrecked on the north side.

Thousands of houses in Kingston were damaged, the wharves were battered and several coasting vessels were sunk in the harbor. Trade is practically at a standstill.

Havana, Aug. 13.—While high winds and threatening conditions prevail in all the provinces of Cuba, there have been no reports of any important damage. The land telegraph connection with Santiago, which was repeatedly interrupted, has been restored. There was some destruction of crops and small buildings in the province of Pinar del Rio, where the wind appears to have been strongest. Cable connection with all the islands of the West Indies is intact, with the exception of Jamaica, Martinique, Guadeloupe and Dominica.

Washington, Aug. 13.—The tropical storm was apparently central Wednesday afternoon near extreme Western Cuba and receding. It should enter the southeastern gulf of Mexico during Wednesday night and move northward or northeastward during Thursday. Hurricane warnings have been continued from Port Eads to Jupiter and storm warnings from Jacksonville to Charleston.

Boston, Aug. 13.—President A. W. Preston, of the United Fruit company, speaking of the heavy fruit losses in Jamaica by reason of the hurricane, said: "Our cable advices are that the Jamaica fruit crop has been badly damaged by the hurricane, but it is as yet impossible to estimate the damage. It is rather fortunate that the hurricane waited until practically the end of the Jamaica season. If we were dependent upon Jamaica for our fruit supply we would be seriously hampered, but as it is we simply draw more heavily upon other growing sections, principally Costa Rica."

Motorman Killed.

Philadelphia, Aug. 13.—A League Island trolley car was struck by a locomotive on the Pennsylvania railroad at a crossing on the Meadows, in the southern section of the city. James McGovern, the motorman, was killed and United States Marines Morris Davis, Barrett and Jones were injured. The Marines were on their way to the League Island navy yard. They were not seriously hurt.

Withdrawn in a Body.

Wheeling, W. Va., Aug. 13.—The American Sheet Steel company suffered a blow in the withdrawal in a body of the roofing manufacturers of the country from their contract with that branch of the big steel corporation.

Soldiers' Reunion.

Coshocton, O., Aug. 13.—The annual reunion of the men of the Ohio first call for troops of the Civil war will convene in Coshocton next Wednesday, Aug. 19. Judge Voorhees, of this city, will preside.

Vesuvius Still Active.

Rome, Aug. 13.—Mount Vesuvius continues in active eruption. A new crater seems to have been opened, but it is impossible to ascertain this fact definitely, owing to the smoke which surrounds the top of the mountain.

Will Not Discuss Appointment. Manila, Aug. 13.—Governor General William H. Taft refused to discuss his probable appointment as the successor of Secretary Root when the latter retired, saying he had not yet been offered the appointment.

Woman's Nature

Is to love children, and no home can be completely happy without them, yet the ordeal through which the expectant mother must pass usually is so full of suffering, danger and fear that she looks forward to the critical hour with apprehension and dread.

Mother's Friend, by its penetrating and soothing properties, allays nausea, nervousness, and all unpleasant feelings, and so prepares the system for the ordeal that she passes through the event safely and with but little suffering, as numbers have testified and said, "it is worth its weight in gold." \$1.00 per bottle of druggists. Book containing valuable information mailed free.

LIFE PLANT

LIFE PLANT

A WARRANTY GOES WITH THIS MEDICINE

It cures to stay cured—all diseases of the STOMACH—LIVER—KIDNEYS—BLOOD and SKIN DISEASES. Its rapid cures are marvelous. It is a system restorer and tissue builder of the highest standard. There is no failure or disappointment. It does the work quickly and thoroughly—it brings back the color to the cheeks—the lips grow red—the eyes bright—unsightly blotches and pimples disappear—the head is held erect—the step becomes quick and buoyant—sleep is sweet and refreshing. No dreams leave their shadows for the next day—the mind becomes clear and active—appetite and digestion are perfect—the love of life is sweet again and the weak, tired, worn-out, moody and despondent self is buried irrevocably in the past.

Mr. J. C. Lukens, of Tippecanoe, Ohio, says: I have been greatly relieved of Nervousness, Stomach and Kidney Trouble by the use of Life Plant. As a family medicine to keep the blood in order and tone up the system and prevent sickness, I think it stands at the head of the list. Tippecanoe, March 1, 1900.

LIFE PLANT is sold at \$1.00 per bottle—6 bottles \$5.00. Sold by all druggists—sent anywhere on receipt.

MANUFACTURED BY THE LIFE PLANT CO. CANTON, OHIO.

FOR SALE BY WILL REED, CHAS. CRAIG, THE POTTERS' DRUG CO., AND A. H. BULGER.

They All Admire

the beauty and brilliance of a room illuminated by electricity. It saves work, too, for the room will be clean and there won't be any grease or smell. The Electric Light recommends itself by its excellence.

A Cleveland contemporary, noting

the rapid increase in the number of

deer in Connecticut, since the animals

have been protected by law, suggests

the restocking of the Ohio forests with

deer. The idea is not impracticable.

Ohio is no more thickly populated

in its rural districts than Connecticut.

Maine derives a neat income from the

money spent by hunters in that state

every fall. Yet fifty years ago it was

given out that deer and moose had

been almost exterminated from Pine

Tree state forests. Since the legisla-

ture adopted stringent laws for the protection of these animals they have increased until both are very common and farmers who do not get a glimpse of one or two during the season are the exception rather than the rule in many districts.

East Liverpool is going to have a hospital. The contracts for the building have been let, and there is money in sight to pay for this portion of the work. But a building is not a hospital. The furnishing and equipment will cost

sion with the Democracy disturbs Mr. Bryan. He knows that but for Populist aid he would have landed much nearer nowhere than he did.

"Truly," says the Toledo Blade, "Ohio Democrats need a Moses, but if one should appear at least one-half the party would declare him to be an impostor."

The News Review's picnic and outing for the school children is going to be an event that thousands will remember with pleasure. Don't overlook it.

The good old summer time begins to show its age.

OBITUARY

Mrs. Jane Caddes.

Toronto, August 13.—Mrs. Jane Caddes, wife of Samuel P. Caddes, died at the home of her daughter, Mrs. Alfred McGrew, at 9:25 yesterday morning. Her maiden name was Jane Johnson, and she was born in Derry county, Ireland, December 24, 1821. She came to this country August 12, 1847, and settled in Pittsburgh. On June 3, 1850, she married Samuel P. Caddes, and to this union five children were born. Mrs. Jennie Stewart, of East Liverpool, O., died eleven years ago; Samuel W. died in infancy. Her husband and three daughters survive: Mrs. Alfred McGrew, of this city; Mrs. James Fotheringham, also of this city, and Mrs. J. A. Jester, of Steubenville. The funeral services will be held at the home of her daughter, Mrs. McGrew, this evening, conducted by Rev. Mr. Caldwell, of the United Presbyterian church, of which she was a devoted member. Tomorrow morning the body will be taken to Salineville, where the interment will take place.

BANK BOOKKEEPER ARRESTED

Admitted His Guilt and Stated That His Peculations Extended Over Eight Months.

Duluth, Minn., Aug. 13.—E. E. Johnson, bookkeeper for the Commercial Banking company, of this city, was arrested here on a warrant charging him with embezzlement of \$45,000 of the bank's money.

When placed in jail Johnson admitted his guilt and stated that his peculations extended over a period of eight months and that he had been able to deceive his employers by a manipulation of the books. He declared that he had squandered the money in stock speculation. President Charles F. Leland, of the Commercial Banking company, said that he had hoped to tide over the affairs of the bank so that it could continue doing business, but found that this was impossible, and the institution therefore did not open for business this morning. Johnson is 28 years old and unmarried.

General Miles Entertained at Denver.

Denver, Aug. 13.—General Nelson A. Miles and party, en route to San Francisco, arrived in Denver. The general was met at the Union station by many of his old comrades and other prominent citizens and an impromptu reception was held. During the afternoon a reception was given to General Miles by the Loyal Legion and he was also entertained at the Denver club. The party left for the west. In an interview General Miles denied that he was a candidate for the office of commander-in-chief of the Grand Army of the Republic. He said that he hoped to have the honor of nominating General John C. Black for the position, and that if this was not accorded him he would second General Black's nomination.

Verdict of Suicide.

Chicago, Aug. 13.—The coroner's jury at the inquest over the remains of Marie Gordon, of Montgomery, Ala., who died at the Auditorium hotel, returned a verdict finding that the woman committed suicide while despondent by shooting herself. Mrs. Evan-der Lytle, of Murfreesboro, Tenn., the mother of the dead woman, has arrived and will take charge of the remains.

FRIENDS AND VISITORS

Miss Alice Ross is very ill at her home in the East End.

A. P. Cope and his son Walter, of the Northside, are at Atlantic City.

Mr. and Mrs. W. E. Warren, of this city, are the guests of relatives in Lisbon.

Arthur Hall, of Pleasant Heights, is ill at his home with an abscess in his head.

John Kerr and sister, Miss Nellie Kerr, are the guests of relatives near West Point.

Miss Marie Boice, of Lincoln avenue, is visiting friends near Frankfort Springs, Pa.

Mrs. J. L. Swan, of Canton, is the guest of Miss Pearl Swan, of Pennsylvania avenue.

Miss Mary Kinsvatter is spending a part of her vacation the guest of friends in Alliance.

George McCartney, a former resident of this city, was calling on friends here yesterday.

Miss Maude Gill, daughter of Charles Gill, is the guest of her sister, Mrs. Hamilton, of Lisbon.

Mrs. J. W. Potter, of Broadway, left yesterday for Pittsburgh and Buffalo, where she will visit for several weeks.

Dr. J. M. McKinney, the optician, will leave this week for a sojourn of several weeks at Cambridge Springs.

Gilmore Ross and sisters, of Ida street, are visiting their grandparents, Mr. and Mrs. Noah Gilmore, at West point.

M. H. Bough, of East Fifth street, has returned to his home after a visit with relatives in the country north of the city.

Mrs. John Kilmer, of 120 Seventh street, will leave for Barbenton next Monday, where she will make her future home.

Rev. and Mrs. George Sheets, of Allegheny, were the guests yesterday of his uncle, T. B. Murphy, of West Fourth street.

William Stevens has returned to his home in Madison, Ind., after a visit with the family of James Nelson on Avondale street.

Mrs. Henry Brunt, of Market street, left on the morning train for Chicago, where she will visit her daughter, Mrs. Charles Thompson.

Mrs. John Fleck, of New Jersey, and Mrs. T. Stapleton, of New York city, are visiting Mr. and Mrs. Thomas Cannon, of Sixth street.

Thomas McCartney, who resides near West Point, was in the city yesterday calling on friends. He formerly resided in this city.

Mr. and Mrs. H. B. Kirk, of Allegheny, who have been the guests of Dr. and Mrs. W. R. Clark, returned to their home last evening.

Mrs. Ella Kneisley, of Dayton, a talented singer, who is a guest at the home of Ambrose E. Massey, has been invited to sing at St. Stephen's church on Sunday.

Mrs. W. C. Van Fossen, who has been confined to her home on the Lisbon road very ill of pneumonia, is slightly improved, and hopes are now entertained for her recovery.

Mrs. Charles Weaver and daughter Sara, Mrs. J. J. Rose and son Allen and Mrs. Ed C. Hood left on the morning train for Salem, where they will visit relatives for three weeks.

J. T. Culliton and William Richardson, of Trenton, are the guests of H. A. McNicol. Mr. Culliton is a police sergeant and Mr. Richardson a potter. Mr. Richardson's wife is with him.

Mrs. Charles Hall, residing on Avondale street, who severely injured her ankle by a fall yesterday, is suffering considerable pain today. The accident was a peculiar one and the lady was so badly hurt that she will not be able to move about for some time.

Miss Jane Foden, who resides with her father on the Lisbon road, is im-

proving from an attack of typhoid fever. Fred Foden, another member of the family, who has been afflicted with the same disease for several weeks, is no better and his condition is serious.

Miss Josephine Hammond and the Misses Gilmore were called home from their visit to East Liverpool last week, says the Steubenville Gazette, by a telegram announcing the serious illness of Miss Ella in Cincinnati, and Miss Anna went on to Cincinnati and found Miss Robb very ill with pneumonia. A later message has been received from Miss Gilmore, stating that Miss Robb is better and hope is entertained for her recovery.

A Twentieth Century Circus.

Within recent years there has been a noticeable revolution in the methods employed in the management of circuses. In former years the promises of a circus man were considered worthless, and the statements of circus advertisements were invariably discredited.

This is changed now. The modern circus is as a rule in the hands of worthy and honorable men, they are reliable and agreeable in business relations. The greatest and most satisfactory change is in the line of advertising. For instance, the Great Wallace Shows are advertised to appear in East Liverpool on Monday, August 24.

They advertise that they will present certain new and marvelous acts. They name the performers, picture and describe the act, and people can go to the show expecting to see everything as advertised.

It is not a question of whether or not Wallace will show all he advertises, as people have long ago learned that his show is an amusement bargain counter, that the Wallace Circus invariably exhibits a great deal more than it advertises.

REALM OF SPORTS BATTING RECORDS OF THE SWATTERS

Plenty of Figures for the Fan
Faithful Compiled From
News Review's Scores.

MALEY THE REAL LEADER

Among the Players Who Have Been in
Ten Games or More—Gibson Leads
in the Number of Runs And Has
Most Errors.

STANDING OF CITY LEAGUE.

	W.	L.	Pct.
Athletics	7	3	.409
Y. M. C. A.	9	4	.692
Marines	6	5	.545
Carroll Club	7	6	.538
Crocker City	5	5	.500
Shamrocks	3	3	.500
East End Grays	4	9	.308
Eclipse	3	8	.273

Plenty of dope for the fan faithful is provided in the accompanying figures, setting forth the batting records of all the players who have participated in two or more games here with the locals. No accounting is made of the two games that were played away from home, both of which were won by Niles. Neither is an account taken of the two games in the won and lost record of the pitchers' averages. The averages are computed from the scores of the games taken by the News Review's sporting editor.

Pitcher Goode has the best swatting record, but as he played only in two games he is hardly to be considered with the hitters. Chambers made a fine record in the six games he played, turning out an average of .396, and Murphy shows up well with .348. Had Mailey kept up his swatting success of the last few games in which he played he would soon have been at the top, but as it is his average is a good one. The boy wonder got a poor start in the first two games, but he came to the front in a rush.

Among those who have been in the game all season Brown is the leader by a few points over Wallace, quite an unexpected result. Wallace, however, has experienced a slump in sticks work recently, while Brown has been gaining. Altogether nine of the locals have batted .300 or better, but among that number are only three of the regulars.

Gibson has scored more runs and made more errors than any other player and has a swat record of .265. Webb, Emmerling, Lawrence, Winters and Reark, all of whom have played in 10 games or more, are rather shy on the swat output.

Of the pitchers, George Emmerling leads with one game won and none lost, but among the regulars Miller is the premier, with Winters a good second. Both have records to be proud of. Barker has been the most unfortunate of the pitchers, having lost all three of his games.

Wallace is easily the leader in hits for extra bases, although Miller has the record for three-sackers and Win-

IN EVERY Department of Banking We are prepared to serve the people in an acceptable way.

Have You Tried Us?

THE POTTERS NATIONAL BANK.

ters one more homer. Wallace's two-base hits puts him to the good. Three of Chambers' 11 safeties were two-baggers and Mailey also has a good percentage of extra bases.

While Brown is generally credited with being the best base runner, he is 13 runs in the rear of Wallace and has two more hits to his credit. No record of stolen bases is kept by local scorers, but it is generally conceded that Gibson and Brown are the leaders.

The fielding averages of the team will probably never be compiled, but from the error column a good line can be secured on who have been the principal offenders in miscue line. Gibson has a starting record of 29 miscues, all of which were made in short field, for the most part on easy chances or poor throws. In spite of his numerous miscues his average is better than that of Chambers or Stilwell, who have also played at short. Reark and Emmerling are a tie as to the number of hits and runs scored, but the former has been at the bat 15 times more.

Here are the figures:

Players.	G.	A.B.	R.	H.	E.	B.A.
Goode	2	7	3	3	1	.427
Chambers	6	28	6	11	3	.396

Blount Will Pitch.
Manager Reark had a telegram this morning from Pitcher Lawrence, stating that he could not get here in time to pitch either of the Niles games. He has called upon Tally Blount, employed at Lewis Bros., to pitch one of

the games. Blount was a star pitcher until he quit the game, having played with Warren, Ashtabula and other fast teams. He and Blount, the Ohio Works' right fielder, are brothers.

CARROLL CLUB JUMPED TO FOURTH PLACE

Defeated the Eclipse Team Yesterday
Because of Many Field-
ing Errors.

The Carroll club won yesterday and jumped to fourth place over the Crocker City and Shamrocks. The defeated team had the most hits, but played a loose fielding game, piling up 19 errors. One of the features of the game was the work of Jones behind the bat. Dechant struck out 10 men. The score:

CARROLL CLUB.	R.	H.	P.	A.E.
Jones, c.	3	13	0	1
Godwin, 3.	4	2	1	6
Daley, 1b.	2	1	0	0

Seven Diseases Caused by Measles. Dr. Miles' Restora- tive Tonic and Nervine Cured After Thirty-one Years.

"I was a perfectly healthy young man up to February 1871. When my regiment was in Camp Randall I was taken sick with the measles and I did not enjoy good health up to the time I used Dr. Miles' Restorative Nervine and Tonic in 1876. Doctors have made the change to the new paper and on account of this I have tried various remedies but have had no relief. Biting has never helped me. Biliousness, attacks of headache, rheumatism, nasal catarrh, hay fever, asthma, and chronic diarrhoea have taken their turn with me. Thanks to the Nervine and Tonic I am completely restored to health. I have also used Dr. Miles' Anti-Pain Pills with good results and I think that the Dr. Miles Remedies are perfect."—Rev. Hiram Bender, Sparta, Wis.

"I want to say a few good words for Dr. Miles' Restorative Nervine. I have been troubled very much with insomnia since I came to this country. I have never been able to get a good night's sleep. I have tried a lot of good medicine, but without relief. I was finally induced by a wholesale druggist, a personal friend of mine, to try Nervine. I can assure you that I have done a lot of good. I do not find it necessary to use it regularly now but occasionally when I find that I am excessively nervous and restless I again take it up as I always keep a supply on hand. It has never failed to give me the desired relief."—A. Hugen, Publisher "Daily Free-Press" Milwaukee, Wis.

All druggists sell and guarantee free bottle Dr. Miles' Remedies. Send for free book on Nervous and Heart. Address Dr. Miles Medical Co., Elkhart, Ind.

ORDINANCE 770.

An Ordinance Prohibiting the Posting of Signs, Etc.

ABSOLUTE CURE FOR STOMACH TROUBLE

No Matter How Long You Have Had It
NAU'S DYSPEPSIA CURE—
IT CURES THE CAUSE.

For 20 years until within the last 15 months I have been greatly troubled with indigestion and have used a great many remedies without obtaining any permanent relief. About the 15th of June, 1900, I commenced using Nau's Dyspepsia Cure, and am pleased to say that I consider myself entirely cured of all stomach troubles. I have delayed expressing to you my opinion of your valuable remedy until such a time has elapsed as to convince me of my entire recovery. At the time I began to use Nau's Dyspepsia Cure, my health was in a critical condition and my friends had almost given up hopes of my recovery, and I am satisfied in my opinion that had it not been for Nau's Dyspepsia Cure, I would not be alive to write this letter. (Signed) N. M. CHITTH, Cashier La Grande, Oregon National Bank.

For sale by druggists or direct.
 Price, \$1.00 a bottle; 6 bottles, \$5.00.
 The F. Nau Company, 203 Broadway, N. Y.
 Send for Booklet. Also Portland, Ore.

Sold at
HODSON'S DRUG STORE,
 Cor. Fifth and Broadway.

Amount of Theft Overstated.
 Atlantic City, Aug. 13.—The amount of money and value of jewelry stolen by the clerk of the Hotel Chelsea, which was given at \$10,000, will not reach \$1,000. Dr. Thompson, proprietor of the hotel, said that Clerk Smith had taken \$475 in cash, five drafts for \$100 each on the German National bank of Cincinnati, drawn to the order of Edward Pfeiffer, of that city, and a pair of pearl shirt studs.

Big Shipment of Australian Gold.
 Washington, Aug. 13.—Five hundred thousand dollars' worth of Australian gold will arrive at San Francisco on the 17th instant, payment for which will be made in New York by telegraph.

GRAIN-O

THE PURE GRAIN COFFEE

Even children drink Grain-O because they like it and the doctors say it is good for them. Why not? It contains all of the nourishment of the pure grain and none of the poisons of coffee.

TRY IT TO-DAY.
 A. Grocers everywhere; 15c. and 25c. per pack; 75c.

NOW that the heat of summer is here thousands are realizing how low their ambition, vitality and resistance force has become.

They are easily exhausted, heat seems unusually oppressive, feel draggy—all fagged out. They feel the need of a tonic that will build them up from the very foundation; give them strength, life, activity.

Hagee's Cordial of Cod Liver Oil (with Hypophosphites of Lime and Soda) is an ideal summer tonic, a builder—revitalizer—reconstructive that physicians of all schools prescribe for these conditions. Pleasant to take. Contains all the active properties of cod liver oil without the grease.

Sold by all druggists. Prepared by Katharine Chemical Co., St. Louis, Mo.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

Kodol

DIGESTS WHAT YOU EAT

Gives Health to the Sick and Strength to the Weak.
 Bottles only, \$1.00 Size holding 2 1/2 times the trial size, which sells for 50c.

Run Down? Ayer's Sarsaparilla purifies the blood, gives strength to the nerves, and brings color to the cheeks. Ayer's Pills regulate the bowels, cure constipation and biliousness, and aid the digestion. **Lowell, Mass.**

GRAUSTARK

By
GEORGE BARR McCUTCHEON

Copyright, 1931, by Herbert S. Stone

Synopsis of Preceding Chapters.

CHAPTER I.—Grenfell Lorry, a wealthy American globe trotter, stumbles into acquaintance with a charming foreign girl on the train from Denver to Washington. The pair are left behind when the train stops for repairs in West Virginia. Lorry wires ahead to hold the train. He and the unknown girl ride twenty miles at a tearing pace in a mountain coach. Lorry knows it is a dangerous ride. There is no love-making, but a near approach to it as the rolling stage tumbles the passengers about. Lorry dines with the foreign party, consisting of Miss Guggenlocker, Uncle Caspar and Aunt Yvonne. They are natives of Graustark, a country Lorry had never heard of before. Lorry shows the foreigners the sights of Washington. They leave for New York to sail on the Kaiser Wilhelm. Miss Guggenlocker naively calls Lorry her "Ideal American" and invites him to come and see her at Edelweiss. Lorry is wildly infatuated. Lorry hurries to New York. The name Guggenlocker is not on the steamer list. He sees the steamer of Miss G. waves him a kiss from the deck. Lorry joins his old friend, Harry Anguish, an American artist in Paris. Graustark and its capital, Edelweiss, are located by a guide book. The Americans get no trace of the Guggenlockers there. Lorry sees his charmer driving in a carriage with a beautiful companion of her own sex. He gets a glimpse of recognition, but the carriage rolls on, leaving the mystery unsolved. Later he receives a note at his hotel signed Sophia Guggenlocker, inviting him to visit her next day. Lorry is in the city of the Kaiser Wilhelm. Lorry is in the city of the Kaiser Wilhelm. Lorry is in the city of the Kaiser Wilhelm.

CHAPTER XII.
A WAR AND ITS CONSEQUENCES.
 Lorry was removed to another room before dinner, as she had promised.

After they had dined the two strangers were left alone for several hours. Anguish regaled his friend with an enthusiastic dissertation on the charms of the Countess Dagmar, lady in waiting to the princess. In conclusion he said glowingly, his cigar having been out for half an hour or more because his energy had been spent in another direction: "You haven't seen much of her, Lorry. But I tell you she is rare. And she's not betrothed to any of these confounded counts or dukes either. They all adore her, but she's not committed."

"How do you know all this?" demanded Lorry, who but half heard through his dreams.

"Asked her, of course. How in thunder do you suppose?"

"And you've known her but a day! Well, you are progressive!"

"Oh, perfectly natural conversation, you know," explained Anguish composedly. "She began it by asking me if I were married, and I said I wasn't even engaged. Then I asked her if she were married. You see, from the title, you can't tell whether a countess is married or single. She said she wasn't, and I promptly and very properly expressed my amazement. By Jove, she has a will and a mind of her own, that young woman has! She's not going to marry until she finds a man of the right sort, which is refreshing. I like to hear a girl talk like that, especially a pretty girl who can deal in princes, counts and all kinds of nobility when it comes to a matrimonial trade. By Jove, I'm sorry for the princess, though!"

"Sorry for the princess? Why?" asked the other, a bit at once.

"Oh, just because it's not in her power to be so independent. The countess says she cries every night when she thinks of what the poor girl has to contend with."

"Tell me about it."

"I don't know anything to tell. I'm not interested in the princess, and I didn't have the nerve to ask many questions. I do know, however, that she is going to have an unpleasant matrimonial alliance forced upon her in some way."

"That's usual."

"That's what I gather from the countess. Maybe you can pump the countess and get all you want to know in connection with the matter. It's a pretty serious state of affairs, I should say, or she wouldn't be weeping through sympathy."

Lorry recalled a part of the afternoon's sweetly dangerous conversation, and the perspiration stood cold and damp on his brow.

There was a rap at the door, and Anguish hastened to open it. A servant presented Count Halfont's compliments and begged leave to call.

"Shall we see the old boy?" asked Harry.

"Yes, yes," responded the other. The servant understood the sign made by Anguish and disappeared. "Diplomatic call, I suspect."

"He is the prime minister, I understand. Ah, good evening, your excellency! We are honored."

The count had entered the room and was advancing toward the couch, tall, easy and the personification of cordiality.

"I could not retire until I had satisfied myself as to Mr. Lorry's condition and his comfort," said he in his broken English. He seated himself near the couch and bent sharp, anxious eyes on the recumbent figure.

"Oh, he's all right!" volunteered Anguish readily. "Be able to go into battle again tomorrow."

"That is the way with you aggressive Americans, I am told. They never give up until they are dead," said the count courteously. "Your head is better?"

"It does not pain me as it did, and I'm sure I'll be able to get out tomorrow. Thank you very much for your interest," said Lorry. "May I inquire after the health of the Countess Halfont? The excitement of last night has not had an unpleasant effect. I

hope."

"She is with the princess, and both are quite well. Since our war, gentlemen, Graustark women have nothing to acquire in the way of courage and endurance. You, of course, know nothing of the horrors of that war."

"But we would be thankful for the story of it, your excellency. War is a hobby of mine. I read every war scare that gets into print," said Anguish eagerly.

"We of Graustark at present have every reason to recall the last war and bitterly to lament its ending. The war occurred just fifteen years ago—but will the recital tire you, Mr. Lorry? I came to spend a few moments socially and not to go into history. At any other time I shall be—"

"It will please and not tire me. I am deeply interested. Pray, go on," Lorry hastened to say, for he was interested more than the count suspected.

"Fifteen years ago Prince Ganlook of this principality, the father of our princess, became incensed over the depredations of the Axiaphin soldiers who patrolled our border on the north. He demanded restitution for the devastation they had created, but was refused. Graustark is a province comprising some 800 square miles of the best land in this part of the world. Our neighbor is smaller in area and population. Our army was better equipped, but not so hardy. For several months the fighting in the north was in our favor, but the result was that our forces were finally driven back to Edelweiss, backed and battered by the fierce thousands that came over the border. The nation was staggered by the shock, for such an outcome had not been considered possible. We had been too confident. Our soldiers were sick and worn by six months of hard fighting, and the men of Edelweiss—the merchants, the laborers and the nobility itself—flew to arms in defense of the city. For over a month we fought, hundreds of our best and bravest citizens going down to death. They at last began a bombardment of the city. Today you can see the marks on nearly every house in Edelweiss. Hundreds of graves in the valley to the south attest the terrors of that siege. The castle was stormed, and Prince Ganlook, with many of the chief men of the land, met death. The prince was killed in front of the castle gates, from which he had sallied in a last brave attempt to beat off the conquerors. A bronze statue now marks the spot on which he fell. The princess, his wife, was my sister, and as I held the portfolio of finance it was through me that the city surrendered, bringing the siege to an end. Fifteen years ago this autumn—the 20th of November to be explicit—the treaty of peace was signed in Sofia. We were compelled to cede a portion of territory in the far northeast, valuable for its mines. Indemnity was agreed upon by the peace commissioners, amounting to 20,000,000 gavvos, or nearly \$30,000,000 in your money. In fifteen years this money was to be paid, with interest. On the 20th of November, this year, the people of Graustark must pay 25,000,000 gavvos. The time is at hand, and that is why we recall the war so vividly. It means the bankruptcy of the nation, gentlemen."

Neither of his listeners spoke for some moments. Then Lorry broke the silence.

"You mean that the money cannot be raised?" he asked.

"It is not in our treasury. Our people have been taxed so sorely in repelling their homes and in recuperating from the effect of that dreadful invasion that they have been unable to pay the levies. You must remember that we are a small nation and of limited resources. Your nation could secure \$30,000,000 in one hour for the mere asking. To us it is like a death-blow. I am not betraying a state secret in telling you of the sore straits in which we are placed, for every man in the nation has been made cognizant of the true conditions. We are all facing it together."

There was something so quietly heroic in his manner that both men felt pity. Anguish, looking at the military figure, asked:

"You fought through the war, your excellency?"

"I resigned as minister, sir, to go to the front. I was in the first battle and I was in the last," he said simply.

"And the princess—the present ruler, I mean—was a mere child at that time. When did she succeed to the throne?" asked Lorry.

"She was a mere child at that time. When did she succeed to the throne?" asked Lorry.

"She was a mere child at that time. When did she succeed to the throne?" asked Lorry.

"She was a mere child at that time. When did she succeed to the throne?" asked Lorry.

"She was a mere child at that time. When did she succeed to the throne?" asked Lorry.

"She was a mere child at that time. When did she succeed to the throne?" asked Lorry.

"She was a mere child at that time. When did she succeed to the throne?" asked Lorry.

"She was a mere child at that time. When did she succeed to the throne?" asked Lorry.

"She was a mere child at that time. When did she succeed to the throne?" asked Lorry.

"She was a mere child at that time. When did she succeed to the throne?" asked Lorry.

"She was a mere child at that time. When did she succeed to the throne?" asked Lorry.

"She was a mere child at that time. When did she succeed to the throne?" asked Lorry.

"She was a mere child at that time. When did she succeed to the throne?" asked Lorry.

"She was a mere child at that time. When did she succeed to the throne?" asked Lorry.

"She was a mere child at that time. When did she succeed to the throne?" asked Lorry.

Frequent Throbbing Headache.

There's many a cause for headache. Men are not often troubled by headaches. When they are it is generally due to biliousness or indigestion. But women have headaches which seem peculiar to their sex, frequent nervous throbbing headaches. Does it not seem as if such headaches peculiar to women must be at once related to womanly disease? Women who suffer with diseases peculiar to the sex do not realize the drain of vital strength and nerve force they undergo as a consequence of disease. It is this which causes the familiar headaches of sick women.

Dr. Pierce's Favorite Prescription cures such headaches by curing the cause—irregularity, weakening drains, inflammation, ulceration or female weakness. "Favorite Prescription" invigorates and tones up the entire system, encourages the appetite, quiets the nerves and gives refreshing sleep.

"I was troubled with congestion of the uterus and female weakness for five years," writes Mrs. Robt. Kerwin, of Albert, Hastings Co., Ont. "I was so weak and nervous I could hardly do any work. Had severe pain in back, also dizziness and pain in head. My heart would beat so hard and fast at times I would have to sit still till I got all right again. But after taking four bottles of Dr. Pierce's Favorite Prescription and one of his Golden Medical Discovery I felt entirely well. I also used one box of 'Lotion Tablets' and one of 'Suppositories' as directed. All the symptoms of my trouble have disappeared and I am completely cured. I thank you for your kind advice and your medicine."

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

"Oh, the great world does not remember our little history! Within a year after the death of Prince Ganlook his wife, my sister, passed away, dying of a broken heart. Her daughter, their only child, was, according to our custom, crowned at once. She has reigned for fourteen years, and wisely since assuming full power. For three years she has been ruler de facto. She has been frugal and has done all in her power to meet the shadow that is descending."

"And what is the alternative in case the indemnity is not paid?" asked Lorry breathlessly, for he saw something bright in the approaching calamity.

TROUBLE ON LAKE

The Canadian Revenue Cutter
 Fires Upon an American
 Fishing Boat.

WORK FOR STATE DEPARTMENT

One Man Hit in the Leg by a Shot.
 Now in Hospital—The Fishermen
 Say That the Petrel Used Her Small
 Deck Cannon.

Erie, Pa., Aug. 13.—The Silver Spray, a fishing boat, owned here, came into port in a badly shattered condition, due to an encounter in mid lake about noon with the Canadian Revenue cutter Petrel.

The Canadian authorities have had trouble with American fishermen for years, who were poaching on their side of the lake and the Petrel is kept constantly on the lookout for them.

About noon she came upon the Silver Spray on the Canadian side of the lake and at once ordered Captain Chris Schan to stop. The Petrel is a strong steel craft and attempted to ram the American boat before she could comply with the former order. Captain Schan remembering the fate of several other boats from this side, which had been captured and confiscated, two from Erie only last season, decided to try to escape and started ahead at full speed.

The captain of the Petrel when he saw that the Silver Spray was trying to get away, opened fire with all the guns he had on board, and before he ceased firing some 20 shots had struck her. One passed through the smoke-stack into the pilot house, one of which came within a few inches of him, scattering myriad of splinters around his head.

One shot grazed the nose of one of the crew and all the others, of which there were seven, had narrow escapes.

The fact that no one was killed is simply miraculous, as two shots entered the water closet, two in the cabin, two in the roof, three in the after-hurricane deck and the others in various parts of the boat.

The chase was kept up for some little time and Captain Schan was nearly in despair, as his cold water pump refused to work and he was also afraid that his boat might be struck below the water line and sunk. He was very lucky, however, to get across the dividing line, and the Petrel gave up the chase.

The Silver Spray is a double-decker and was for 12 years in service at Buffalo, as a pleasure steamer.

Captain Schan will report the affair to the State Department at Washington, as he says he was only looking for some of his nets which had drifted from this side toward the Canadian shore.

A large number of American fishing boats have been captured on the other side in the last few years and all have been confiscated by the Canadian government. One, however, belonging at Dunkirk, was a few weeks ago ordered returned by Secretary of State.

Erie, Pa., Aug. 12.—The only man injured on the Silver Spray was Frederick Culver, who was hit on the leg by a shot. He is now in the hospital. The fishermen say the Petrel used her small deck cannon.

Washington, Aug. 13.—Up to a late hour the state department had received no advices regarding the occurrence. Acting Secretary of State

Loomis, in the absence of any report from Captain Schan on the subject, declined to make any statement concerning the international aspect of the case.

Remarkable Case of Poisoning.
 Washington, Aug. 13.—A remarkable case of ptomaine poisoning is reported from Ashburne, Va., some 20 miles outside of Washington. A large number of persons had gathered to attend the sale of the dairy farm owned by Senator Stewart, of Nevada. The senator served the prospective buyers a light luncheon consisting of coffee, ham and beef sandwiches. Shortly afterwards at least 50 persons were taken violently ill, suffering from ptomaine poisoning. One after another they fell to the ground, writhing in agony. Horsemen were dispatched in all directions for doctors, and a number responded and took prompt measures to relieve the sufferers.

Attempted Hold Up.
 Glendive, Mont., Aug. 12.—Three masked men attempted to hold up in a Northern Pacific freight car six laborers en route to the wheat fields of the Dakotas. The laborers resisted the demands of the robbers and a general fight ensued, resulting in the killing of Thomas McGowan, of Philadelphia, who was shot through the right lung, and an unknown man, whose body was found in the car later in the day. The robbers escaped uninjured, but two of them were arrested.

Cornerstone Laid.
 Elkins, W. Va., Aug. 13.—The cornerstone of the Davis-Elkins Presbyterian college, to which former United States Senators Elkins and Davis contributed upwards of \$100,000, was laid. Rev. F. H. Barren, pastor of the Davis memorial church, Hon. C. Wood Daley, trustee, and Senator Davis took part in the ceremonies. It is expected that the college building will be completed in time for the 1904-5 scholastic year.

IT IS SERIOUS

Some East Liverpool People Fail to Realize the Seriousness.

The constant aching of bad back, The weariness, the tired feeling, The pains and aches of kidney ills Are serious—if neglected.

Dangerous urinary troubles follow.

An East Liverpool citizen shows you how to avoid them.

Mr. George Mount, of 165 Fourth street, teamster and dealer in coal, says: "For three years I had attacks of kidney complaint, some of them laying me up for two or three weeks at a time. The symptoms were pain in the back, particularly severe when stooping or moving around. Physicians called it lumbago and advised by friends to use Doan's Kidney Pills. I procured two boxes at the W. & W. Pharmacy. They cured me."

Sold for 50 cents a box by all dealers. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no other.
 Sold at the W. & W. Pharmacy.

Subscribers who are going away for the summer months can have the Evening News Review sent to them by notifying this office of the out-of-town address, either by telephone or postal card. Change of address may be made as often as desired. When the change is ordered the old as well as the new address should be given.

HOME AFFAIRS

Brief Notes of a Personal Nature and of Matters About Town.

Gymnasium Classes—The gymnasium classes for business men will at once be resumed at the Y. M. C. A.

No Contagious Diseases—Sanitary Officer Burgess reports the city absolutely free of contagious diseases at present.

Seized With Fainting—Charles Brown was seized with a fainting spell near the Dresden pottery this morning and was taken to his home, Locust alley and Second street, in the patrol. He soon revived.

Stag Party Tonight—A stag party will be given tonight by the Haymakers in Red Men's hall and a great time is expected. An elaborate banquet is one of the features. A musical and literary program has also been arranged.

Heptasoph's Reunion—Handsomely engraved invitations have been issued for the I. O. H. reunion, to be held Wednesday, August 26, at Rock Springs park. Special trains will be run from Greensburg and Pittsburg and a large crowd is expected. The picnic is in celebration of the twenty-fifth anniversary of the order.

Epworth League Report—Mrs. Ara Hawkins, who represented the Epworth League of the First M. E. church at the International Epworth League convention held at Detroit, Mich., during the first week of August, will make a report of the convention before the Epworth League of the First M. E. church on Sunday evening. The report will be of interest to many of the church workers.

Knox fall style hats. Joseph Bros.

"NO CLOTHING FITS LIKE OURS"

Bright Spick Span New Dwellings.

\$2500 Six rooms, slate roof, front and rear porches, cellar, gas, electric light wiring, sanitary plumbing, bath, hot and cold water, golden oak grain throughout, just finished and within five minutes walk of the Diamond, on Minerva street. No hill to climb. Terms—\$500 down, balance \$20 monthly.

\$3100 Seven rooms and finished attic, slate roof, cabinet mantle, good cellar, sanitary plumbing, bath, hot and cold water, electric light wiring, grained in golden oak, front and rear porches. No hill to climb. One half square east of Walnut street on Minerva. Terms—\$500 down and balance \$25 monthly.

\$2175 Six rooms, slate roof, large front porch, good cellar, wired for electricity, bath, hot and cold water, all sanitary plumbing complete, grained in oak, new and never occupied. Within four squares of the Diamond. Terms—\$375 down and \$18 per month.

\$3750 Six room dwelling and store room 20x30 feet. A chance for one who wants a home and to go into the retail grocery business. The location for a grocery store is one of the best in the city, being in a closely built up neighborhood with no stores conveniently located. It is sure to command the trade of its district and neighborhood and it is a grocery store located at this is that make the money. Location overcomes the necessity of meeting ruinous competition and with less expenses and with regular trade the merchant prospers when his contemporary in the city's center does five times the business and makes less. The dwelling is modern, containing bath, hot and cold water, sanitary sewer connections, porches, gas, electric light wiring, china closet, cabinet mantle, etc. This is an opportunity for some one—will it be you? Terms—\$750 down; balance \$30 monthly.

\$1650 Six rooms, slate roof, front, back and side porches, grained inside, well arranged, comfortable and convenient. Good cellar, drilled well with force pump. Lot 40x100. Commands a fine view, is easy of access, within one minute's walk of north side street car line. It is located one-half square east of the Calcutta road just beyond Riverview cemetery. Terms—\$450 down; balance \$10 per month.

Other properties we would note as follows as being on sale with us (particulars furnished upon inquiry). Ten room brick house, lot 33x133, Sixth street, \$5,200; new ten room house, lot 40x100, Ogden street, \$2,500; six room modern house, Spring street, \$2,900; four rooms, water and gas, lot 30x100, Minerva street, \$1,850; ten room modern double house near Second street, \$3,000; four rooms, new, just completed, McKinnon addition, \$1,200; three rooms and small lot, Cadmus street, \$700; two rooms and large lot Gardendale, \$400; four rooms, lot 30x100, Pennsylvania avenue, East End, \$1,450; six rooms, new, Sheridan avenue, \$2,750; five rooms, lot 30x100, Bradshaw avenue, \$1,850; six rooms, furnace, gas, lot 30x100, Eighth street, \$2,400; four rooms, just new, Oakland addition, \$1,200; four rooms, new, Maple street, East End, \$1,250; four rooms, Ohio avenue, East End, \$1,750; seven rooms and five rooms on Third street, \$5,500; seven rooms on Pine street, \$2,500.

Restaurant and dwelling of 12 rooms furnished in part. Well suited and located for a boarding or meal house. See us for terms and price.

We have 25 times as many more properties. Call and see us about any or all of them. We will sell on terms to suit your income. Why pay rent when you can own a home? Don't you know that by paying a dollar on each \$100 you owe will wipe out the debt and interest in ten years? For instance, fifteen dollars paid monthly for ten years will pay off a \$1,500 debt and interest. It's not how much money one spends but how one spends it that makes one's financial weal or woe.

Office open from 8 a. m. to 8 p. m.

SOCIAL EVENTS

DELIGHTFUL PORCH PARTY AT THE HILBERT HOME

A Most Enjoyable Affair in Honor of Miss Muir, of Philadelphia.

Mr. and Mrs. James S. Hilbert, of Pennsylvania avenue, yesterday afternoon and evening, entertained a merry crowd of young folks at a porch party, given in honor of their cousin, Miss Estella Muir, of Philadelphia, who is a guest at the Hilbert home. The affair, though informal, was perfect in all its appointments and delightful throughout. The young people, who arrived early, were given the freedom of the house and the spacious and beautiful lawn surrounding it and found abundant pleasure in music, games and social chat.

At 6 o'clock a superb luncheon was served on the big porch at the front of the house, which had been converted into a genuine bower of beauty. The decorations were in green, white and yellow. Field daisies, ferns and golden glow, all tastefully arranged, with the climbing vines in the foreground, made the temporary dining room a spot of surpassing attractiveness. On the wall at the back of the porch the flowers were arranged in handsome designs, while exquisite refreshments were placed overhead. The refreshments included both dainties and substantial and were served in admirable style, the color scheme being well carried out throughout. The repeat over, the guests put in an hour or two on the lawn, enjoying the refreshing evening air and the beautiful view up and down the Ohio, which flows at the foot of the bluff hundreds of feet below.

Mrs. Hilbert wore a handsome dress of white, with yellow ribbons, and Miss Muir was prettily gowned in white, wearing green ribbons. The aides were in white.

Nothing was lacking to the perfect enjoyment of all the guests. About 8 o'clock the young people said goodbye to their host and hostess, and Miss Muir and her friends adjourned to Rock Springs park pavilion, where all the party enjoyed themselves by dancing until a late hour.

Among the out-of-town guests were Miss Scott, of Cambridge, O.; Miss Wallace, of Chicago, and Miss Morrow, of Washington, Pa.

Rich-Kean.

Invitations have been issued announcing the marriage of Miss Anna Cecelia Rich, daughter of Mr. and Mrs. Leon Rich, of this city, and Samuel Kean, of Philadelphia. The ceremony will be performed on Wednesday, August 19, at 6 o'clock, at the home of the bride, 217 Fourth street. Only the relatives and intimate friends of the contracting parties will witness the ceremony, as performed by Rev. Dr. Levitt, of Steubenville, which will be a pretty and impressive home wedding.

ADDITIONAL PERSONAL.

J. D. Holloway returned this morning from Chicago, where he purchased the fixtures for the new drug store he will open on Sixth street.

Mrs. Mary Richardson, who has been ill several months of typhoid fever, returned to her home in Washington, Pa. Mrs. Richardson came here to nurse her daughter, Mrs. Robert Bair, of Seventh street, and contracted the disease.

SITUATION ALARMING

Heavy Fighting Taking Place With the Insurgents at Monastir.

BATTLE IMMINENT AT KRUSHOVO

The Officials at Sofia Express the Belief That the Intervention of the Powers Alone Can Prevent a Disaster.

Constantinople, Aug. 13.—According to official advices, heavy fighting is taking place in various parts of the district of Monastir, and a battle is imminent at Krushovo, where the insurgents are strongly entrenched. A force of 4,000 Turkish regulars, well armed with artillery, are preparing for the attack.

Sofia, Bulgaria, Aug. 13.—The Bulgarian foreign office has received very disquieting news from its agent at Uskub. The Mussulmans there are daily gathering in the mosques and it is feared that a massacre of the Christians is impending.

Officials here express the belief that the intervention of the powers alone can prevent a disaster.

The whole outbreak in Macedonia came as a great surprise even to the local revolutionary committees, which were not prepared for so early a rising.

The government charges Turkey with doing less to prevent the insurgents from crossing the frontier than Bulgaria, though Turkey maintains four times as many troops along the border. The Turkish soldiers invariably retire to barracks at sunset and remain there until sunrise, leaving free egress to the Macedonian insurgents during the night. The Turks fight bravely during daylight, but dislike skirmishing in the dark.

It is everywhere declared that the present ministry is doing its utmost to check the revolutionary movement, but the situation is reaching a point where circumstances may prove too strong for the cabinet. The growing economic depression in the country constitutes a dangerous factor in the situation. The merchants are unable to obtain credit abroad and are forced to pay cash. The influx of thousands of Macedonians across the border has disorganized the labor market and has become a source of great discontent. The commercial classes declare that the present condition of affairs is no longer endurable; even war, whatever might be the result, would be preferable, as it would be followed by a period of rest.

The ministry is certainly confronted with a complicated problem. The return of Prince Ferdinand is quite indefinite. It is thought now that the premier will visit the prince in Hungary after returning from his inspection of the frontier posts.

An Unsuccessful Lynching.

Whitesboro, Tex., Aug. 13.—An attempted assault on Mrs. Hart caused the arrest of eight negroes, seven of whom were released. The other was held for identification. A mob took possession of him and hanged him to the limb of a tree. He had not been unconscious when officers arrived from Sherman, and making their way through the mob with a rush, out the negro down. He was hurried to Sherman, but there was talk of going there to take him from jail.

Taking of Testimony Completed. Milledgeville, Ga., Aug. 13.—The taking of testimony by the Georgia prison committee in the case of excessive cruelty charged against Warden Allagood has been completed. The voluminous evidence will be submitted to the committee late this week and from this the committee will formulate its report to Governor Terrell.

Atlanta, Ga., Aug. 13.—A bill was passed by the senate of the state legislature prohibiting the whipping of female prisoners at state prisons.

To Build a Camp.

East Port, Me., Aug. 13.—Former President Cleveland, who is a guest at the camp of Joseph Jefferson on Moss island, Lake Umbagog, has declared his intention of building a camp next season on one of the 33 little islands that dot this sheet of water.

DEAD OF THE DAY.

Captain John Hinebaugh. Grafton, W. Va., Aug. 13.—Captain John Hinebaugh, veteran of the Civil war and a lifelong resident of Preston county, is dead of neuralgia of the heart.

Maria Letitia Lish. Baltimore, Aug. 13.—Mrs. Maria Letitia Lish, known as the oldest woman in Baltimore, is dead at the age of 102. She had been an inmate of the Church Home and Infirmary many years. Her husband was a surgeon in the British army and she came to America with him during the Civil war. She preserved her mental faculties to the last.

Senator Cochrane.

Hillhurst, Quebec, Aug. 13.—Senator Cochrane, one of the leading short-horn breeders on this side of the Atlantic, died at his home here. His cattle had won innumerable prizes at all the big shows during the last 30 years. He was also well known as a breeder of hackneys and has carried off many blue ribbons at the New York horse show.

BIG CORPORATION FORMED FOR COAL DEVELOPMENT

Local Men With \$300,000 Capital Propose to Engage Extensively in Mining.

FINE LARGE TRACT HAS BEEN LEASED

A \$300,000 corporation has been formed in this city for the development of coal land in Jefferson county, and work upon the construction of the immense plant will be commenced within a few weeks. The company is made up of East Liverpool and Camden, N. J., capitalists, and the main headquarters offices will be located in this city.

The first move toward the organization of the company was made over a year ago, and it was only within the past few days that the stock has been fully taken up. The officers of the concern are: President, C. Mettsch; vice president, John W. Boch; treasurer, M. E. Miskall; secretary, R. E. Rayman; directors, N. G. Macrum, H. G. Martin, Camden, N. J.; U. G. Smith, Pittsburgh; G. F. Andrews and Robert Burner.

An executive committee consisting of J. W. Boch, Robert Burner and R. E. Rayman has been selected and for the next few months will have its hands full with the details of the gigantic undertaking.

The lease held by the company consists of about 1,500 acres of the most desirable coal land in this section of the country, and it is the intention to construct a coal and coke plant of the capacity of 1,000 tons per day. The machinery for the plant will be made in this city and has already been contracted for. Messrs. Boch and Burner, of the executive department, will start on a tour within a few days that will take them all through the coal regions of Pennsylvania and West Virginia.

It has been left in their hands to determine what character of power shall be used, and they will inspect both the electrical and compressed air methods in order to see which would be the most desirable. A practical engineer is now at work on the plans for the works, and they will be the most modern to be obtained.

The home office of the concern has already been established in the Ikirt building, this city, and the eastern headquarters will be opened at Camden, N. J., within a few days.

SALVATION ARMY TRAINING CLASS

A Praiseworthy Plan to Give Aid to the Sick and Unfortunate.

HELP FOR THE HOSPITAL

To better prepare for its work among the needy sick and unfortunate people of the city, the Salvation Army has decided to inaugurate a training class for ten members of the Young People's Legion. The movement has been under consideration for several months by Adjutant Snider and his assistants and the definite announcement that it would be carried into effect was not made until all the details had been arranged.

It is expected that with a band of ten experienced people, the work of the army can be carried on with a great deal more success. As a result of the course of lectures the members of the above named committee will be able to cope with ordinary cases of sickness and distress in an intelligent and effectual manner.

The lectures are to be commenced next week or as soon as the committee has been named and will be conducted at the army barracks. Mrs. Dr. Cobert has kindly consented to deliver the lectures and she will be assisted by a city physician, who has not yet been named. A thorough training in first aid to the wounded and the sick room will be given.

When the committee begins its work it will be clothed with authority to draw upon the army for supplies in the way of food, clothing or medicines and when necessary to call upon a physician for assistance.

Arrangements are now being made by the officers of the army to furnish a ward at the new city hospital, which will be used in conjunction with the work of the committee.

ATTACKED BY A BABOON

Youngstown Saloonkeeper's Fierce Wild Beast Nearly Took His Life.

Youngstown, August 13.—Timothy Jennings, a saloonkeeper, almost lost his life by an attack made by a huge baboon on him. He had secured the animal as an attraction for his saloon and placed it in the front window.

The chain had become entangled about its neck and Jennings entered the window to untangle it. The animal turned on him and but for the interference of customers he might have been killed.

THE POLICE HARVEST WAS NOT LARGE

Fighters and Drunks the Only Persons Who Were Arrested Last Night.

James Brannon and William Hostler were arrested by Officer McDermott on lower Broadway last night for fighting. The hour was late, and the men had probably been fighting away without interruption for a long time, as their appearance indicated when the officer arrived. The latter called the patrol and the belligerents were taken to jail. Their trouble was apparently far from a settlement when the officer interrupted, as they tried to get at each other after being placed in the patrol. Arriving at the jail the two men were locked up, but later were released upon bail furnished by friends. They will be heard on the charge of fighting probably this evening.

One man who accompanied the Burgettstown excursionists to Rock Springs yesterday will be compelled to pay full fare to his home or walk. He missed the train, and becoming angry over the fact, wanted to fight. No one was willing to accommodate him, but he fell into the hands of the police, and was compelled to spend the night in jail. He gave his name as R. H. Ellender, and was fined \$5 this morning. He gave an order on his employer at Burgettstown and was released.

Officer Saulsbury arrested James O'Neill for intoxication and he with William Smith, who was taken in by Patrolman Woods, were compelled to occupy quarters at the city jail. They were both arraigned this morning and fined \$5, each giving orders upon their employers.

Jack Quinn neglected to secure apartments for the night until it was too late, and concluded to spend the night at the city hall. He entered the woman's department of the jail and lying down, was soon fast asleep. Some of the officers who came in later discovered Quinn and locked the cell door. He arranged for the payment of his fine of \$5 and was released.

LECTURED HIM AND LET HIM GO

Mayor Weaver Treats Charles Donohew in a Very Lenient Manner.

Officer Saulsbury arrested Charles Donohew at noon today and he was brought to the mayor's office to answer a few questions upon which his honor was not clear. The boy had been charged by his step-mother with attempting to kill her with a butcher knife while under the influence of liquor.

The mayor gave the youngster a lecture on the dangers to which he was throwing himself liable in entering saloons when he was not of age and then allowed him to depart.

DRUNKEN MAN WITH A REVOLVER

Shoots a Woman and Then Tries to End His Own Life at Steubenville.

Steubenville, August 13.—Mrs. Lena Kessler Weems was perhaps fatally shot last night by a revolver in the hands of James Johnston. He was intoxicated and was handling the weapon carelessly when it was accidentally discharged and the bullet took effect in her right breast.

Johnston, in desperation, next tried to shoot himself with the revolver, but it would not work and he threw it down the water closet. He was arrested, pending an investigation.

Back From An Outing.

Lisbon, August 13.—(Special)—County Treasurer W. A. Thompson and son Al. returned last night from a ten days' outing in the upper lake regions with a party of friends from Elyria.

ANOTHER CONTRACT LET FOR THE CITY HOSPITAL

The last contract, that for the wood-work, plastering and finishing of the city hospital building, was awarded last night by the building committee of the hospital association, to Claude Nease & Co. The amount involved is \$2,000, making the total cost of the structure \$8,000, the foundation costing \$2,000 and the brick work \$4,000.

By the terms of the contract Nease & Co. are to commence work at the earliest possible time and it is expected that the structure will be ready for the furnishings before the end of the year. A contract will be made at the proper time for the heating system for the building. The committee will investigate several systems before adopting one.

Active work upon the furnishings and appliances will be taken up soon. The association has pledged from a number of societies and others for the equipment of most of the wards. The equipment thus provided is to become the property of the hospital and the wards will be named for the donors. The necessary appliances, such as operating tables and surgical instruments are yet unprovided for.

DEPUTY INSPECTOR IS COMING HERE

Will Look After Factory Conditions and Enforcement of Child Labor Law.

STATUTE MUCH APPROVED

Manufacturers Generally Approve It and Believe That Its Strict Enforcement Results in a Saving of Money For Them.

From a Staff Correspondent.

Columbus, August 13.—State Factory and Workshop Inspector John H. Morgan said today that a general inspection of the factories and workshops in the cities of Columbiana county would be made soon by District Deputy L. W. Ralston, of Mechanics-town, Carroll county, successor to R. M. Hull, of Salineville, who had charge of the Columbiana county district for six years, retiring in 1892.

Deputy Ralston has been working in Jefferson county for some time and from there will go to Columbiana county, probably beginning at East Liverpool. It is the duty of the shop inspector to note whether the law prohibiting employment of child labor is being observed and if buildings are safe and if proper precautions are being observed.

That the law is a benefit to manufacturers, as well as others, is becoming more apparent the longer it is in operation. Many large manufacturing concerns in the state make it a rule to consult with the state department regarding the construction of new buildings and additions to their plants in order that they may be erected along lines which will afford the greatest safety possible to those employed within them. Aside from the humanitarian reasons, it pays from a selfish standpoint to follow this course. Fewer accidents happen and loss through damage suits is rendered remote.

GOING TO ALASKA TO BUY GOLD CLAIMS

W. H. Hepburn and Wife and James J. Costello Leave for the Gold Region.

Lisbon, August 13.—(Special)—W. H. Hepburn and wife and James J. Costello, of this city, will drive to Salem this evening and take the Ft. Wayne flyer to the west for Nome, Alaska, where Messrs. Hepburn and Costello will close the deal for the purchase there of the Ophir Creek Gold company's claims on which they have options.

Work on the development of the claims will be started at once, although it is not expected to accomplish much during the winter months. It is the intention to get everything in shape for a vigorous prosecution of the work as soon as the weather will permit in the spring.

The Ophir Creek company was organized here and most of the stock was subscribed by local people.

Mr. and Mrs. Hepburn and Mr. Costello will sail from Seattle for Nome on August 20 and expect to return in October.

MARIE BELL ARRESTED

Refused to Pay Fare on Street Car, Though She Had Plenty of Coin.

Marie Bell, who was arrested this morning for disorderly conduct on a street car, was arraigned and fined \$8 for the offense. Although she had refused to pay her fare on the street car she had plenty of money and promptly produced the amount of her fine and was released.

THE VACATIONS OF PRIZE WINNERS

Leaders in News Review Popularity Contest Departing on Their Trips.

The prize winners in the News Review popularity contest will soon be in full enjoyment of their well earned vacations. John E. Anderson, who received the second highest number of votes in the contest, and Thomas Neal, who came very close to him and was awarded a third prize, both started for Atlantic City this morning. Mr. Anderson was furnished by the News Review with transportation and expense money for two weeks at this popular resort. Mr. Neal, who was awarded a trip to the lakes, finally decided upon Atlantic City, and the News Review arranged for him to spend his outing there. Both are accompanied by their wives.

Thomas Lounds, winner of the first prize, a trip to Europe, will leave East Liverpool August 28 and will sail the next day from New York for Glasgow, on the Anchor line steamship Columbia. He expects to be gone about six weeks, and besides visiting in Scotland, will visit the Staffordshire and Liverpool districts in England.

ANOTHER PURCHASE OF COAL LANDS

West Point Coal & Coke Company Makes An Important Addition to Its Holdings.

By the purchase of the Joseph Brown farm yesterday, the West Point Coal & Coke company, an extensive corporation, has acquired a valuable addition to its holdings. The sale was made by the administrator of the Brown estate yesterday at West Point and the purchase price was \$2,000, \$500 less than the appraisement. There were but two bidders.

The Brown farm consists of about 113 acres, is contiguous to other holdings of the West Point company, and is considered of great value for its coal deposits. The company has in all about 1,000 acres.

Just when the company will begin the actual work of mining and shipping coal and manufacturing coke has not been determined. A coal road has projected from its property through to this city but nothing has been done in the matter of late. J. L. Francis, prominently connected with the company, who was in the city today on business, refused to discuss this phase of the project. Several of the railways proposed for this section pass through the lands and it may not be necessary for the company to build.

AN AMPUTATION WILL BE NECESSARY

Walter Lodge Will Lose His Leg, But His Life May Be Saved.

Lisbon, August 13.—(Special)—Walter Lodge, a young man who was brought here from Vincennes, Ind., in what was thought to be a dying condition from consumption several months ago, and was taken to the home of his father north of Lisbon, went to Pittsburgh this morning to have his right leg amputated. The operation will be performed in Mercy hospital.

Since his returned home his general health has improved. His right leg had been injured some time before he became ill, resulting in numerous abscesses. He has no use whatever of the member and it will be amputated to within four inches of the thigh.

LIVELY LITIGATION OVER THAT COW

Mrs. Grim Preparing a Suit to Get Possession of the Animal.

As soon as the lawyers' vacation is over there promises to be lively litigation over the possession of the cow alluded to have been stolen from the estate of the late Siphia Goppert by William Grim. Mrs. Kate Grim, mother of the boy who took possession of the cow, is one of the executors of the estate and is now preparing the suit to regain possession of the property.

It has been stated that it was Frederick Goppert who took the cow, but this was an error, as Mr. Goppert is one of the heirs and will be arraigned on the side of Mrs. Grim when the case comes to trial.

In Honor of Her Guest.

In honor of her guest, Miss Stuart, of Trenton, Mrs. H. E. Grouseba gave a pleasant 6 o'clock tea to a number of her friends last evening.

THE AGE LIMIT FIXED BY THE SAFETY BOARD

In the Police Department It Will Be 45 Years and Among Firemen Still Lower.

ACTION TAKEN AFTER MUCH INVESTIGATION

Since the police ordinance has passed the council, and the safety department is no longer handicapped by the absence of a basis to work from, it has developed that the board has been very active during the past several weeks, though the public has not been taken into its confidence.

President Grafton and the members of the board have spent a great deal of time and considerable money in the task of securing data from other cities in Ohio and neighboring states, upon which to establish a starting point in the formation of the rules to control the police and fire departments. Copies of the regulations controlling the departments of the following cities have been secured: Zanesville, Youngstown, Columbus, Cleveland, Canton, New Castle, Pittsburg and Toledo. From these the board has worked, and the rules adopted are thought to be the very best under the circumstances.

The board was guided by the experience of other and larger cities, and in every case the regulations that have been found to be effective and practicable in the opinion of the larger number of people who have had years of experience will be made to serve in East Liverpool. It was but natural that the head of police departments of

such cities as have been named would be in a position to know the needs of the occasion, and on account of the experiments and trials given the many schemes presented by different chiefs of police it was argued that an intelligent idea could be had of what would be best for a city of the size and importance of East Liverpool.

The police rules have been compiled and adopted, but will not be made public until the board has completed the regulation to control the fire department. The members took up the police rules first and they were finished before any time was devoted to the fire department. The question of an age limit, which has been the subject of so much speculation on the part of both press and public, has been made public and is between the ages of 21 and 45. This decision was made only after very careful consideration. It has not been definitely determined at what point the height mark will be placed, but President Grafton stated today that it would be between 5 feet 8 inches and 5 feet 10 inches. This, of course, refers only to the minimum.

It is announced that the rules, when put into effect, will work a wonderful amount of good to the department, and will be of incalculable benefit to the

MASTER HORSESHOERS ANNUAL PICNIC

Great Gathering of the Farriers' Craft at Columbian Park Saturday.

The first annual picnic of the Master Horseshoers' National Protective Association of America will be held at Columbian park next Saturday, August 15. The East Liverpool branch of the association will have charge of the affair, and competent committees have been at work upon the arrangements for several weeks.

The society is one of the strongest and most influential in the United States among the employers, and its members are found in every section of the country. The headquarters officers have started a movement for the establishment of a college in some of the northern states, where horseshoeing will be taught from a scientific standpoint.

The picnic to be held next Saturday will be attended by the members of the trade and their employees from all over this section. Invitations have been issued to the craftsmen at Wellsville, Hookstown, Beaver, Steubenville, Chester, Lisbon, Salem and other surrounding towns in the immediate neighborhood. It will be the aim of the East Liverpool branch to have associations formed where none now exist, and to take other action having for its object the betterment of the general condition of the trade. The main purpose in holding the outing will be to get acquainted and discuss matters of interest to the craft. Finally, it will be the duty of every member of the local association to promote a good feeling and pave the way for more and better intercourse in the future. There will be sports and numerous games. All arrangements have been made and the day will undoubtedly be an enjoyable one for all who attend.

Delightful Day in the Country.

The Woman's Relief Corps yesterday enjoyed a day's outing in St. Clair township, where they were guests at the home of Mr. and Mrs. Frank Conkle. There were 20 ladies of the Woman's Relief Corps in the party who accepted the hospitality of the host and hostess and spent a delightful day in the country.

Arranging for a Play.

The ladies' auxiliary of the Y. M. C. A. is completing arrangements for the play, "The Breach of Promise," which will be given under the auspices of the organization. Colonel Newton is expected to present the play in this city about October 1, and the cast will be arranged in the near future.

MANY HUNDREDS OF THE DAWSONS

Old and Prominent Family Holding Its Annual Picnic at Rock Springs.

A MOST ENJOYABLE AFFAIR

Hundreds of the members of the Dawson family had possession of Rock Springs park today. As early as 8 o'clock members and kindred of the family had put in appearance at the park in order to welcome the arriving guests. Today was the fifth annual reunion of the Dawson family and so busy were the members in enjoying themselves that Secretary H. J. Boyd was unable to get them to attend the meeting for the election of officers which was to have been held in the morning.

The number of members of the Dawson family and connection who were present was estimated this afternoon at 800, and the cars were bringing in many more who could not come any earlier. The change in the date of the outing has kept many from attending, on account of the reunion this year being held in the midst of the harvest season.

The attendance at each of the reunions has been about the same since the organization, of which D. D. Dawson was the first president. He has been succeeded each year as follows: J. L. B. Dawson, of Beaver Falls; George Dawson, of Beaver; Captain W. F. Dawson, of East Liverpool, and this year by J. H. Dawson, of East Liverpool.

H. J. Boyd, of Beaver, has been the secretary of the organization since its inception.

James Mackall, of Georgetown, whose mother was a Dawson, and Miss Catherine Dawson, of Esther, Pa., each close to 80 years of age, were the oldest members present.

All brought a plentiful supply of eatables and refreshments with them and the amusements were patronized liberally. Two games of base ball were played during the afternoon between Smith's Ferry and Hookstown at 2 o'clock and the second game was opened between Georgetown and Fredericktown.

An address will be delivered by Rev. M. B. Pratt in the evening.

Fine job printing—News Review.

News and Notes About The Potteries

THE TWO IMPULSES.

Among the districts of the United States long noted for their available clays the environs of Cincinnati are prominent. There, more than a half-century since, English potters from Staffordshire and other equally famous counties set up their wheels and kilns for making the ordinary wares of household service. This movement drew attention to the rich qualities of the soil, while the continuance and multiplication of such enterprises proved that the pioneers of the movement had made no error of judgment. In the neighborhood of Cincinnati competencies were gained and even fortunes were amassed by the manufacture of "white granite" and stoneware or gres. But fully a quarter of a century elapsed from the founding of the humble potteries until the awakening of the impulse which has made the southwestern city a ceramic art center celebrated throughout the world.

The conditions out of which this impulse grew are interesting at present from a historical point of view. They were two in number and each of national importance. The first condition was the force and prevalence of that sentiment which to the opening of the last quarter of the nineteenth century, drew American women to organize themselves into clubs for objects of education and culture. The second condition was the activity of that enthusiastic patriotism which swept over the United States to greet the centennial year of American independence, assuring by this means the success of the Philadelphia exposition. The combination of the two conditions in the case in point was easy and natural. It resulted in a good to the community which cannot be overestimated. And whenever it is urged that the world's fair of 1876 produced chaos in our national art and that the woman's club movement resulted in nothing save a perversion among its devotees of the domestic instinct, the art potters and potteries of Cincinnati stand in living rebuttal of the accusation.

FAVORS TECHNICAL SCHOOL.

Dr. Reis is an ardent advocate of the establishment as an adjunct of the University of Texas of a special school in which the technology of Texas clays and metals would be taught.

"In such a school," he said, "instruction is given in the technology of clays, cement, gypsum, etc. The methods for testing them both in laboratory and on a practical scale are carried out in considerable detail and the training there given is such as to fit the student not only for investigating these materials in the field, but also fits him to hold a position as general manager of potteries in which these clay, cement and gypsum materials are worked into the finished products. There is a considerable demand at the present time for men having this kind of training. There are now only three such schools in the United States and the work at these is devoted almost entirely to the subject of clay, so that a school of the kind outlined, if established, would fill a long felt want and would aid in the development of the state's resources."

PEORIA NOTES.

Peoria, August 13.—The shop here is running along well and prospects seem bright for a steady run.

William Poyser has arrived and will start to work on the biscuit. Brother Kelly going over to the ghost.

Dick Hobin, apprentice on the biscuit, who has been sick for some time, is still unable to work.

Harris Smith has started to work at Monmouth, jiggering steins, and Baldy Deacon will stick up for him. The stein was modeled by Joseph Chetwynd, of East Liverpool.

Byron Fouts, W. McKeone, Amos Clover and P. Kelly were camp visitors Sunday at Mossville.

Local No. 27 held a special meeting Friday evening and took action on the circular sent out by the national officers.

LEAVES THE SEVRES.

Orlando Ralston, decorating kiln foreman at the Sevres, is working out his notice and will accept a similar position at the Taylor, Smith & Taylor. Mr. Ralston has been in his present position for eight years and his record of efficient and careful work is one to be envied. He is rated one of the best decorating foremen in the west and has always been steady and reliable. Before going to the Sevres Mr. Ralston worked 10 years at the Wallace & Chetwynd plant, so this is his second change in 18 years. He is to be succeeded at the Sevres by Andrew Scullum, of Laughlin No. 1.

A NEW DIPPER.

J. W. Clark, of Cincinnati, has accepted a situation as dipper at the East End. He has been employed lately in the Brockman pottery in the Queen City.

OXFORDS W. H. GASS,

must go, prices reduced to the lowest point, a good selection in Men's Pat. Lea., Velour Calf, Vica and Tan, worth \$3.00, \$3.50 and \$4.00, choice at this sale.

W. H. GASS.

THE WEATHER.

Ohio—Partly cloudy Thursday and Friday; light to fresh northwest winds. Western Pennsylvania—Fair Thursday and Friday; light to fresh north winds. West Virginia—Fair; Friday partly cloudy, probably showers in eastern portion.

NEW STYLE CLOTHES FOR THE POLICE

BOARD OF PUBLIC SAFETY DECIDES ON A CHANGE.

By Next Spring the Cops Will Be Rigged Out in Stylish Uniforms.

It has been decided to make a change in the uniform of East Liverpool's finest, and by next spring it is intended that the new uniforms will be in general use by all the members of the force. There has been little if any change in the manner of dress for the policemen in several years, and as a result the regulation has been neglected somewhat. This has caused the board of public safety to resolve upon a change. The matter has been the subject of some discussion ever since the board organized, but it was only within the last few days that a decision was reached.

It was the intention of the board to consult the wishes of the members of the police force, and the chief was instructed this morning to notify the members that the safety board would meet with them at 6 o'clock last evening for the purpose of comparing notes and swapping ideas. All the members of the force were present at the appointed time, and the board of public safety was also represented by every member. Several of the policemen had but recently invested in new suits, and were naturally opposed to the adoption of anything new or different at this time. President Grafton assured the men that the service board had no other desire than to make the entire matter satisfactory to the members of the force, and asked that each member express himself freely on the subject.

Some objection was also raised to inaugurating a change on account of the time being so short until they would be expected to don their winter duds. By far the more practical idea was advanced by Member Ogilvie and several of the men, and that was for the officers to continue to wear their present uniforms until fall. They would then be using their long overcoats a greater portion of the time. By next spring they would all be needing something new anyway, and the new coats could then be bought. This plan seemed to meet with unanimous favor, and was adopted.

The new regulation will be a short blouse, single breasted and buttoning clear to the neck. The coat will be as near the United States regulation private's blouse as it is possible to make it. A light gray helmet will be adopted for summer and a dark one for winter season. No change is proposed for the winter in the matter of coats, as the overcoat adopted last winter is thought to be about the proper thing. They look well and are very comfortable. It is possible a winter helmet will be decided upon during the fall.

New Kind of Life Insurance.

For twenty years you can have yourself and family against any serious results from an attack of bowel complaint during the summer months. That is the price of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that can always be depended upon even in the most severe and dangerous cases. It is equally valuable for children and adults. When reduced with water and sweetened it is pleasant to take. This remedy has relieved more pain and suffering and saved the lives of more people than any other medicine in the world. It is almost sure to be needed before the summer is over. Buy it now. For sale by Alvin H. Bulger.

EAST END

FRIGHTENED HORSES

Dashed Madly Into a House, Giving the Occupants a Narrow Escape.

The friends of Mr. and Mrs. Isaac Lucas have been congratulating the family since a runaway team of horses came dashing onto the front porch of their home on Virginia avenue, yesterday morning. Mrs. Lucas had but little time to get her two small children into the house before the frightened team jumped upon the porch, tearing one of the posts supporting the porch away and driving the pole of the wagon through the side of the house and into the front parlor. The horses were stopped, where they had fallen.

The team belonged to the Chester hardware company, of Chester, and were in charge of Harry Mercer. The company will make good the loss sustained through the runaway.

FINGERS CRUSHED

ng Woman Got Them Caught in the Cogs of an Ice Cream Freezer.

Miss Leland Smith, of Railroad street, had two of the fingers of her left hand badly crushed by getting them caught in the cogs of an ice cream freezer at Caldwell's ice cream factory yesterday.

Dr. W. E. Mowen dressed the injury hand and while the wounds are painful, it is thought they will heal rapidly.

Enjoyable Family Reunion.

The family reunion at the home of Mr. and Mrs. D. A. McIntosh was a most pleasant event. There were present all the relatives of the family in this section and quite a number of near friends. Those from a distance were Miss Nancy McIntosh and William Runkin, who will visit some time in the McIntosh home. After a very pleasant afternoon the guests partook of a bounteous supper.

Still Unable to Work.

practice game of ball about ten days ago, has left for his home at Zanesville. He has been unable to work since the accident occurred and as the cut heals very slowly, he will treat the injury at home.

Challenge Issued.

The base ball team of Laughlin's No. 3, whose nine has been greatly strengthened, issues a challenge to any pottery team in East Liverpool or Chester, but prefer games from the Vodyre or West End potteries.

Many Dawsons Attend.

A number of the members of the Dawson family and their friends from Shippingport, Georgetown, Smith's Ferry and the East End are attending the Dawson reunion today at Rock Springs park.

EAST END AFFAIRS.

John Bowers, of Empire, is visiting his friend, James Mitchell, of Ohio avenue.

Ralph and Harlan Finley have returned from Georgetown, where they have been visiting.

Miss Minnie Culp, of Toronto, is visiting her friend, Miss Lizzie Cander, of Railroad street.

Mrs. N. J. Orr, of Pennsylvania avenue, is visiting her sister, Mrs. J. H. Azdel, of Echo Dell.

Miss Cornelia and Master Clyde Supplee are spending their summer vacation with relatives in Lisbon.

Mr. and Mrs. Samuel Dixon returned last night from Atlantic City, where they have been spending a vacation.

Miss Alice Burke, of Parkersburg, who has been visiting her sister, Mrs. Bert McKinney, returned home yesterday.

J. T. Lacey, formerly in business in the East End, has returned from East Fairfield, and is visiting his many friends.

Mrs. Henry Hamilton, of Ft. Wayne, Ind., is visiting her husband, who is employed as an engineer in one of the local potteries.

Members of the Stevenson family, of East Liverpool and vicinity, are holding a reunion at Columbian park. The party numbers about 40.

Sodaker's Rangers and the strong team of the Crockery City Brewing company will do battle on the Columbian park grounds tomorrow afternoon.

Call Family Reunion.

The Call family reunion takes place at Hammondsville today, at which the descendants of David and Ellen Call all expect to be present. David Call, the father, died some years ago, but his widow and 12 children all survive—10 of the children live in Jefferson county and two in Columbiana, so that the family is less scattered than is usual. The youngest of the 12 is 24 and the oldest 52—all are married and have families of their own—so that when the roll is called at least 50 Calls are expected to answer.

Go Prepared.

In preparing for your summer outing a little forethought may save you no end of trouble. Mr. John H. Manly, a dry goods merchant, of Belleville, E. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

Yellow clothes are unsightly. Keep them white with Red Cross Bag Blue. All grocers sell large package, 5 cents.

A Woman's Complexion.

It is rank foolishness to attempt to remove sallowness or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New size trial bottle, 25 cents; regular size 75 cents. At all druggists.

ALVIN H. BULGER.

First in news, first in everything—the News Review.

FORTUNE AWAITS THE BALL FAMILY

BURGETTSTOWN MAN HAS NEWS FOR THE HEIRS.

The Estate in Scotland, a Large One, Awaits American Claimants.

Among the excursionists from Burgettstown who visited Rock Springs yesterday was J. M. Muter, who resides near Hanlon. Mr. Muter claims to be president of the Pittsburgh Marine & Engineering company, and upon his arrival at Chester immediately made inquiry as to where the East Liverpool city hall could be found.

Muter called at the city hall about 11 o'clock and informed the authorities there that he was looking for one J. G. Ball, who, he said, had at one time lived near him at some point down the river. The Hanlon man told a strange story regarding a fortune which was coming to the Ball family from the old country. He said the two families had come from the same part of Scotland, and that the Ball family had moved about so much that they had been most sordid of by their relatives in the old world.

Many changes had taken place since the relatives had become separated, and through the death of some of the Balls in Scotland the family here had inherited a portion of a large fortune. Muter claimed to have received a letter some time ago asking for information concerning the whereabouts of the Balls, and apprising him of the facts in the case. He said the Balls were no relation to him, but that they had been very good friends before the families separated. According to the man's story the fortune was a large one and all of the heirs excepting those of J. G. Ball had been found and settled with. He seemed anxious to locate the East Liverpool family, as he feared it was already too late to claim their share of the estate.

The only Ball that could be located proved to be Harry Ball, the well known potter, but he was not the man. Muter spent nearly all day in the search, but failed to locate his man. He promised to return at some later date and renew the search and said it was not possible he could be mistaken in the town to which his old friends had moved.

JEFFERSON COAL LANDS SOLD FOR HALF MILLION

Valuable Tract Near Mt. Pleasant Bought By Ohio Coal Operators.

The largest coal land deal ever attempted in Jefferson county was consummated Saturday when the Upstill Coal Mining company was sold for an immense sum.

The holdings of the Upstill Coal Mining company include over 3,600 acres of fine coal lands in Jefferson county, surrounding the beautiful city of Mt. Pleasant, and a modern and recently equipped plant. While the exact purchase price was not learned, it is in the neighborhood of a half million dollars.

The purchasers are Calvary Morris, of Cleveland, and C. L. Poston, an extensive coal operator of Columbus.

The owners were: Michael Gallagher, of Mt. Pleasant; W. H. Koch, of the Hitchman mines of Benwood, John F. Hosack, expert coal operator of Bridgeville, Pa.; Joseph Guffey, of Pittsburgh, and Edward Hitchman and brothers.

The big deal which was finally consummated last Saturday, has been under consideration for several weeks. Saturday, however, the papers were signed in Wheeling, and on Monday the entire purchase amount in cold cash was paid over. The new owners at once took possession. They will immediately begin the enlargement of the capacity of the mine and it is said will increase the output to 2,000 tons a day. The coal lands practically surround Mt. Pleasant and the operating plant installed by the Upstill company while not a year old, and thoroughly modern and up-to-date will be greatly enlarged to effect the increased output planned for by the new owners. The property is one of the finest in the valley.

How's This?

DESTRUCTIVE STORM

The Loss of Property in Jamaica Is Estimated at \$10,000,000.

DEATH LIST WILL REACH FIFTY

Effects of Hurricane Greater Than at First Believed—Banana Plantations Destroyed—Trade Practically at a Standstill.

Kingston, Jamaica, Aug. 13.—The southeastern portion of the island has been completely denuded of its crops, the rivers are flooded and many men were carried out to sea and drowned. Considering the damage to property during the hurricane, the loss of life is comparatively small, though the present estimate is now that the death list will reach 50. Hundreds of persons were injured and there were numerous hairbreadth escapes. The property loss is estimated at \$10,000,000.

The effects of the hurricane upon the island of Jamaica were greater than at first believed. Port Antonio, on the north coast, was completely overwhelmed. Only six houses were left standing there. The United Fruit company's wharves, offices, hotels and plantations were utterly demolished. Port Maria, another town on the north coast, also suffered similarly.

The entire eastern end of the island has been devastated. Villages have been wiped out and public buildings and churches demolished. The destruction of the banana plantations has been complete and the fruit trade is paralyzed for the next 12 months. The western end of the island, which it was at first supposed had escaped, also suffered considerably, though not to the extent which the eastern end did.

The Norwegian steamer Salvatore de Giorgio was driven ashore at Annotta bay and lies in a dangerous position. Several sailing vessels were wrecked on the north side.

Thousands of houses in Kingston were damaged, the wharves were battered and several coasting vessels were sunk in the harbor. Trade is practically at a standstill.

Havana, Aug. 13.—While high winds and threatening conditions prevail in all the provinces of Cuba, there have been no reports of any important damage. The land telegraph connection with Santiago, which was repeatedly interrupted, has been restored. There was some destruction of crops and small buildings in the province of Pinar del Rio, where the wind appears to have been strongest. Cable connection with all the islands of the West Indies is intact, with the exception of Jamaica, Martinique, Guadeloupe and Dominica.

Washington, Aug. 13.—The tropical storm was apparently central Wednesday afternoon near extreme Western Cuba and receding. It should enter the southeastern gulf of Mexico during Wednesday night and move northward or northeastward during Thursday. Hurricane warnings have been continued from Port Eads to Jupiter and storm warnings from Jacksonville to Charleston.

Boston, Aug. 13.—President A. W. Preston, of the United Fruit company, speaking of the heavy fruit losses in Jamaica by reason of the hurricane, said: "Our cable advices are that the Jamaica fruit crop has been badly damaged by the hurricane, but it is as yet impossible to estimate the damage. It is rather fortunate that the hurricane waited until practically the end of the Jamaica season. If we were dependent upon Jamaica for our fruit supply we would be seriously hampered, but as it is we simply draw more heavily upon other growing sections, principally Costa Rica."

Motorman Killed.

Philadelphia, Aug. 13.—A League Island trolley car was struck by a locomotive on the Pennsylvania railroad at a crossing on the Meadows, in the southern section of the city. James McGovern, the motorman, was killed, and United States Marines Morris Davis, Barrett and Jones were injured. The Marines were on their way to the League Island navy yard. They were not seriously hurt.

Withdrawn in a Body.

Wheeling, W. Va., Aug. 13.—The American Sheet Steel company suffered a blow in the withdrawal in a body of the roofing manufacturers of the country from their contract with that branch of the big steel corporation.

Soldiers' Reunion.

Coshocton, O., Aug. 13.—The annual reunion of the men of the Ohio first call for troops of the Civil war will convene in Coshocton next Wednesday, Aug. 19. Judge Voorhees, of this city, will preside.

Vesuvius Still Active.

Rome, Aug. 13.—Mount Vesuvius continues in active eruption. A new crater seems to have been opened, but it is impossible to ascertain this fact definitely, owing to the smoke which surrounds the top of the mountain.

Will Not Discuss Appointment.

Manila, Aug. 13.—Governor General William H. Taft refused to discuss his probable appointment as the successor of Secretary Root when the latter retired, saying he had not yet been offered the appointment.

Woman's Nature

Is to love children, and no home can be completely happy without them, yet the ordeal through which the expectant mother must pass usually is so full of suffering, danger and fear that she looks forward to the critical hour with apprehension and dread.

Mother's Friend, by its penetrating and soothing properties, allays nausea, nervousness, and all unpleasant feelings, and so prepares the system for the ordeal that she passes through the event safely and with but little suffering, as numbers have testified and said, "it is worth its weight in gold." \$1.00 per bottle of druggists. Book containing valuable information mailed free.

LIFE PLANT THE GREAT DISEASE EXTERMINATOR OF THE 20th CENTURY.

LIFE PLANT A WARRANTY GOES WITH THIS MEDICINE

It cures to stay cured—all diseases of the STOMACH—LIVER—KIDNEYS—BLOOD and SKIN DISEASES. Its rapid cures are marvelous. It is a system restorer and tissue builder of the highest standard. There is no failure or disappointment. It does the work quickly and thoroughly—it brings back the color to the cheeks—the lips grow red—the eyes bright—unightly blotches and pimples disappear—the head is held erect—the step becomes quick and buoyant—sleep is sweet and refreshng. No dreams leave their shadows for the next day—the mind becomes clear and active—appetite and digestion are perfect—the love of life is sweet again and the weak, tired, worn-out, moody and despondent self is buried irrevocably in the past.

Mr. J. C. Lukens, of Tippecanoe, Ohio, says: I have been greatly relieved of Nervousness, Stomach and Kidney Trouble by the use of Life Plant. As a family medicine to keep the blood in order and tone up the system and prevent sickness, I think it stands at the head of the list. Tippecanoe, March 1, 1900.

LIFE PLANT is sold at \$1.00 per bottle—6 bottles \$5.00. Sold by all druggists—sent anywhere on receipt.

MANUFACTURED BY THE LIFE PLANT CO. CANTON, OHIO.

FOR SALE BY WILL REED, CHAS. CRAIG, THE POTTERS' DRUG CO., AND A. H. BULGER.

A Cleveland contemporary, noting

the rapid increase in the number of

deer in Connecticut, since the animals

have been protected by law, suggests

the restocking of the Ohio forests with

deer. The idea is not impracticable.

Ohio is no more thickly populated

in its rural districts than Connecticut.

Maine derives a neat income from the

money spent by hunters in that state

every fall. Yet fifty years ago it was

given out that deer and moose had

been almost exterminated from Pine

Tree state forests. Since the legisla-

ture adopted stringent laws for the

protection of these animals they have

increased until both are very common

and farmers who do not get a glimpse

of one or two during the season are

the exception rather than the rule in

many districts.

East Liverpool is going to have a

hospital. The contracts for the build-

ing have been let, and there is money

in sight to pay for this portion of the

work. But a building is not a hospital.

The furnishing and equipment will cost

sion with the Democracy disturbs Mr. Bryan. He knows that, but for Populist aid he would have landed much nearer nowhere than he did.

"Truly," says the Toledo Blade, "Ohio Democrats need a Moses, but if one should appear at least one-half the party would declare him to be an impostor."

The News Review's picnic and outing for the school children is going to be an event that thousands will remember with pleasure. Don't overlook it.

The good old summer time begins to show its age.

OBITUARY

Mrs. Jane Caddes.

Toronto, August 13.—Mrs. Jane Caddes, wife of Samuel P. Caddes, died at the home of her daughter, Mrs. Alfred McGrew, at 9:25 yesterday morning. Her maiden name was Jane Johnson, and she was born in Derry county, Ireland, December 24, 1821. She came to this country August 12, 1847, and settled in Pittsburg. On June 8, 1850, she married Samuel P. Caddes, and to this union five children were born. Mrs. Jennie Stewart, of East Liverpool, O., died eleven years ago; Samuel W. died in infancy. Her husband and three daughters survive: Mrs. Alfred McGrew, of this city; Mrs. James Fotheringham, also of this city, and Mrs. J. A. Jester, of Steubenville. The funeral services will be held at the home of her daughter, Mrs. McGrew, this evening, conducted by Rev. Mr. Caldwell, of the United Presbyterian church, of which she was a devoted member. Tomorrow morning the body will be taken to Sallineville, where the interment will take place.

BANK BOOKKEEPER ARRESTED

Admitted His Guilt and Stated That His Peculations Extended Over Eight Months.

Duluth, Minn., Aug. 13.—E. E. Johnson, bookkeeper for the Commercial Banking company, of this city, was arrested here on a warrant charging him with embezzlement of \$45,000 of the bank's money.

When placed in jail Johnson admitted his guilt and stated that his peculations extended over a period of eight months and that he had been able to deceive his employers by a manipulation of the books. He declared that he had squandered the money in stock speculation. President Charles F. Leland, of the Commercial Banking company, said that he had hoped to tide over the affairs of the bank so that it could continue doing business, but found that this was impossible, and the institution therefore did not open for business this morning. Johnson is 28 years old and unmarried.

General Miles Entertained at Denver.

Denver, Aug. 13.—General Nelson A. Miles and party, en route to San Francisco, arrived in Denver. The general was met at the Union station by many of his old comrades and other prominent citizens and an impromptu reception was held. During the afternoon a reception was given to General Miles by the Loyal Legion and he was also entertained at the Denver club. The party left for the west. In an interview General Miles denied that he was a candidate for the office of commander-in-chief of the Grand Army of the Republic. He said that he hoped to have the honor of nominating General John C. Black for the position, and that if this was not accorded him he would second General Black's nomination.

Verdict of Suicide.

Chicago, Aug. 13.—The coroner's jury at the inquest over the remains of Marie Gordon of Montgomery, Ala., who died at the Auditorium hotel, returned a verdict finding that the woman committed suicide while despondent by shooting herself. Mrs. Evan-Lytle, of Murfreesboro, Tenn., the mother of the dead woman, has arrived and will take charge of the remains.

FRIENDS AND VISITORS

Miss Alice Ross is very ill at her home in the East End.

A. P. Cope and his son Walter, of the Northside, are at Atlantic City.

Mr. and Mrs. W. E. Warren, of this city, are the guests of relatives in Lisbon.

Arthur Hall, of Pleasant Heights, is ill at his home with an abscess in his head.

John Kerr and sister, Miss Nellie Kerr, are the guests of relatives near West Point.

Miss Marie Boice, of Lincoln avenue, is visiting friends near Frankfort Springs, Pa.

Mrs. J. L. Swan, of Canton, is the guest of Miss Pearl Swan, of Pennsylvania avenue.

Miss Mary Kinsvatter is spending a part of her vacation the guest of friends in Alliance.

George McCartney, a former resident of this city, was calling on friends here yesterday.

Miss Maude Gill, daughter of Charles Gill, is the guest of her sister, Mrs. Hamilton, of Lisbon.

Mrs. J. W. Potter, of Broadway, left yesterday for Pittsburg and Buffalo, where she will visit for several weeks.

Dr. J. M. McKinney, the optician, will leave this week for a sojourn of several weeks at Cambridge Springs.

Gilmore Ross and sisters, of Ida street, are visiting their grandparents, Mr. and Mrs. Noah Gilmore, at West Point.

M. H. Bough, of East Fifth street, has returned to his home after a visit with relatives in the country north of the city.

Mrs. John Kilmer, of 120 Seventh street, will leave for Barberton next Monday, where she will make her future home.

Rev. and Mrs. George Sheets, of Allegheny, were the guests yesterday of his uncle, T. B. Murphy, of West Fourth street.

William Stevens has returned to his home in Madison, Ind., after a visit with the family of James Nelson on Avondale street.

Mrs. Henry Brunt, of Market street, left on the morning train for Chicago, where she will visit her daughter, Mrs. Charles Thompson.

Mrs. John Fleck, of New Jersey, and Mrs. T. Stapleton, of New York city, are visiting Mr. and Mrs. Thomas Cannon, of Sixth street.

Thomas McCartney, who resides near West Point, was in the city yesterday calling on friends. He formerly resided in this city.

Mr. and Mrs. H. B. Kirk, of Allegheny, who have been the guests of Dr. and Mrs. W. R. Clark, returned to their home last evening.

Mrs. Ella Kneisley, of Dayton, a talented singer, who is a guest at the home of Ambrose E. Massey, has been invited to sing at St. Stephen's church on Sunday.

Mrs. W. C. Van Fossen, who has been confined to her home on the Lisbon road very ill of pneumonia, is slightly improved, and hopes are now entertained for her recovery.

Mrs. Charles Weaver and daughter Sara, Mrs. J. J. Rose and son Allen and Mrs. Ed C. Hood left on the morning train for Salem, where they will visit relatives for three weeks.

J. T. Culliton and William Richardson, of Trenton, are the guests of H. A. McNicol. Mr. Culliton is a police sergeant and Mr. Richardson a potter. Mr. Richardson's wife is with him.

Mrs. Charles Hall, residing on Avondale street, who severely injured her ankle by a fall yesterday, is suffering considerable pain today. The accident was a peculiar one and the lady was so badly hurt that she will not be able to move about for some time.

Miss Jane Foden, who resides with her father on the Lisbon road, is im-

proving from an attack of typhoid fever. Fred Foden, another member of the family, who has been afflicted with the same disease for several weeks, is no better and his condition is serious.

Miss Josephine Hammond and the Misses Gilmore were called home from their visit to East Liverpool last week, says the Steubenville Gazette, by a telegram announcing the serious illness of Miss Ella in Cincinnati, and Miss Anna went on to Cincinnati and found Miss Robb very ill with pneumonia. A later message has been received from Miss Gilmore, stating that Miss Robb is better and hope is entertained for her recovery.

A Twentieth Century Circus.

Within recent years there has been a noticeable revolution in the methods employed in the management of circuses. In former years the promises of a circus man were considered worthless, and the statements of circus advertisements were invariably discredited.

This is changed now. The modern circus is as a rule in the hands of worthy and honorable men, they are reliable and agreeable in business relations. The greatest and most satisfactory change is in the line of advertising. For instance, the Great Wallace Shows are advertised to appear in East Liverpool on Monday, August 24.

They advertise that they will present certain new and marvelous acts. They name the performers, picture and describe the act, and people can go to the show expecting to see everything as advertised.

It is not a question of whether or not Wallace will show all he advertises, as people have long ago learned that his show is an amusement bargain counter, that the Wallace Circus invariably exhibits a great deal more than it advertises.

HAY FEVER FOR 27 YEARS

Well Known New England Woman Cured By Hyomei—Cure Was Lasting.

The thousands of discouraged people who dread summer's approach because they think that hay fever cannot be avoided, will read with interest and gratitude the following statement from Helen F. Williams, of Mansfield, Mass.: "For 27 years, from the month of August until heavy frost, I have been afflicted with hay fever, growing worse and worse each year, and of late years I was unable to attend to my work during that period."

"Last summer I fortunately gave Hyomei a trial and I am happy to say that it entirely cured me and I have had no return of the condition since."

This letter is one of the many that have come to the proprietors of Hyomei, and the results following this treatment have been so wonderful that it is proposed at the annual convention of hay fever sufferers to recommend Hyomei to all who are susceptible to this disease.

Hyomei is a treatment for hay fever that combines the latest discoveries of science and the best of common sense. Knowing that a change of climate was the only way in which relief could be obtained, the evolution of Hyomei naturally resulted. By breathing its germ killing and healing balsams, any one can have, at any moment of the day, either in their home, the office or the factory, a climate like that of the White Mountains or other health resorts, where hay fever is unknown.

Will Reed agrees to refund the money to any hay fever sufferer who uses Hyomei if it does not give satisfaction.

WELLSVILLE

MADE NIGHT HIDEOUS

A Prisoner in the City Jail Disturbed Many Persons By His Antics.

Ed. Geisse, better known as "Jabby" Geisse, of Third street, raised a disturbance in the city jail last night from a little before midnight until early this morning, that awoke many people who reside near.

Geisse was arrested two or three days ago on a charge of being drunk and disorderly. The charge was filed by his wife. He was later given a hearing by the mayor and was fined \$5.60, which was promptly paid. Geisse was not sober, however, at the time of his hearing and the mayor refused to release him until he was sober. He was taken with a severe attack of delirium tremens yesterday, with the result that during the night he put all of the windows of the city jail out of commission, not having been locked in his cell and being given the privilege of the corridor, besides otherwise damaging the walls and closets of the city bastille. During all of this time he was making the night miserable for the neighbors of the jail by his wild shouts and yells of "Murder" and "Help." He has quieted down today and is somewhat better.

Landlord Schultz in Town.

M. C. Schultz, of Canandaigua, N. Y., formerly of this city, is in the city for a few days on business. Mr. Schultz was the former proprietor of the Metropole hotel and it was reported yesterday that he was negotiating for the re-purchasing of the hostelry. It is an erroneous report, however, as Mr. Schultz has no such intentions, and furthermore, E. S. Woolweaver, the present proprietor, is not anxious to sell.

Work on Yard Improvements.

Rinehart Bros., the East Liverpool contractors, have already commenced work on their large contract with the Pennsylvania company for the grading work necessary for an extension of the C. & P. railroad yards at the West End. This is one of the largest contracts that has been awarded to any local contractor for a number of years and is second to the contract for the double tracking of the C. & P. road.

Installed Officers.

A party of 21 of the members of the colored order of Twin City lodge No. 18, Knights of Pythias, of this city, including the district deputy, W. M. Payne, went to Lisbon last evening where they assisted in the installation exercises, the officers of Lisbon lodge No. 56 being those installed. The evening was most enjoyably spent. The Wellsville party returned home Thursday morning.

Two Properties Sold.

Two important real estate deals were consummated yesterday through the McGregor agency. The property of Mrs. Thomas Stafford, located on Main street between Fifth and Sixth streets, was sold to Mr. A. Dawson, of Beaver county, for \$4,300. The property of Mrs. Margaret Dixon, located on Center street, was sold to Mrs. Thomas Stafford for \$2,100.

WELLSVILLE SHORT STORIES.

Miss Harriet Junkin, of Tenth street, is visiting relatives in Barnesville. Mrs. Mary Gamble, of Empire, is in the city for a short stay with friends.

Mrs. Ida MacConey, of this city, went to Alliance yesterday to visit friends.

Mrs. Clarence Hamilton, of Congo, was in Toronto yesterday calling on friends.

J. J. Caulfield, of this city, has gone to Dayton, where he will join his wife and family.

Mrs. Seerest, of this city, and her mother, Mrs. Cheatle, of the country,

went to Pittsburg yesterday to visit relatives.

Mrs. Lang, of Salineville, is the guest of her sister, Mrs. May Shirley, of Lisbon street.

A. G. Parsons is reported on the sick list and is confined to his home on Commerce street.

Miss Myrtle Sheets, of Cleveland, who has been visiting friends here for some time, returned to her home.

Miss C. Reeves, of Beaver Falls, Pa., has returned to her home after enjoying a short visit with friends here.

Miss Sara Wilson, of Beaver Falls, Pa., has returned to her home after visiting Wellsville friends for a short time.

Mrs. James Miller, of Steubenville, who has been visiting friends here for the past few days, has returned to her home.

Mr. and Mrs. George Bean, of Sewickley, have returned to their home after spending several days with Wellsville relatives.

Mrs. Otterson and her daughter, Ina, of Eighteenth street, have returned to their home after spending several days with Wheeling friends.

The regular meeting of Fidelity Circle No. 43, Protected Home Circle, will be held Thursday evening in the hall in the MacKenzie block at Main and Ninth streets. It is expected that several new members will be received.

Mr. and Mrs. Ed. Byrne and children of Pittsburg, who have been visiting among friends in the city, have gone to Alliance, where they will visit at the home of Mrs. Byrne's sister.

T. A. McIntosh and wife, of Front street, went to St. Clair township yesterday, where they will enjoy a short visit with Mr. McIntosh's parents.

THREE LIVES CRUSHED OUT.

Without an Instant's Warning a Huge Bell at Top of Stack Crashes Down on Them.

Cleveland, Aug. 13.—The Cleveland Furnace company's plant, just completed at a cost of nearly a million dollars, was the scene of an accident in which three men's lives were instantly crushed out. The dead: Frank Viron, George Peters and Michael Krecji.

The first blowing in of the new blast furnace was to occur and the three men were inside the stack, laying the last course of material, when, without an instant's warning, the huge bell at the top of the stack, 75 feet above where the men were at work, crashed down on them. The bell, which is used to regulate the draught in the stack, weighed six tons, and in falling tilted on its side in such a manner that the bodies could not be reached except from the top of the stack. By lowering ropes the bodies were thus removed. All must have been killed instantly. The financial loss cannot as yet be estimated, but the beginning of operations at the plant will be delayed for some time. It is supposed that the accident was caused by a breakage in some part of the machinery which regulated the raising and lowering of the bell.

FIREMEN CAUSE RIOT IN STREET

A Priest is Attacked in His Carriage and His Driver Has an Arm Broken.

Latrobe, Pa., Aug. 13.—During the firemen's convention a riot occurred in the streets, being caused, it is said, by some firemen. While Father Virgil, of St. Vincent's monastery, was driving a visiting priest to the station he was met by a crowd of firemen. The firemen, it is said, frightened the horse, which plunged about and finally dashed into the crowd of firemen and trampled upon two of them, one being John McGillicuddy. The other managed to get away. Although neither was hurt badly the crowd started jeering at the priests and finally, after having sticks and stones hurled at them, the priests managed to escape.

John Stader, of Station street, whose brother, Charles Stader, of the monastery, had been driving, climbed into the cab and tried to reason with the crowd. He received a shower of missiles. A club struck him on the arm, breaking it, and he was also badly bruised about the head.

Teachers Convene.

Weston, W. Va., Aug. 13.—The Lewis County Teachers' institute convened here. The attendance is a surprise to everybody, and if the number enrolled is any index to the number who will teach this winter there will be enough teachers for all the schools of the county. On the first day 150 teachers enrolled and this number will be augmented by from 25 to 50 during the remaining days of the week. Both the instructors announced are here. Superintendent Losh has appointed A. W. Fisher and J. S. Bailey as the secretaries.

Train Plunges Into River.

Pittsburg, Aug. 13.—Five freight cars and an engine, on the latter the engineer and fireman, plunged over a 10-foot bank into the Allegheny river from the Junction railroad tracks at the foot of Thirty-fourth street. Fireman Frank Geavin had an ankle broken. Both he and the engineer jumped when they felt the first shock of a collision which caused the accident. The engineer, Michael Gibben, escaped entirely, but Geavin became entangled in the curtain on the engine and was thrown to the ground.

BATTLING RECORDS
OF THE SWATTERS

Plenty of Figures for the Fan
Faithful Compiled From
News Review's Scores.

MALEY THE REAL LEADER

Among the Players Who Have Been in
Ten Games or More—Gibson Leads
in the Number of Runs And Has
Most Errors.

STANDING OF CITY LEAGUE.

	W.	L.	Pct.
Athletics	7	3	.692
Y. M. C. A.	9	4	.692
Marines	6	5	.545
Carroll Club	7	6	.538
Crocker City	5	5	.500
Shamrocks	3	3	.500
East End Grays	4	9	.308
Eclipse	3	8	.273

Plenty of dope for the fan faithful is provided in the accompanying figures, setting forth the batting records of all the players who have participated in two or more games here with the locals. No accounting is made of the two games that were played away from home, both of which were won by Niles. Neither is an account taken of the two games in the won and lost record of the pitchers' averages. The averages are computed from the scores of the games taken by the News Review's sporting editor.

Pitcher Goode has the best batting record, but as he played only in two games he is hardly to be considered with the hitters. Chambers made a fine record in the six games he played, turning out an average of .396. Had Mailey kept up his swatting success of the last few games in which he played he would soon have been at the top, but as it is his average is a good one. The boy wonder got a poor start in the first two games, but he came to the front in a rush.

Among those who have been in the game all season Brown is the leader by a few points over Wallace, quite an unexpected result. Wallace, however, has experienced a slump in stick work recently, while Brown has been gaining. Altogether nine of the locals have batted .300 or better, but among that number are only three of the regulars.

Gibson has scored more runs and made more errors than any other player and has a swat record of .265. Webb, Emmerling, Lawrence, Winters and Reark, all of whom have played in 10 games or more, are rather shy on the swat output.

Of the pitchers, George Emmerling leads with one game won and none lost, but among the regulars Miller is the premier, with Winters a good second. Both have records to be proud of. Barker has been the most unfortunate of the pitchers, having lost all three of his games.

Wallace is easily the leader in hits for extra bases, although Miller has the record for three-sackers and Win-

Brights Disease
And DiabetesAnnouncement of the Discovery
of the Cure.

The stockholders of the Jno. J. Fulton Co. of San Francisco, announce to the world the curability of Chronic Bright's Disease and Diabetes based on hundreds of cures and two years of demonstration disclosing about 85% of recoveries. In attestation of these momentous facts we present the names of some of the stockholders, business and professional men of this city, every one of whom had to have previous opinions reversed and be satisfied of the genuineness of the discovery before investing in this corporation, viz: Hon. Barclay Henley, Attorney and ex-member of Congress; Thos. Kirkpatrick, capitalist; Hon. D. M. Burns, President Candleria Mining Co.; A. E. Shattuck, President Pacific States Type Foundry; Edward Mills, President Bullock & Jones Co.; Capt. Roberts, President Sacramento Transportation Co.; D. E. Bender, capitalist; Wm. Sharp, capitalist; W. B. Bradford, Alaska Packers Ass'n; C. W. Clark, capitalist; (Sacramento); G. E. Bailey, Attorney; E. O. Miller, Attorney; Chas. McLane, Agency Director N. Y. Life Ins. Co.; R. D. Sessions, Attorney So. Pac. R. R. Co.; Judge Bigelow, ex-Supreme Judge State of Nevada; Col. D. B. Fairbanks, Cashier Petaluma Savings Bank; and many others.

The list of the cured runs into hundreds and includes druggists and physicians. The 13% of failures was largely among cases that were at death's door and many such recovered.

The Specifics that have at last conquered these dread diseases are known as the Fulton Compounds. The Renal Compound for Bright's and Kidney Disease is \$1; the Diabetes Compound is \$1.50. We have established an agency in your city and you will find pamphlets and Compound at

Will Reed's Pharmacy.

BANK.

ters one more homer. Wallace's two-base licks puts him to the good. Three of Chambers' 11 safeties were two-baggers and Mailey also has a good percentage of extra bases.

While Brown is generally credited with being the best base runner, he is 13 runs in the rear of Wallace and has two more hits to his credit. No record of stolen bases is kept by local scorers, but it is generally conceded that Gibson and Brown are the leaders.

The fielding averages of the team will probably never be compiled, but from the error column a good line can be secured on who have been the principal offenders in miscue line. Gibson has a startling record of 23 miscues, all of which were made in short field, for the most part on easy chances or poor throws. In spite of his numerous misplays his average is better than that of Chambers or Stillwell, who have also played at short. Reark and Emmerling are a tie as to the number of hits and runs scored, but the former has been at the bat 15 times more.

Here are the figures:

Blount Will Pitch.

Manager Reark had a telegram this morning from Pitcher Lawrence, stating that he could not get here in time to pitch either of the Niles games. He has called upon Tally Blount, employed at Lewis Bros., to help out in emergency and he will pitch one of

the games. Blount was a star pitcher until he quit the game, having played with Warren, Ashtabula and other fast teams. He and Blount, the Ohio Works' right fielder, are brothers.

CARROLL CLUB JUMPED
TO FOURTH PLACE

Defeated the Eclipse Team Yesterday
Because of Many Field-
ing Errors.

The Carroll club won yesterday and jumped to fourth place over the Crocker Citys and Shamrocks. The defeated team had the most hits, but played a loose fielding game, piling up 19 errors. One of the features of the game was the work of Jones behind the bat. Dechant struck out 10 men. The score:

CARROLL CLUB.	R.	H.	P.	A.	E.
Jones, c	3	1	13	0	1
Godwin, 3	4	2	1	6	1
Daley, 1b	2	1	9	0	0

Score by Innings.

Carroll Club	1	0	1	4	3	0	1	—	10
Eclipse	0	0	0	1	0	0	3	2	6
Two-base hits—Jones, Daley, Wooliscraft.									
Bases on balls—Off White, 3; off Dechant, 2.									
Struck out—By Wolfe, 4; by Dechant, 10.									
Hit by pitched ball—Nagle.									
Passed balls—Mountford, 2.									
Double plays—Dechant to Hobbs, Godwin to Daley, Wolfe to Rigby to Powell.									
Time—1:50.									
Umpires—McKenna and Jarvis.									

Imperials Won.

The Imperials won a one-sided game from the Hollenden club team yesterday.

day afternoon at Rock Springs park. The score was 21 to 9. Rigby, who started in to pitch for the Hollendens, was very wild, and in one inning forced four runs over the pite.

Athletics vs. Salem.

The East Liverpool Athletics will play Salem at Evans' grove on Saturday.

SPORTING MISCELLANY.

Connie Mack will give Rube Waddell one more chance.

John L. Sullivan thinks Corbett will not last 10 rounds against Jeffries.

Marty Hogan, who was a Red back in '94, is umpiring at Youngstown.

Pitcher Elliott, of the Milwaukee American association team, has received a flattering offer from the Cincinnati National league team.

Cleveland has signed Third Baseman Terry Turner, of the Columbus American association team, and will have his services next year.

Eleven golfers chosen from the Oxford and Cambridge Golfing society have arrived in America and will play the first of a series of matches Wednesday with representatives of several American universities on the links of the Myopia Hunt club, of Hamilton, Mass.

Seven
Diseases Caused by
Measles.Dr. Miles' Restora-
tive Tonic andNervine Cured After
Thirty-one Years.

"I was a perfectly healthy young man up to February 1865. When my regiment was in Camp Randall I was taken sick with the measles and I did not enjoy good health up to the time I used Dr. Miles' Restorative Nervine and Tonic in 1894. Doctors had told me it came from inactivity of the liver. I cannot say how many physicians did treat me but have had all kinds. Dieting has never helped me. Bilelessness, attacks of headache, rheumatism, nasal catarrh, hay fever, asthma, and chronic diarrhoea; have all taken their turn with me. Thanks to the Dr. Miles Remedies are perfect."—Rev. Hiram Bender, Sparta, Wis.

"I want to say a few good words for Dr. Miles' Restorative Nervine. I have been troubled very much with insomnia since I made the change to the new paper and on account of this have tried various remedies without relief. I was finally induced by a wholesale druggist, a personal friend of mine, to try Nervine. I can assure you it has done me a lot of good. I do not find it necessary to take it regularly now but occasionally when I find that I am excessively nervous and restless I again take it up and it always keeps a supply on hand. It has never failed to give me the desired relief."—A. Huggin, Publisher "Daily Free-Press" Milwaukee, Wis.

All druggists sell and guarantee first both Dr. Miles' Remedies. Send for free book on Nervous and Heart Diseases. Address Dr. Miles Medical Co., Elkhart, Ind.

Water department

Disposing of garbage

Section 1. That the police department of the city of East Liverpool, Ohio, shall be composed of the following officers and other members, who shall receive the respective salaries hereinafter

ABSOLUTE CURE FOR STOMACH TROUBLE

No Matter How Long You Have Had It—
NAU'S DYSPEPSIA CURE—
IT CURES THE CAUSE.

For 20 years until within the last 15 months I have been greatly troubled with indigestion and have used a great many remedies without obtaining any permanent relief. About the 15th of June, 1900, I commenced using Nau's Dyspepsia Cure, and am pleased to say that I consider myself entirely cured of all stomach troubles. I have delayed expressing to you my opinion of your valuable remedy until such a time has elapsed as to convince me of my entire recovery. At the time I began to use Nau's Dyspepsia Cure, my health was in a critical condition and my friends had almost given up hope of my recovery. I am now satisfied in my opinion that had it not been for Nau's Dyspepsia Cure, I would not be alive to write this letter. (Signed) S. M. CHURCH, Cashier La Grande, Oregon National Bank.

For sale by druggists or direct.
Price, \$1.00 a bottle; 6 bottles, \$5.00.
The F. Nau Company, 203 Broadway, N. Y.
Send for Booklet.

Sold at
HODSON'S DRUG STORE,
Cor. Fifth and Broadway.

Amount of Theft Overstated.

Atlantic City, Aug. 12.—The amount of money and value of jewelry stolen by the clerk of the Hotel Chelsea, which was given at \$10,000, will not reach \$1,000. Dr. Thompson, proprietor of the hotel, said that Clerk Smith had taken \$475 in cash, five drafts for \$100 each on the German National bank of Cincinnati, drawn to the order of Edward Pfeiffer, of that city, and a pair of pearl shirt studs.

Big Shipment of Australian Gold.
Washington, Aug. 12.—Five hundred thousand dollars' worth of Australian gold will arrive at San Francisco on the 17th instant, payment for which will be made in New York by telegraph.

GRAIN-O

THE PURE
GRAIN COFFEE

Even children drink Grain-O because they like it and the doctors say it is good for them. Why not? It contains all of the nourishment of the pure grain and none of the poisons of coffee.

TRY IT TO-DAY.

Run Down? Ayer's Sarsaparilla purifies the blood, gives strength to the nerves, and brings color to the cheeks. Ayer's Pills regulate the bowels, cure constipation and biliousness, and aid the digestion.

GRAUSTARK

By
GEORGE BARR McCUTCHEON

Copyright, 1901, by Herbert S. Stone

Synopsis of Preceding Chapters.

CHAPTER I.—Grenfell Lorry, a wealthy American globe trotter, stumbles into acquaintance with a charming foreign girl on the train from Denver to Washington. The pair are left behind when the train stops for repairs in West Virginia. Lorry, who is ailing, is held by the girl, who is a dangerous ride on a tearing pace in a mountain coach. Lorry knows it is a dangerous ride. There is no love-making, but a near approach to it as the rolling stage tumbles the passengers about. III.—Lorry dines with the foreign party, consisting of Miss Guggenstocker, Uncle Caspar and Aunt Yvonne. They are natives of Graustark, a country Lorry had never heard of before. IV.—Lorry shows the foreigners the sights of Washington. They leave for New York to sail on the Kaiser Wilhelm. Miss Guggenstocker naively calls Lorry her "Ideal American" and invites him to come and see her at Edelweiss. V.—Wildly infatuated, Lorry hurries to New York. The name Guggenstocker is not on the steamer list. He sees the steamer of Miss G. waves him a kiss from the deck. VI.—Lorry joins his old friend, Harry Anguish, an American artist in Paris. Graustark and its capital, Edelweiss, are located by a guide book. The Americans get no trace of the Guggenstockers there. VII.—Lorry sees his chamber driving in the carriage with a beautiful companion of her own sex. He gets a glimpse of recognition, but the carriage rolls on, leaving the mystery unsolved. Later he receives a note at his hotel signed Sophia Guggenstocker, inviting him to visit her next day. VIII.—In the evening Lorry and Anguish rumble about the grounds of the castle where dwells the court of the princess of Graustark. They overhear a plot to abduct the princess and resolve to capture the plotters red handed. IX.—Following the conspirators, Lorry finds himself in a room where they are designing the plot. X.—Lorry tells the princess of the plot. Mutual recognition; she is Miss Guggenstocker. Darnox, the guard, is in the abduction plot. He tells Lorry with a terrible blow. Anguish to the rescue. XI.—Lorry quartered in the castle. The princess visits him, but forbids all talk of love.

CHAPTER XII.

A WAR AND ITS CONSEQUENCES.

LORRY was removed to another room before dinner, as she had promised.

After they had dined the two strangers were left alone for several hours. Anguish regaled his friend with an enthusiastic dissertation on the charms of the Countess Dagmar, lady in waiting to the princess. In conclusion he said glowingly, his cigar having been out for half an hour or more because his energy had been spent in another direction:

"You haven't seen much of her, Lorry, but I tell you she is rare. And she's not betrothed to any of these confounded counts or dukes either. They all adore her, but she's not committed."

"How do you know all this?" demanded Lorry, who but half heard through his dreams.

"Asked her, of course. How in thunder do you suppose?"

"And you've known her but a day! Well, you are progressive!"

"Oh, perfectly natural conversation, you know," explained Anguish composedly. "She began it by asking me if I were married, and I said I wasn't even engaged. Then I asked her if she were married. You see, from the title, you can't tell whether a countess is married or single. She said she wasn't, and I promptly and very properly expressed my amazement. By Jove, she has a will and a mind of her own, that young woman has! She's not going to marry until she finds a man of the right sort, which is refreshing. I like to hear a girl talk like that, especially a pretty girl who can deal in princes, counts and all kinds of nobility when it comes to a matrimonial trade. By Jove, I'm sorry for the princess, though!"

"Sorry for the princess? Why?" asked the other, alert at once.

"Oh, just because it's not in her power to be so independent. The countess says she cries every night when she thinks of what the poor girl has to contend with."

"Tell me about it."

"I don't know anything to tell. I'm not interested in the princess, and I didn't have the nerve to ask many questions. I do know, however, that she is going to have an unpleasant matrimonial alliance forced upon her in some way."

"That is usual."

"That's what I gather from the countess. Maybe you can pump the countess and get all you want to know in connection with the matter. It's a pretty serious state of affairs, I should say, or she wouldn't be weeping through sympathy."

Lorry recalled a part of the afternoon's sweetly dangerous conversation, and the perspiration stood cold and damp on his brow.

There was a rap at the door, and Anguish hastened to open it. A servant presented Count Halfon's compliments and begged leave to call.

"Shall we see the old boy?" asked Harry.

"Yes, yes," responded the other. The servant understood the sign made by Anguish and disappeared. "Diplomatic call, I suspect."

"He is the prime minister, I understand. Ah, good evening, your excellency! We are honored."

The count had entered the room and was advancing toward the couch, tall, easy and the personification of cordiality.

"I could not retire until I had satisfied myself as to Mr. Lorry's condition and his comfort," said he in his broken English. He seated himself near the couch and bent sharp, anxious eyes on the recumbent figure.

"Oh, he's all right!" volunteered Anguish readily. "Be able to go into battle again tomorrow."

"That is the way with you aggressive Americans, I am told. They never give up until they are dead," said the count courteously. "Your head is better?"

"It does not pain me as it did, and I'm sure I'll be able to get out tomorrow. Thank you very much for your interest," said Lorry. "May I inquire after the health of the Countess Halfon?" The excitement of last night has not had an unpleasant effect. I

Frequent Throbbing Headache.

There's many a cause for headache. Men are not often troubled by headaches. When they are it is generally due to biliousness or indigestion. But women have headaches which seem peculiar to their sex, frequent nervous throbbing headaches. Does it not seem as if such headaches peculiar to women must be at once related to womanly disease? Women who suffer with diseases peculiar to their sex do not realize the drain of vital strength and nerve force they undergo as a consequence of disease. It is this which causes the familiar headaches of sick women.

Dr. Pierce's Favorite Prescription cures such headaches by curing the cause—irregularity, weakening drains, inflammation, ulceration or female weakness. "Favorite Prescription" invigorates and tones up the entire system, encourages the appetite, quiets the nerves and gives refreshing sleep.

"I was troubled with congestion of the uterus and female weakness for five years," writes Mrs. Robt. Kerwin, of Albert, Hastings Co., Ont. "Was so weak and nervous I could hardly do any work. Had severe pain in back, also dizziness and pain in head. My heart would beat so hard and fast at times I would have to sit still till I got all right again. But after taking four bottles of Dr. Pierce's Favorite Prescription and one of his 'Golden Medical Discovery' I felt entirely well. I also used one box of 'Lotion Tablets' and one of 'Suppositories' as directed. All the symptoms of my trouble have disappeared and I am completely cured. I thank you for your kind advice and your medicine."

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

"Oh, the great world does not remember our little history! Within a year after the death of Prince Ganlook his wife, my sister, passed away, dying of a broken heart. Her daughter, their only child, was, according to our custom, crowned at once. She has reigned for fourteen years, and wisely since assuming full power. For three years she has been ruler de facto. She has been frugal and has done all in her power to meet the shadow that is descending."

"And what is the alternative in case the indemnity is not paid?" asked Lorry breathlessly, for he saw something bright in the approaching calamity.

To be Continued.

TROUBLE ON LAKE

The Canadian Revenue Cutter Fires Upon an American Fishing Boat.

WORK FOR STATE DEPARTMENT

One Man Hit in the Leg by a Shot. Now in Hospital—The Fishermen Say That the Petrel Used Her Small Deck Cannon.

Erie, Pa., Aug. 12.—The Silver Spray, a fishing boat, owned here, came into port in a badly shattered condition, due to an encounter in mid-lake about noon with the Canadian Revenue cutter Petrel.

The Canadian authorities have had trouble with American fishermen for years, who were poaching on their side of the lake and the Petrel is kept constantly on the lookout for them.

About noon she came upon the Silver Spray on the Canadian side of the lake and at once ordered Captain Chris Schau to stop. The Petrel is a strong steel craft and attempted to ram the American boat before she could comply with the former order. Captain Schau remembering the fate of several other boats from this side, which had been captured and confiscated, two from Erie only last season, decided to try to escape and started ahead at full speed.

The captain of the Petrel when he saw that the Silver Spray was trying to get away, opened fire with all the guns he had on board, and before he ceased firing some 20 shots had struck her. One passed through the smokestack into the pilot house, one of which came within a few inches of him, scattering myriad of splinters around his head.

One shot grazed the nose of one of the crew and all the others, of which there were seven, had narrow escapes.

The fact that no one was killed is simply miraculous, as two shots entered the water closet, two in the cabin, two in the roof, three in the after-hurricane deck and the others in various parts of the boat.

The chase was kept up for some little time and Captain Schau was nearly in despair, as his cold water pump refused to work and he was also afraid that his boat might be struck below the water line and sunk. He was very lucky, however, to get across the dividing line, and the Petrel gave up the chase.

The Silver Spray is a double-decker and was for 12 years in service at Buffalo, as a pleasure steamer.

Captain Schau will report the affair to the State Department at Washington, as he says he was only looking for some of his nets which had drifted from this side toward the Canadian shore.

A large number of American fishing lugs have been captured on the other side in the last few years and all have been confiscated by the Canadian government. One, however, belonging at Dunkirk, was a few weeks ago ordered returned by Secretary of State Hay.

Erie, Pa., Aug. 12.—The only man injured on the Silver Spray was Frederick Culver, who was hit on the leg by a shot. He is now in the hospital.

The fishermen say the Petrel used her small deck cannon.

Washington, Aug. 12.—Up to a late hour the state department had received no advice regarding the occurrence. Active Secretary of State.

Loomis, in the absence of any report from Captain Schau on the subject, declined to make any statement concerning the international aspect of the case.

Remarkable Case of Poisoning. Washington, Aug. 12.—A remarkable case of ptomaine poisoning is reported from Ashburn, Va., some 20 miles outside of Washington. A large number of persons had gathered to attend the sale of the dairy farm owned by Senator Stewart, of Nevada. The senator served the prospective buyers a light luncheon consisting of coffee, ham and beef sandwiches. Shortly afterwards at least 50 persons were taken violently ill, suffering from ptomaine poisoning. One after another they fell to the ground, writhing in agony. Horsemen were dispatched in all directions for doctors, and a number responded and took prompt measures to relieve the sufferers.

Attempted Hold Up. Glendive, Mont., Aug. 12.—Three masked men attempted to hold up a Northern Pacific freight car six laborers en route to the wheat fields of the Dakotas. The laborers resisted the demands of the robbers and a general fight ensued, resulting in the killing of Thomas McGowan, of Philadelphia, who was shot through the right lung, and an unknown man, whose body was found in the car later in the day. The robbers escaped uninjured, but two of them were arrested.

Cornerstone Laid. Elkins, W. Va., Aug. 12.—The cornerstone of the Davis-Elkins Presbyterian college, to which former United States Senators Elkins and Davis contributed upwards of \$100,000, was laid. Rev. F. H. Barren, pastor of the Davis memorial church; Hon. C. Wood Daley, trustee, and Senator Davis took part in the ceremonies. It is expected that the college building will be completed in time for the 1904-5 scholastic year.

IT IS SERIOUS

Some East Liverpool People Fail to Realize the Seriousness.

The constant aching of back, the weariness, the tired feeling, the pains and aches of kidney ills are serious—if neglected.

Dangerous urinary troubles follow. An East Liverpool citizen shows you how to avoid them.

Mr. George Mount, of 165 Fourth street, teamster and dealer in coal, says: "For three years I had attacks of kidney complaint, some of them laying me up for two or three weeks at a time. The symptoms were pain in the back, particularly severe when stooping or moving around. Physicians called it lumbago and advised by friends to use Doan's Kidney Pills. I procured two boxes at the W. & W. Pharmacy. They cured me."

Sold for 50 cents a box by all dealers. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no other.

Sold at the W. & W. Pharmacy.

Subscribers who are going away for the summer months can have the Evening News Review sent to them by notifying this office of the out-of-town address, either by telephone or postal card. Change of address may be made as often as desired. When the change is ordered the old as well as the new address should be given.

HOME AFFAIRS

Brief Notes of a Personal Nature and of Matters About Town.

Gymnasium Classes—The gymnasium classes for business men will at once be resumed at the Y. M. C. A.

No Contagious Diseases—Sanitary Officer Burgess reports the city absolutely free of contagious diseases at present.

Seized With Fainting—Charles Brown was seized with a fainting spell near the Dresden pottery this morning and was taken to his home, Locust alley and Second street, in the patrol. He soon revived.

Stag Party Tonight—A stag party will be given tonight by the Haymakers in Red Men's hall and a great time is expected. An elaborate banquet is one of the features. A musical and literary program has also been arranged.

Heptasoph's Reunion—Handsome engraved invitations have been issued for the I. O. H. reunion, to be held Wednesday, August 26, at Rock Springs park. Special trains will be run from Greensburg and Pittsburg and a large crowd is expected. The picnic is in celebration of the twenty-fifth anniversary of the order.

Epworth League Report—Mrs. Anna Hawkins, who represented the Epworth League of the First M. E. church at the International Epworth League convention held at Detroit, Mich., during the first week of August, will make a report of the convention before the Epworth League of the First M. E. church on Sunday evening. The report will be of interest to many of the church workers.

Knox fall style hats. Joseph Bros.

Notice.

A special meeting of local union No. 32, Printers and transferers, will be held on Saturday evening in the Rehearsal hall at 5 o'clock sharp. Business of importance. By order of

PRESIDENT.

NOTICE!

ALL MEMBERS OF LOCAL UNION NO. 9, N. B. OF O. P., ARE HEREBY NOTIFIED TO ATTEND THEIR REGULAR MEETING AT 7:30 SHARP FRIDAY EVENING, AUGUST 14. BUSINESS OF IMPORTANCE IN REGARD TO THE LATE CONFERENCE. BY ORDER OF

SECRETARY.

"NO CLOTHING FITS LIKE OURS"

Bright Spick Span New Dwellings.

\$2500 Six rooms, slate roof, front and rear portico, cellar, gas, electric light wiring, sanitary plumbing, bath, hot and cold water, golden oak grain throughout, just finished and within five minutes walk of the Diamond, on Minerva street. No hill to climb. Terms—\$500 down, balance \$20 monthly.

\$3100 Seven rooms and finished attic, slate roof, cabinet mantle, good cellar, sanitary plumbing, bath, hot and cold water, electric light wiring, grained in golden oak, front and rear portico. No hill to climb. One half square east of Walnut street on Minerva. Terms—\$500 down and balance \$25 monthly.

\$2175 Six rooms, slate roof, good cellar, wired for electricity, bath, hot and cold water, all sanitary plumbing complete, grained in oak, new and never occupied. Within four squares of the Diamond. Terms—\$375 down and \$18 per month.

\$3750 Six room dwelling and store room 20x30 feet. A chance for one who wants a home and to go into the retail grocery business. The location for a grocery store is one of the best in the city, being in a closely built up neighborhood with no stores conveniently located. It is sure to command the trade of its district and neighborhood and it is grocery stores located as this is that make the money. Location overcomes the necessity of meeting ruinous competition and with less expenses and with regular trade the merchant prospers when his contemporary in the city's center does five times the business and makes less. The dwelling is modern, containing bath, hot and cold water, sanitary sewer connections, portico, gas, electric light wiring, china closets, cabinet mantle, etc. This is an opportunity for some one—will it be you? Terms—\$750 down; balance \$30 monthly.

\$1650 Six rooms, slate roof, front, back and side portico, grained inside, well arranged, comfortable and convenient. Good cellar, drilled well with force pump. Lot 40x100. Commands a fine view, is easy of access, within one minute's walk of north side street car line. It is located one-half square east of the Calcutta road just beyond Riverview cemetery. Terms—\$450 down; balance \$10 per month.

Other properties we would note as follows as being on sale with us (particulars furnished upon inquiry). Ten room brick house, lot 33x133, Sixth street, \$5,200; new ten room house, lot 40x100, Ogden street, \$2,500; six room modern house, Spring street, \$2,900; four rooms, water and gas, lot 30x100 Minerva street, \$1,850; ten room modern double house near Second street, \$2,000; four rooms, new, just completed, McKinnon addition, \$1,200; three rooms and small lot, Cadmus street, \$700; two rooms and large lot, Gardendale, \$400; four rooms, lot 20x100, Pennsylvania avenue, East End, \$1,450; six rooms, new, Sheridan avenue, \$2,750; five rooms, pantry, lot 30x100, Bradshaw avenue, \$1,850; six rooms, furnace, gas, lot 30x100, Eighth street, \$2,400; four rooms, just new, Oakland addition, \$1,200; four rooms, new, Maple street, East End, \$1,250; four rooms, Ohio avenue, East End, \$1,750; seven rooms and five rooms on Third street, \$5,500; seven rooms on Pine street, \$2,500.

Restaurant and dwelling of 12 rooms furnished in part. Well suited and located for a boarding or meal house. See us for terms and price.

We have 25 times as many more properties. Call and see us about any or all of them. We will sell on terms to suit your income. Why pay rent when you can own a home? Don't you know that by paying a dollar on each \$100 you owe will wipe out the debt and interest in ten years? For instance, fifteen dollars paid monthly for ten years will pay off a \$1,500 debt and interest. It's not how much money one spends but how one spends it that makes one's financial weal or woe.

Office open from 8 a. m. to 8 p. m.

SOCIAL EVENTS

DELIGHTFUL PORCH PARTY AT THE HILBERT HOME

A Most Enjoyable Affair in Honor of Miss Muir, of Philadelphia.

Mr. and Mrs. James S. Hilbert, of Pennsylvania avenue, yesterday afternoon and evening, entertained a merry crowd of young folks at a porch party, given in honor of their cousin, Miss Estella Muir, of Philadelphia, who is a guest at the Hilbert home. The affair, though informal, was perfect in all its appointments and delightful throughout. The young people, who arrived early, were given the freedom of the house and the spacious and beautiful lawn surrounding it and found abundant pleasure in music, games and social chat.

At 6 o'clock a superb luncheon was served on the big porch at the front of the house, which had been converted into a genuine bower of beauty. The decorations were in green, white and yellow. Field daisies, ferns and golden glow, all tastefully arranged, with the climbing vines in the foreground, made the temporary dining room a spot of surpassing attractiveness. On the wall at the back of the porch the flowers were arranged in handsome designs, while exquisite refreshments were placed overhead. The refreshments included both dainties and substantial and were served in admirable style, the color scheme being well carried out throughout. The repast over, the guests put in an hour or two on the lawn, enjoying the refreshing evening air and the beautiful view up and down the Ohio, which flows at the foot of the bluff hundreds of feet below.

Mrs. Hilbert wore a handsome dress of white, with yellow ribbons, and Miss Muir was prettily gowned in white, wearing green ribbons. The aides were in white.

Nothing was lacking to the perfect enjoyment of all the guests. About 8 o'clock the young people said goodbye to their host and hostess, and Miss Muir and her friends adjourned to Rock Springs park pavilion, where all the party enjoyed themselves by dancing until a late hour.

Among the out-of-town guests were Miss Scott, of Cambridge, O.; Miss Wallace, of Chicago, and Miss Morrow, of Washington, Pa.

Rich-Kean.

Invitations have been issued announcing the marriage of Miss Anna Cecilia Rich, daughter of Mr. and Mrs. Leon Rich, of this city, and Samuel Kean, of Philadelphia. The ceremony will be performed on Wednesday, August 19, at 6 o'clock, at the home of the bride, 217 Fourth street. Only the relatives and intimate friends of the contracting parties will witness the ceremony, as performed by Rev. Dr. Levitt, of Steubenville, which will be a pretty and impressive home wedding.

ADDITIONAL PERSONAL.

J. D. Holloway returned this morning from Chicago, where he purchased the fixtures for the new drug store he will open on Sixth street.

Mrs. Mary Richardson, who has been ill several months of typhoid fever, returned to her home in Washington, Pa. Mrs. Richardson came here to nurse her daughter, Mrs. Robert Bair, of Seventh street, and contracted the disease.

SITUATION ALARMING

Heavy Fighting Taking Place With the Insurgents at Monastir.

BATTLE IMMINENT AT KRUSHOVO

The Officials at Sofia Express the Belief That the Intervention of the Powers Alone Can Prevent a Disaster.

Constantinople, Aug. 12.—According to official advices, heavy fighting is taking place in various parts of the district of Monastir, and a battle is imminent at Krushovo, where the insurgents are strongly entrenched. A force of 4,000 Turkish regulars, well armed with artillery, are preparing for the attack.

Sofia, Bulgaria, Aug. 13.—The Bulgarian foreign office has received very disquieting news from its agent at Uskub. The Mussulmans there are daily gathering in the mosques and it is feared that a massacre of the Christians is impending.

Officials here express the belief that the intervention of the powers alone can prevent a disaster.

The whole outbreak in Macedonia came as a great surprise even to the local revolutionary committees, which were not prepared for so early a rising.

The government charges Turkey with doing less to prevent the insurgents from crossing the frontier than Bulgaria, though Turkey maintains four times as many troops along the border. The Turkish soldiers invariably retire to barracks at sunset and remain there until sunrise, leaving free egress to the Macedonian insurgents during the night. The Turks fight bravely during daylight, but dislike skirmishing in the dark.

It is everywhere declared that the present ministry is doing its utmost to check the revolutionary movement, but the situation is reaching a point where circumstances may prove too strong for the cabinet. The growing economic depression in the country constitutes a dangerous factor in the situation. The merchants are unable to obtain credit abroad and are forced to pay cash. The influx of thousands of Macedonians across the border has disorganized the labor market and has become a source of great discontent. The commercial classes declare that the present condition of affairs is no longer endurable; even war, whatever might be the result, would be preferable, as it would be followed by a period of rest.

The ministry is certainly confronted with a complicated problem. The return of Prince Ferdinand is quite indefinite. It is thought now that the premier will visit the prince in Hungary after returning from his inspection of the frontier posts.

An Unsuccessful Lynching.

Whitesboro, Tex., Aug. 13.—An attempted assault on Mrs. Hart caused the arrest of eight negroes, seven of whom were released. The other was held for identification. A mob took possession of him and hanged him to the limb of a tree. He had not been unconscious when officers arrived from Sherman, and making their way through the mob with a rush, cut the negro down. He was hurried to Sherman, but there was talk of going there to take him from jail.

Taking of Testimony Completed.

Milledgeville, Ga., Aug. 13.—The taking of testimony by the Georgia prison committee in the case of excessive cruelty charged against Warden Allagood has been completed. The voluminous evidence will be submitted to the committee late this week and from this the committee will formulate its report to Governor Terrell.

Atlanta, Ga., Aug. 13.—A bill was passed by the senate of the state legislature prohibiting the whipping of female prisoners at state prisons.

To Build a Camp.

East Port, Me., Aug. 13.—Former President Cleveland, who is a guest at the camp of Joseph Jefferson on Moss island, Lake Umbagog, has declared his intention of building a camp next season on one of the 33 little islands that dot this sheet of water.

DEAD OF THE DAY.

Captain John Hinebaugh. Grafton, W. Va., Aug. 13.—Captain John Hinebaugh, veteran of the Civil war and a lifelong resident of Preston county, is dead of neuralgia of the heart.

Maria Letitia Lish.

Baltimore, Aug. 13.—Mrs. Maria Letitia Lish, known as the oldest woman in Baltimore, is dead at the age of 102. She had been an inmate of the Church Home and Infirmary many years. Her husband was a surgeon in the British army and she came to America with him during the Civil war. She preserved her mental faculties to the last.

Senator Cochran.

Hillhurst, Quebec, Aug. 13.—Senator Cochran, one of the leading short-horn breeders on this side of the Atlantic, died at his home here. His cattle had won innumerable prizes at all the big shows during the last 30 years. He was also well known as a breeder of hackneys and has carried off many blue ribbons at the New York horse show.

BIG CORPORATION FORMED FOR COAL DEVELOPMENT

Local Men With \$300,000 Capital Propose to Engage Extensively In Mining.

FINE LARGE TRACT HAS BEEN LEASED

A \$300,000 corporation has been formed in this city for the development of coal land in Jefferson county, and work upon the construction of the immense plant will be commenced within a few weeks. The company is made up of East Liverpool and Camden, N. J., capitalists, and the main headquarters offices will be located in this city.

The first move toward the organization of the company was made over a year ago, and it was only within the past few days that the stock has been fully taken up. The officers of the concern are: President, C. Metsch; vice president, John W. Boch; treasurer, M. E. Miskall; secretary, R. E. Rayman; directors, N. G. Macrum, H. G. Martin, Camden, N. J.; U. G. Smith, Pittsburgh; G. F. Andrews and Robert Burner.

An executive committee consisting of J. W. Boch, Robert Burner and R. E. Rayman has been selected and for the next few months will have its hands full with the details of the gigantic undertaking.

The lease held by the company consists of about 1,500 acres of the most desirable coal land in this section of the country, and it is the intention to construct a coal and coke plant of the capacity of 1,000 tons per day. The machinery for the plant will be made in this city and has already been contracted for. Messrs. Boch and Burner, of the executive department, will start on a tour within a few days that will take them all through the coal regions of Pennsylvania and West Virginia.

It has been left in their hands to determine what character of power shall be used, and they will inspect both the electrical and compressed air methods in order to see which would be the most desirable. A practical engineer is now at work on the plans for the works, and they will be the most modern to be obtained.

The home office of the concern has already been established in the 11th building, this city, and the eastern headquarters will be opened at Camden, N. J., within a few days.

SALVATION ARMY TRAINING CLASS

A Praiseworthy Plan to Give Aid to the Sick and Unfortunate.

HELP FOR THE HOSPITAL

To better prepare for its work among the needy sick and unfortunate people of the city, the Salvation Army has decided to inaugurate a training class for ten members of the Young People's Legion. The movement has been under consideration for several months by Adjutant Snider and his assistants and the definite announcement that it would be carried into effect was not made until all the details had been arranged.

It is expected that with a band of ten experienced people, the work of the army can be carried on with a great deal more success. As a result of the course of lectures the members of the above named committee will be able to cope with ordinary cases of sickness and distress in an intelligent and effectual manner.

The lectures are to be commenced next week or as soon as the committee has been named and will be conducted at the army barracks. Mrs. Dr. Cobert has kindly consented to deliver the lectures and she will be assisted by a city physician, who has not yet been named. A thorough training in first aid to the wounded and the sick room will be given.

When the committee begins its work it will be clothed with authority to draw upon the army for supplies in the way of food, clothing or medicines and when necessary to call upon a physician for assistance.

Arrangements are now being made by the officers of the army to furnish a ward at the new city hospital, which will be used in conjunction with the work of the committee.

ATTACKED BY A BABOON

Youngstown Saloonkeeper's Fierce Wild Beast Nearly Took His Life.

Youngstown, August 13.—Timothy Jennings, a saloonkeeper, almost lost his life by an attack made by a huge baboon on him. He had secured the animal as an attraction for his saloon and placed it in the front window.

The chain had become entangled about its neck and Jennings entered the window to untangle it. The animal turned on him and but for the interference of customers he might have been killed.

Diphtheria Scare Subsiding.
Lisbon, August 13.—(Special)—The fright on account of the epidemic of diphtheria is subsiding, the two patients who are now ill with the disease being convalescent. There was one death, a 4-year-old daughter of Mr. and Mrs. Paul Crawford. Their 6-year-old daughter Nellie is recovering from the disease and the remaining patient is Mrs. Andrew McDevitt. Dr. W. C. Nevin has been in attendance on all the cases.

Home news complete in this paper.

THE POLICE HARVEST WAS NOT LARGE

Fighters and Drunks the Only Persons Who Were Arrested Last Night.

James Brannon and William Hoster were arrested by Officer McDermott on lower Broadway last night for fighting. The hour was late, and the men had probably been fighting away without interruption for a long time, as their appearance indicated when the officer arrived. The latter called the patrol and the belligerents were taken to jail. Their trouble was apparently far from a settlement when the officer interrupted, as they tried to get at each other after being placed in the patrol. Arriving at the jail the two men were locked up, but later were released upon bail furnished by friends. They will be heard on the charge of fighting probably this evening.

One man who accompanied the Burgettstown excursionists to Rock Springs yesterday will be compelled to pay full fare to his home or walk. He missed the train, and becoming angry over the fact, wanted to fight. No one was willing to accommodate him, but he fell into the hands of the police, and was compelled to spend the night in jail. He gave his name as R. H. Ellender, and was fined \$5 this morning. He gave an order on his employer at Burgettstown and was released.

Officer Saulsbury arrested James O'Neill for intoxication and he with William Smith, who was taken in by Patrolman Woods, were compelled to occupy quarters at the city jail. They were both arraigned this morning and fined \$5, each giving orders upon their employers.

Jack Quinn neglected to secure apartments for the night until it was too late, and concluded to spend the night at the city hall. He entered the woman's department of the jail and lying down, was soon fast asleep. Some of the officers who came in later discovered Quinn and locked the cell door. He arranged for the payment of his fine of \$5 and was released.

LECTURED HIM AND LET HIM GO

Mayor Weaver Treats Charles Donohew in a Very Lenient Manner.

Officer Saulsbury arrested Charles Donohew at noon today and he was brought to the mayor's office to answer a few questions upon which his honor was not clear. The boy had been charged by his step-mother with attempting to kill her with a butcher knife while under the influence of liquor.

The mayor gave the youngster a lecture on the dangers to which he was throwing himself liable in entering saloons when he was not of age and then allowed him to depart.

DRUNKEN MAN WITH A REVOLVER

Shoots a Woman and Then Tries to End His Own Life at Steubenville.

Steubenville, August 13.—Mrs. Lena Kessler Weems was perhaps fatally shot last night by a revolver in the hands of James Johnston. He was intoxicated and was handling the weapon carelessly when it was accidentally discharged and the bullet took effect in her right breast.

Johnston, in desperation, next tried to shoot himself with the revolver, but it would not work and he threw it down the water closet. He was arrested, pending an investigation.

Back From An Outing.
Lisbon, August 13.—(Special)—County Treasurer W. A. Thompson and son Al. returned last night from a ten days' outing in the upper lake regions with a party of friends from Elyria.

ANOTHER CONTRACT LET FOR THE CITY HOSPITAL

The last contract, that for the woodwork, plastering and finishing of the city hospital building, was awarded last night by the building committee of the hospital association, to Claude Nease & Co. The amount involved is \$2,000, making the total cost of the structure \$8,000, the foundation costing \$2,000 and the brick work \$4,000.

By the terms of the contract Nease & Co. are to commence work at the earliest possible time and it is expected that the structure will be ready for the furnishings before the end of the year. A contract will be made at the proper time for the heating system for the building. The committee will investigate several systems before adopting one.

DEPUTY INSPECTOR IS COMING HERE

Will Look After Factory Conditions and Enforcement of Child Labor Law.

STATUTE MUCH APPROVED

Manufacturers Generally Approve It and Believe That Its Strict Enforcement Results in a Saving of Money For Them.

From a Staff Correspondent.

Columbus, August 13.—State Factory and Workshop Inspector John H. Morgan said today that a general inspection of the factories and workshops in the cities of Columbiana county would be made soon by District Deputy L. W. Ralston, of Mechanics town, Carroll county, successor to R. M. Hull, of Salineville, who had charge of the Columbiana county district for six years, retiring in 1892.

Deputy Ralston has been working in Jefferson county for some time and from there will go to Columbiana county, probably beginning at East Liverpool. It is the duty of the shop inspector to note whether the law prohibiting employment of child labor is being observed and if buildings are safe and if proper precautions are being observed.

That the law is a benefit to manufacturers, as well as others, is becoming more apparent the longer it is in operation. Many large manufacturing concerns in the state make it a rule to consult with the state department regarding the construction of new buildings and additions to their plants in order that they may be erected along lines which will afford the greatest safety possible to those employed within them. Aside from the humanitarian reasons, it pays from a selfish standpoint to follow this course. Fewer accidents happen and loss through damage suits is rendered remote.

GOING TO ALASKA TO BUY GOLD CLAIMS

W. H. Hepburn and Wife and James J. Costello Leave for the Gold Region.

Lisbon, August 13.—(Special)—W. H. Hepburn and wife and James J. Costello, of this city, will drive to Salem this evening and take the Ft. Wayne flyer to the west for Nome, Alaska, where Messrs. Hepburn and Costello will close the deal for the purchase there of the Ophir Creek Gold company's claims on which they have options.

Work on the development of the claims will be started at once, although it is not expected to accomplish much during the winter months. It is the intention to get everything in shape for a vigorous prosecution of the work as soon as the weather will permit in the spring.

The Ophir Creek company was organized here and most of the stock was subscribed by local people.

Mr. and Mrs. Hepburn and Mr. Costello will sail from Seattle for Nome on August 20 and expect to return in October.

MARIE BELL ARRESTED

Refused to Pay Fare on Street Car, Though She Had Plenty of Coin.

Marie Bell, who was arrested this morning for disorderly conduct on a street car, was arraigned and fined \$8 for the offense. Although she had refused to pay her fare on the street car she had plenty of money and promptly produced the amount of her fine and was released.

THE VACATIONS OF PRIZE WINNERS

Leaders in News Review Popularity Contest Departing on Their Trips.

The prize winners in the News Review popularity contest will soon be in full enjoyment of their well earned vacations. John E. Anderson, who received the second highest number of votes in the contest, and Thomas Neal, who came very close to him and was awarded a third prize, both started for Atlantic City this morning. Mr. Anderson was furnished by the News Review with transportation and expense money for two weeks at this popular resort. Mr. Neal, who was awarded a trip to the lakes, finally decided upon Atlantic City, and the News Review arranged for him to spend his outing there. Both are accompanied by their wives.

Thomas Lounds, winner of the first prize, a trip to Europe, will leave East Liverpool August 28 and will sail the next day from New York for Glasgow, on the Anchor line steamship Columbia. He expects to be gone about six weeks, and besides visiting in Scotland, will visit the Staffordshire and Liverpool districts in England.

ANOTHER PURCHASE OF COAL LANDS

West Point Coal & Coke Company Makes An Important Addition to Its Holdings.

By the purchase of the Joseph Brown farm yesterday, the West Point Coal & Coke company, an extensive corporation, has acquired a valuable addition to its holdings. The sale was made by the administrator of the Brown estate yesterday at West Point and the purchase price was \$2,000, \$500 less than the appraisement. There were but two bidders.

The Brown farm consists of about 113 acres, is contiguous to other holdings of the West Point company, and is considered of great value for its coal deposits. The company has in all about 1,000 acres.

Just when the company will begin the actual work of mining and shipping coal and manufacturing coke has not been determined. A coal road has projected from its property through this city but nothing has been done in the matter of late. J. L. Francis, prominently connected with the company, who was in the city today on business, refused to discuss this phase of the project. Several of the railroads proposed for this section pass through the lands and it may not be necessary for the company to build.

AN AMPUTATION WILL BE NECESSARY

Walter Lodge Will Lose His Leg, But His Life May Be Saved.

Lisbon, August 13.—(Special)—Walter Lodge, a young man who was brought here from Vincennes, Ind., in what was thought to be a dying condition from consumption several months ago, and was taken to the home of his father north of Lisbon, went to Pittsburgh this morning to have his right leg amputated. The operation will be performed in Mercy hospital.

Since his returned home his general health has improved. His right leg had been injured some time before he became ill, resulting in numerous abscesses. He has no use whatever of the member and it will be amputated to within four inches of the thigh.

LIVELY LITIGATION OVER THAT COW

Mrs. Grim Preparing a Suit to Get Possession of the Animal.

As soon as the lawyers' vacation is over there promises to be lively litigation over the possession of the cow alleged to have been stolen from the estate of late Siphia Goppert by William Grim. Mrs. Kate Grim, mother of the boy who took possession of the cow, is one of the executors of the estate and is now preparing the suit to regain possession of the property.

It has been stated that it was Frederick Goppert who took the cow, but this was an error, as Mr. Goppert is one of the heirs and will be arraigned on the side of Mrs. Grim when the case comes to trial.

In Honor of Her Guest.

In honor of her guest, Miss Stuart, of Treston, Mrs. H. E. Gresham gave a pleasant 6 o'clock tea to a number of her friends last evening.

THE AGE LIMIT FIXED BY THE SAFETY BOARD

In the Police Department It Will Be 45 Years and Among Firemen Still Lower.

ACTION TAKEN AFTER MUCH INVESTIGATION

Since the police ordinance has passed the council, and the safety department is no longer handicapped by the absence of a basis to work from, it has developed that the board has been very active during the past several weeks, though the public has not been taken into its confidence.

President Grafton and the members of the board have spent a great deal of time and considerable money in the task of securing data from other cities in Ohio and neighboring states, upon which to establish a starting point in the formation of the rules to control the police and fire departments. Copies of the regulations controlling the departments of the following cities have been secured: Zanesville, Youngstown, Columbus, Cleveland, Canton, New Castle, Pittsburgh and Toledo. From these the board has worked, and the rules adopted are thought to be the very best under the circumstances.

The board was guided by the experience of other and larger cities, and in every case the regulations that have been found to be effective and practicable in the opinion of the larger number of people who have had years of experience will be made to serve in East Liverpool. It was but natural that the head of police departments of

such cities as have been named would be in a position to know the needs of the occasion, and on account of the experiments and trials given the many schemes presented by different chiefs of police it was argued that an intelligent idea could be had of what would be best for a city of the size and importance of East Liverpool.

The police rules have been compiled and adopted, but will not be made public until the board has completed the regulation to control the fire department. The members took up the police rules first and they were finished before any time was devoted to the fire department. The question of an age limit, which has been the subject of so much speculation on the part of both press and public, has been made public and is between the ages of 21 and 45. This decision was made only after very careful consideration. It has not been definitely determined at what point the height mark will be placed, but President Grafton stated today that it would be between 5 feet 8 inches and 5 feet 10 inches. This, of course, refers only to the minimum.

It is announced that the rules, when put into effect, will work a wonderful amount of good to the department, and will be of incalculable benefit to the

MASTER HORSESHOERS ANNUAL PICNIC

Great Gathering of the Farriers' Craft at Columbian Park Saturday.

The first annual picnic of the Master Horseshoers' National Protective Association of America will be held at Columbian park next Saturday, August 15. The East Liverpool branch of the association will have charge of the affair, and competent committees have been at work upon the arrangements for several weeks.

The society is one of the strongest and most influential in the United States among the employers, and its members are found in every section of the country. The headquarters officers have started a movement for the establishment of a college in some of the northern states, where horseshoeing will be taught from a scientific standpoint.

The picnic to be held next Saturday will be attended by the members of the trade and their employees from all over this section. Invitations have been issued to the craftsmen at Wells-ville, Hookstown, Beaver, Steubenville, Chester, Lisbon, Salem and other surrounding towns in the immediate neighborhood. It will be the aim of the East Liverpool branch to have associations formed where none now exist, and to take other action having for its object the betterment of the general condition of the trade. The main purpose in holding the outing will be to get acquainted and discuss matters of interest to the craft. Finally, it will be the duty of every member of the local association to promote a good feeling and pave the way for more and better intercourse in the future. There will be sports and numerous games. All arrangements have been made and the day will undoubtedly be an enjoyable one for all who attend.

Delightful Day in the Country.

The Woman's Relief Corps yesterday enjoyed a day's outing in St. Clair township, where they were guests at the home of Mr. and Mrs. Frank Conkle. There were 20 ladies of the Woman's Relief Corps in the party who accepted the hospitality of the host and hostess and spent a delightful day in the country.

Arranging for a Play.

The ladies' auxiliary of the Y. M. C. A. is completing arrangements for the play, "The Breach of Promise," which will be given under the auspices of the organization. Colonel Newton is expected to present the play in this city about October 1, and the cast will be arranged in the near future.

MANY HUNDREDS OF THE DAWSONS

Old and Prominent Family Holding Its Annual Picnic at Rock Springs.

A MOST ENJOYABLE AFFAIR

Hundreds of the members of the Dawson family had possession of Rock Springs park today. As early as 8 o'clock members and kindred of the family had put in appearance at the park in order to welcome the arriving guests. Today was the fifth annual reunion of the Dawson family and so busy were the members in enjoying themselves that Secretary H. J. Boyd was unable to get them to attend the meeting for the election of officers which was to have been held in the morning.

The number of members of the Dawson family and connection who were present was estimated this afternoon at 800, and the cars were bringing in many more who could not come any earlier. The change in the date of the outing has kept many from attending, on account of the reunion this year being held in the midst of the harvest season.

The attendance at each of the reunions has been about the same since the organization, of which D. D. Dawson was the first president. He has been succeeded each year as follows: J. L. B. Dawson, of Beaver Falls; George Dawson, of Beaver; Captain W. F. Dawson, of East Liverpool, and this year by J. H. Dawson, of East Liverpool.

H. J. Boyd, of Beaver, has been the secretary of the organization since its inception.

James Mackall, of Georgetown, whose mother was a Dawson, and Miss Catherine Dawson, of Esther, Pa., each close to 80 years of age, were the oldest members present.

All brought a plentiful supply of eatables and refreshments with them and the amusements were patronized liberally. Two games of base ball were played during the afternoon between Smith's Ferry and Hookstown at 2 o'clock and the second game was opened between Georgetown and Fredericktown.

An address will be delivered by Rev. M. B. Pratt in the evening.

Fine job printing—News Review.

News and Notes About The Potteries

THE TWO IMPULSES.

Among the districts of the United States long noted for their available clays the environs of Cincinnati are prominent. There, more than a half-century since, English potters from Staffordshire and other equally famous counties set up their wheels and kilns for making the ordinary wares of household service. This movement drew attention to the rich qualities of the soil, while the continuance and multiplication of such enterprises proved that the pioneers of the movement had made no error of judgment. In the neighborhood of Cincinnati competencies were gained and even fortunes were amassed by the manufacture of "white granite" and stoneware or gres. But fully a quarter of a century elapsed from the founding of the humble potteries until the awakening of the impulse which has made the southwestern city a ceramic art center celebrated throughout the world.

The conditions out of which this impulse grew are interesting at present from a historical point of view. They were two in number and each of national importance. The first condition was the force and prevalence of that sentiment which to the opening of the last quarter of the nineteenth century, drew American women to organize themselves into clubs for objects of education and culture. The second condition was the activity of that enthusiastic patriotism which swept over the United States to greet the centennial year of American independence, assuring by this means the success of the Philadelphia exposition. The combination of the two conditions in the case in point was easy and natural. It resulted in a good to the community which cannot be overestimated. And whenever it is urged that the world's fair of 1876 produced chaos in our national art and that the women's club movement resulted in nothing save a perversion among its devotees of the domestic instinct, the art potters and potteries of Cincinnati stand in living rebuttal of the accusation.

FAVORS TECHNICAL SCHOOL.

Dr. Reis is an ardent advocate of the establishment as an adjunct of the University of Texas of a special school in which the technology of Texas clays and metals would be taught.

"In such a school," he said, "instruction is given in the technology of clays, cement, gypsum, etc. The methods for testing them both in laboratory and on a practical scale are carried out in considerable detail and the training there given is such as to fit the student not only for investigating these materials in the field, but also fits him to hold a position as general manager of potteries in which these clay, cement and gypsum materials are worked into the finished products. There is a considerable demand at the present time for men having this kind of training. There are now only three such schools in the United States and the work at these is devoted almost entirely to the subject of clay, so that a school of the kind outlined, if established, would fill a long felt want and would aid in the development of the state's resources."

PEORIA NOTES.

Peoria, August 13.—The shop here is running along well and prospects seem bright for a steady run.

William Poyser has arrived and will start to work on the biscuit. Brother Kelly going over to the ghost.

Dick Hobin, apprentice on the biscuit, who has been sick for some time, is still unable to work.

Harris Smith has started to work at Monmouth, jiggering steins, and Baldy Deacon will stick up for him. The stein was modeled by Joseph Chetwynd, of East Liverpool.

Byron Foutts, W. McKeone, Amos Clover and P. Kelly were camp visitors Sunday at Mossville.

Local No. 27 held a special meeting Friday evening and took action on the circular sent out by the national officers.

LEAVES THE SEVRES.

Orlando Ralston, decorating kiln foreman at the Sevres, is working out his notice and will accept a similar position at the Taylor, Smith & Taylor. Mr. Ralston has been in his present position for eight years and his record of efficient and careful work is one to be envied. He is rated one of the best decorating foremen in the west and has always been steady and reliable. Before going to the Sevres Mr. Ralston worked 10 years at the Wallace & Chetwynd plant, so this is his second change in 18 years. He is to be succeeded at the Sevres by Andrew Scullum, of Laughlin No. 1.

A NEW DIPPER.

J. W. Clark, of Cincinnati, has accepted a situation as dipper at the East End. He has been employed lately in the Brockman pottery in the Queen City.

OXFORDS W. H. GASS,

THE WEATHER.

Ohio—Partly cloudy Thursday and Friday; light to fresh northwest winds. Western Pennsylvania—Fair Thursday and Friday; light to fresh north winds. West Virginia—Fair; Friday partly cloudy, probably showers in eastern portion.

NEW STYLE CLOTHES FOR THE POLICE

BOARD OF PUBLIC SAFETY DECIDES ON A CHANGE.

By Next Spring the Cops Will Be Rugged Out in Stylish Uniforms.

It has been decided to make a change in the uniform of East Liverpool's finest, and by next spring it is intended that the new uniforms will be in general use by all the members of the force. There has been little if any change in the manner of dress for the policemen in several years, and as a result the regulation has been neglected somewhat. This has caused the board of public safety to resolve upon a change. The matter has been the subject of some discussion ever since the board organized, but it was only within the last few days that a decision was reached.

It was the intention of the board to consult the wishes of the members of the police force, and the chief was instructed this morning to notify the members that the safety board would meet with them at 6 o'clock last evening for the purpose of comparing notes and swapping ideas. All the members of the force were present at the appointed time, and the board of public safety was also represented by every member. Several of the policemen had but recently invested in new suits, and were naturally opposed to the adoption of anything new or different at this time. President Grafton assured the men that the service board had no other desire than to make the entire matter satisfactory to the members of the force, and asked that each member express himself freely on the subject.

Some objection was also raised to inaugurating a change on account of the time being so short until they would be expected to don their winter duds. By far the more practical idea was advanced by Member Ogilvie and several of the men, and that was for the officers to continue to wear their present uniforms until fall. They would then be using their long overcoats a greater portion of the time. By next spring they would all be needing something new anyway, and the new togs could then be bought. This plan seemed to meet with unanimous favor, and was adopted.

The new regulation will be a short blouse, single breasted and buttoning clear to the neck. The coat will be as near the United States regulation private's blouse as it is possible to make it. A light gray helmet will be adopted for summer and a dark one for winter season. No change is proposed for the winter in the matter of coats as the overcoat adopted last winter is thought to be about the proper thing. They look well and are very comfortable. It is possible a winter helmet will be decided upon during the fall.

New Kind of Life Insurance.

For twenty years you can insure yourself and family against any serious results from an attack of bowels complaint during the summer months. That is the price of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that can always be depended upon even in the most severe and dangerous cases. It is equally valuable for children and adults. When reduced with water and sweetened it is pleasant to take. This remedy has relieved more pain and suffering and saved the lives of more people than any other medicine in the world. It is almost sure to be needed before the summer is over. Buy it now. For sale by Alvin H. Burger.

EAST END

FRIGHTENED HORSES

Dashed Madly Into a House, Giving the Occupants a Narrow Escape.

The friends of Mr. and Mrs. Isaac Lucas have been congratulating the family since a runaway team of horses came dashing onto the front porch of their home on Virginia avenue yesterday morning. Mrs. Lucas had but little time to get her two small children into the house before the frightened team jumped upon the porch, tearing one of the posts supporting the porch away and driving the pole of the wagon through the side of the house and into the front parlor. The horses were stopped, where they had fallen.

The team belonged to the Chester hardware company, of Chester, and were in charge of Harry Mercer. The company will make good the loss sustained through the runaway.

FINGERS CRUSHED

Woman Got Them Caught in the Cogs of an Ice Cream Freezer.

Miss Leland Smith, of Railroad street, had two of the fingers of her left hand badly crushed by getting them caught in the cogs of an ice cream freezer at Caldwell's ice cream factory yesterday.

Dr. W. E. Mowen dressed the injured hand and while the wounds are painful, it is thought they will heal rapidly.

Enjoyable Family Reunion.

The family reunion at the home of Mr. and Mrs. D. A. McIntosh was a most pleasant event. There were present all the relatives of the family in this section and quite a number of near friends. Those from a distance were Miss Nancy McIntosh and William Runkin, who will visit some time in the McIntosh home. After a very pleasant afternoon the guests partook of a bounteous supper.

Still Unable to Work.

Harold Hoskins, employed at Laughlin's No. 3, at the decorating kilns, who had his finger split open in a

Stag Hotel and Restaurant

First Class Meals Served at all hours.

J. J. Delaney,
Successor to D. A. Devine,
Col. Co. Phone No. 66,
Bar in Connection.

practice game of ball about ten days ago, has left for his home at Zanesville. He has been unable to work since the accident occurred and as the cut heals very slowly, he will treat the injury at home.

Challenge Issued.

The base ball team of Laughlin's No. 3, whose nine has been greatly strengthened, issues a challenge to any pottery team in East Liverpool or Chester, but prefer games from the Vudrey or West End potteries.

Many Dawsons Attend.

A number of the members of the Dawson family and their friends from Shippingport, Georgetown, Smith's Ferry and the East End are attending the Dawson reunion today at Rock Springs park.

EAST END AFFAIRS.

John Bowers, of Empire, is visiting his friend, James Mitchell, of Ohio avenue.

Ralph and Harlan Finley have returned from Georgetown, where they have been visiting.

Miss Minnie Culp, of Toronto, is visiting her friend, Miss Lizzie Cander, of Railroad street.

Mrs. N. J. Orr, of Pennsylvania avenue, is visiting her sister, Mrs. J. H. Azdell, of Echo Dell.

Miss Cornelia and Master Clyde Supplee are spending their summer vacation with relatives in Lisbon.

Mr. and Mrs. Samuel Dixon returned last night from Atlantic City, where they have been spending a vacation.

Miss Alice Burke, of Parkersburg, who has been visiting her sister, Mrs. Bert McKinney, returned home yesterday.

J. T. Lacey, formerly in business in the East End, has returned from East Fairfield, and is visiting his many friends.

Mrs. Henry Hamilton, of Ft. Wayne, Ind., is visiting her husband, who is employed as an engineer in one of the local potteries.

Members of the Stevenson family, of East Liverpool and vicinity, are holding a reunion at Columbian park. The party numbers about 40.

Sodaker's Rangers and the strong team of the Crockery City Brewing company will do battle on the Columbian park grounds tomorrow afternoon.

Call Family Reunion.

The Call family reunion takes place at Hammondsville today, at which the descendants of David and Ellen Call all expect to be present. David Call, the father, died some years ago, but his widow and 12 children all survive—10 of the children live in Jefferson county and two in Columbiana, so that the family is less scattered than is usual. The youngest of the 12 is 24 and the oldest 52—all are married and have families of their own—so that when the roll is called at least 50 Calls are expected to answer.

Go Prepared.

In preparing for your summer outing a little forethought may save you no end of trouble. Mr. John H. Manly, a dry goods merchant, of Belleville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

Yellow clothes are unsightly. Keep them white with Red Cross Bag Blue. All grocers sell large package, 5 cents.

A Woman's Complexion.

It is rank foolishness to attempt to remove sallowness or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New size trial bottle, 25 cents; regular size 75 cents. At all druggists.

ALVIN H. BULGER.

First in news, first in everything—the News Review.

FORTUNE AWAITS THE BALL FAMILY

BURGETTSTOWN MAN HAS NEWS FOR THE HEIRS.

The Estate in Scotland, a Large One, Awaits American Claimants.

Among the excursionists from Burgettstown who visited Rock Springs yesterday was J. M. Muter, who resides near Hanlon. Mr. Muter claims to be president of the Pittsburgh Marine & Engineering company, and upon his arrival at Chester immediately made inquiry as to where the East Liverpool city hall could be found.

Muter called at the city hall about 11 o'clock and informed the authorities there that he was looking for one J. G. Ball, who, he said, had at one time lived near him at some point down the river. The Hanlon man told a strange story regarding a fortune which was coming to the Ball family from the old country. He said the two families had come from the same part of Scotland, and that the Ball family had moved about so much that they had been lost sight of by their relatives in the old world.

Many changes had taken place since the relatives had become separated, and through the death of some of the Balls in Scotland the family here had inherited a portion of a large fortune. Muter claimed to have received a letter some time ago asking for information concerning the whereabouts of the Balls, and apprising him of the facts in the case. He said the Balls were no relation to him, but that they had been very good friends before the families separated. According to the man's story the fortune was a large one and all of the heirs, excepting those of J. G. Ball had been found and settled with. He seemed anxious to locate the East Liverpool family, as he feared it was already too late to claim their share of the estate.

The only Ball that could be located proved to be Harry Ball, the well known potter, but he was not the man. Muter spent nearly all day in the search, but failed to locate his man. He promised to return at some later date and renew the search and said it was not possible he could be mistaken in the town to which his old friends had moved.

Mrs. Henry Hamilton, of Ft. Wayne, Ind., is visiting her husband, who is employed as an engineer in one of the local potteries.

Members of the Stevenson family, of East Liverpool and vicinity, are holding a reunion at Columbian park. The party numbers about 40.

Sodaker's Rangers and the strong team of the Crockery City Brewing company will do battle on the Columbian park grounds tomorrow afternoon.

Call Family Reunion.

The Call family reunion takes place at Hammondsville today, at which the descendants of David and Ellen Call all expect to be present. David Call, the father, died some years ago, but his widow and 12 children all survive—10 of the children live in Jefferson county and two in Columbiana, so that the family is less scattered than is usual. The youngest of the 12 is 24 and the oldest 52—all are married and have families of their own—so that when the roll is called at least 50 Calls are expected to answer.

Go Prepared.

In preparing for your summer outing a little forethought may save you no end of trouble. Mr. John H. Manly, a dry goods merchant, of Belleville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

Yellow clothes are unsightly. Keep them white with Red Cross Bag Blue. All grocers sell large package, 5 cents.

A Woman's Complexion.

It is rank foolishness to attempt to remove sallowness or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New size trial bottle, 25 cents; regular size 75 cents. At all druggists.

ALVIN H. BULGER.

DESTRUCTIVE STORM

The Loss of Property in Jamaica Is Estimated at \$10,000,000.

DEATH LIST WILL REACH FIFTY

Effects of Hurricane Greater Than at First Believed—Banana Plantations Destroyed—Trade Practically at a Standstill.

Kingston, Jamaica, Aug. 13.—The south-eastern portion of the island has been completely denuded of its crops, the rivers are flooded and many men were carried out to sea and drowned. Considering the damage to property during the hurricane, the loss of life is comparatively small, though the present estimate is now that the death list will reach 50. Hundreds of persons were injured and there were numerous hairbreadth escapes. The property loss is estimated at \$10,000,000.

The effects of the hurricane upon the island of Jamaica were greater than at first believed. Port Antonio, on the north coast, was completely overwhelmed. Only six houses were left standing there. The United Fruit company's wharves, offices, hotels and plantations were utterly demolished. Port Maria, another town on the north coast, also suffered similarly.

The entire eastern end of the island has been devastated. Villages have been wiped out and public buildings and churches demolished. The destruction of the banana plantations has been complete and the fruit trade is paralyzed for the next 12 months.

The western end of the island, which it was at first supposed had escaped, also suffered considerably, though not to the extent which the eastern end did.

The Norwegian steamer Salvatore de Giorgio was driven ashore at Annotta bay and lies in a dangerous position. Several sailing vessels were wrecked on the north side.

Thousands of houses in Kingston were damaged, the wharves were battered and several coasting vessels were sunk in the harbor. Trade is practically at a standstill.

Havana, Aug. 13.—While high winds and threatening conditions prevail in all the provinces of Cuba, there have been no reports of any important damage. The land telegraph connection with Santiago, which was repeatedly interrupted, has been restored. There was some destruction of crops and small buildings in the province of Pinar del Rio, where the wind appears to have been strongest. Cable connection with all the islands of the West Indies is intact, with the exception of Jamaica, Martinique, Guadalupe and Dominica.

Washington, Aug. 13.—The tropical storm was apparently central Wednesday afternoon near extreme Western Cuba and receding. It should enter the southeastern gulf of Mexico during Wednesday night and move northward or northeastward during Thursday. Hurricane warnings have been continued from Port Eads to Jupiter and storm warnings from Jacksonville to Charleston.

Boston, Aug. 13.—President A. W. Preston, of the United Fruit company, speaking of the heavy fruit losses in Jamaica by reason of the hurricane, said: "Our cable advices are that the Jamaica fruit crop has been badly damaged by the hurricane, but it is as yet impossible to estimate the damage. It is rather fortunate that the hurricane waited until practically the end of the Jamaica season. If we were dependent upon Jamaica for our fruit supply we would be seriously hampered, but as it is we simply draw more heavily upon other growing sections, principally Costa Rica."

Motorman Killed.

Philadelphia, Aug. 13.—A League Island trolley car was struck by a locomotive on the Pennsylvania railroad at a crossing on the Meadows, in the southern section of the city. James McGovern, the motorman, was killed and United States Marines Morris Davis, Barrett and Jones were injured. The Marines were on their way to the League Island navy yard. They were not seriously hurt.

Withdrew in a Body.

Wheeling, W. Va., Aug. 13.—The American Sheet Steel company suffered a blow in the withdrawal in a body of the roofing manufacturers of the country from their contract with that branch of the big steel corporation.

Soldiers' Reunion.

Coshocton, O., Aug. 13.—The annual reunion of the men of the Ohio first call for troops of the Civil war will convene in Coshocton next Wednesday, Aug. 19. Judge Voorhees, of this city, will preside.

Vesuvius Still Active.

Rome, Aug. 13.—Mount Vesuvius continues in active eruption. A new crater seems to have been opened, but it is impossible to ascertain this fact definitely, owing to the smoke which surrounds the top of the mountain.

Will Not Discuss Appointment.

Manila, Aug. 13.—Governor General William H. Taft refused to discuss his probable appointment as the successor of Secretary Root when the latter retired, saying he had not yet been offered the appointment.

Woman's Nature

Is to love children, and no home can be completely happy without them, yet the ordeal through which the expectant mother must pass usually is so full of suffering, danger and fear that she looks forward to the critical hour with apprehension and dread.

Mother's Friend, by its penetrating and soothing properties, allays nausea, nervousness, and all unpleasant feelings, and so prepares the system for the ordeal that she passes through the event safely and with but little suffering, as numbers have testified and said, "it is worth its weight in gold."

THE GREAT DISEASE EXTERMINATOR OF THE 20th CENTURY.

LIFE PLANT

A WARRANTY GOES WITH THIS MEDICINE

It cures to stay cured—all diseases of the STOMACH—LIVER—KIDNEYS—BLOOD and SKIN DISEASES. Its rapid cures are marvelous. It is a system restorer and tissue builder of the highest standard. There is no failure or disappointment. It does the work quickly and thoroughly—it brings back the color to the cheeks—the lips grow red—the eyes bright—unsightly blotches and pimples disappear—the head is held erect—the step becomes quick and buoyant—sleep is sweet and refreshing. No dreams—leave their shadows for the next day—the mind becomes clear and active—appetite and digestion are perfect—the love of life is sweet again and the weak, tired, worn-out, moody and despondent self is buried irrevocably in the past.

Mrs. J. C. Lukens, of Tippecanoe, Ohio, says: I have been greatly relieved of Nervousness, Stomach and Kidney Trouble by the use of Life Plant. As a family medicine to keep the blood in order and tone up the system and prevent sickness, I think it stands at the head of the list. Tippecanoe, March 1, 1900.

LIFE PLANT is sold at \$1.00 per bottle—6 bottles \$5.00. Sold by all druggists—sent anywhere on receipt.

MANUFACTURED BY THE LIFE PLANT CO. CANTON, OHIO.

FOR SALE BY WILL REED, CHAS. CRAIG, THE POTTERS' DRUG CO., AND A. H. BULGER.

A Cleveland contemporary, noting the rapid increase in the number of deer in Connecticut, since the animals have been protected by law, suggests the restocking of the Ohio forests with deer. The idea is not impracticable. Ohio is no more thickly populated in its rural districts than Connecticut. Maine derives a neat income from the money spent by hunters in that state every fall. Yet fifty years ago it was given out that deer and moose had been almost exterminated from Pine Tree state forests. Since the legislature adopted stringent laws for the protection of these animals they have increased until both are very common and farmers who do not get a glimpse of one or two during the season are the exception rather than the rule in many districts.

East Liverpool is going to have a hospital. The contracts for the building have been let, and there is money in sight to pay for this portion of the work. But a building is not a hospital. The furnishing and equipment will cost

The Moore Furniture Company

Carpets

No better time to buy carpets than now. We have acres of new fall patterns in the roll. Guaranteed standards of quality.

Your neighbors bought their's here as well as their furniture, and saved big money. If you can't do so we won't ask you to buy.

Come and see.

The Moore Furniture Company

200-202 Sixth street.
Both phones 544.

a considerable sum of money. Immediate steps should be taken to provide it, so that when the hospital building is finished, the hospital may be made ready for use without delay. There is only one way to accomplish this, and that is for those who are friends of the institution to go down into their pockets and produce the money. Surely if there was ever need for the people of East Liverpool to display the liberality for which they are noted, it is in behalf of this project. A hospital equipment fund should be started at once and every person in the city should contribute to it according to his means.

San Francisco will give the G. A. R. veterans a royal welcome, and although this year's national encampment is to be held on the further side of the continent, it promises to be great and successful. The old boys are still young enough to enjoy themselves and this year's gathering will afford them a grand opportunity for doing so.

The most encouraging fact in connection with the fast increasing number of automobiles in use in this country is that every automobilist is an enthusiastic good roads advocate. There will soon be enough of them to wield a powerful influence in this direction if they unite their efforts.

Even though the gunners of Canadian patrol boats are very poor marksmen, the idea of being made their targets is not relished by American fishing crews. The incident should arouse the government to the necessity for better protection of American fishermen on the lakes.

The lack of enthusiasm which has greeted Mr. Bryan's several suggestions of Democratic presidential possibilities ought to convince the Nebraska gentleman that his erstwhile supporters are not extremely anxious for him to select their standard bearer.

It is a rare day when Steubenville does not have a shooting or two to chronicle. If that town hopes to preserve its ancient reputation for steady habits it needs to import a few reformers.

There is a suspicion abroad that the sultan of Turkey, in the language of the small boy, is "engineering for a licking." If he is at all anxious for it, he can doubtless be accommodated.

Pieces of Andree's balloon picked up in the Arctic regions show that the aerial route to the pole, like all the other routes, is beset with perils.

sion with the Democracy disturbs Mr. Bryan. He knows that but for Populistic aid he would have landed much nearer nowhere than he did.

"Truly," says the Toledo Blade, "Ohio Democrats need a Moses, but if one should appear at least one-half the party would declare him to be an impostor."

The News Review's picnic and outing for the school children is going to be an event that thousands will remember with pleasure. Don't overlook it.

The good old summer time begins to show its age.

OBITUARY

Mrs. Jane Caddes.

Toronto, August 13.—Mrs. Jane Caddes, wife of Samuel P. Caddes, died at the home of her daughter, Mrs. Alfred McGrew, at 9:25 yesterday morning. Her maiden name was Jane Johnson, and she was born in Derry county, Ireland, December 24, 1821. She came to this country August 12, 1847, and settled in Pittsburg. On June 3, 1850, she married Samuel P. Caddes, and to this union five children were born. Mrs. Jennie Stewart, of East Liverpool, O., died eleven years ago; Samuel W. died in infancy. Her husband and three daughters survive: Mrs. Alfred McGrew, of this city; Mrs. James Fotherham, also of this city, and Mrs. J. A. Jester, of Steubenville. The funeral services will be held at the home of her daughter, Mrs. McGrew, this evening, conducted by Rev. Mr. Caldwell, of the United Presbyterian church, of which she was a devoted member. Tomorrow morning the body will be taken to Salineville, where the interment will take place.

BANK BOOKKEEPER ARRESTED

Admitted His Guilt and Stated That His Peculations Extended Over Eight Months.

Duluth, Minn., Aug. 13.—E. E. Johnson, bookkeeper for the Commercial Banking company, of this city, was arrested here on a warrant charging him with embezzlement of \$45,000 of the bank's money.

When placed in jail Johnson admitted his guilt and stated that his peculations extended over a period of eight months and that he had been able to deceive his employers by a manipulation of the books. He declared that he had squandered the money in stock speculation. President Charles F. Leland, of the Commercial Banking company, said that he had hoped to tide over the affairs of the bank so that it could continue doing business, but found that this was impossible, and the institution therefore did not open for business this morning. Johnson is 28 years old and unmarried.

General Miles Entertained at Denver.

Denver, Aug. 13.—General Nelson A. Miles and party, en route to San Francisco, arrived in Denver. The general was met at the Union station by many of his old comrades and other prominent citizens and an impromptu reception was held. During the afternoon a reception was given to General Miles by the Loyal Legion and he was also entertained at the Denver club. The party left for the west. In an interview General Miles denied that he was a candidate for the office of commander-in-chief of the Grand Army of the Republic. He said that he hoped to have the honor of nominating General John C. Black for the position, and that if this was not accorded him he would second General Black's nomination.

Verdict of Suicide.

Chicago, Aug. 13.—The coroner's jury at the inquest over the remains of Marie Gordon, of Montgomery, Ala., who died at the Auditorium hotel, returned a verdict finding that the woman committed suicide while despondent by shooting herself. Mrs. Evan-der Lytle, of Murfreesboro, Tenn., the mother of the dead woman, has arrived and will take charge of the remains.

HARD'S,

FRIENDS AND VISITORS

Miss Alice Ross is very ill at her home in the East End.

A. P. Cope and his son Walter, of the Northside, are at Atlantic City.

Mr. and Mrs. W. E. Warren, of this city, are the guests of relatives in Lisbon.

Arthur Hall, of Pleasant Heights, is ill at his home with an abscess in his head.

John Kerr and sister, Miss Nellie Kerr, are the guests of relatives near West Point.

Miss Marie Boice, of Lincoln avenue, is visiting friends near Frankfort Springs, Pa.

Mrs. J. L. Swan, of Canton, is the guest of Miss Pearl Swan, of Pennsylvania avenue.

Miss Mary Kinsvatter is spending a part of her vacation the guest of friends in Alliance.

George McCartney, a former resident of this city, was calling on friends here yesterday.

Miss Maude Gill, daughter of Charles Gill, is the guest of her sister, Mrs. Hamilton, of Lisbon.

Mrs. J. W. Potter, of Broadway, left yesterday for Pittsburg and Buffalo, where she will visit for several weeks.

Dr. J. M. McKinney, the optician, will leave this week for a sojourn of several weeks at Cambridge Springs.

Gilmore Ross and sisters, of Ida street, are visiting their grandparents, Mr. and Mrs. Noah Gilmore, at West Point.

M. H. Bough, of East Fifth street, has returned to his home after a visit with relatives in the country north of the city.

Mrs. John Kilmer, of 120 Seventh street, will leave for Barberton next Monday, where she will make her future home.

Rev. and Mrs. George Sheets, of Allegheny, were the guests yesterday of his uncle, T. B. Murphy, of West Fourth street.

William Stevens has returned to his home in Madison, Ind., after a visit with the family of James Nelson on Avondale street.

Mrs. Henry Brunt, of Market street, left on the morning train for Chicago, where she will visit her daughter, Mrs. Charles Thompson.

Mrs. John Fleck, of New Jersey, and Mrs. T. Stapleton, of New York city, are visiting Mr. and Mrs. Thomas Cannon, of Sixth street.

Thomas McCartney, who resides near West Point, was in the city yesterday calling on friends. He formerly resided in this city.

Mr. and Mrs. H. B. Kirk, of Allegheny, who have been the guests of Dr. and Mrs. W. R. Clark, returned to their home last evening.

Mrs. Ella Kneisley, of Dayton, a talented singer, who is a guest at the home of Ambrose E. Massey, has been invited to sing at St. Stephen's church on Sunday.

Mrs. W. C. Van Fossen, who has been confined to her home on the Lisbon road very ill of pneumonia, is slightly improved, and hopes are now entertained for her recovery.

Mrs. Charles Weaver and daughter Sara, Mrs. J. J. Rose and son Allen and Mrs. Ed C. Hood left on the morning train for Salem, where they will visit relatives for three weeks.

J. T. Culliton and William Richardson, of Trenton, are the guests of H. A. McNicol. Mr. Culliton is a police sergeant and Mr. Richardson a potter. Mr. Richardson's wife is with him.

Mrs. Charles Hall, residing on Avondale street, who severely injured her ankle by a fall yesterday, is suffering considerable pain today. The accident was a peculiar one and the lady was so badly hurt that she will not be able to move about for some time.

Miss Jane Foden, who resides with her father on the Lisbon road, is im-

proving from an attack of typhoid fever. Fred Foden, another member of the family, who has been afflicted with the same disease for several weeks, is no better and his condition is serious.

Miss Josephine Hammond and the Misses Gilmore were called home from their visit to East Liverpool last week, says the Steubenville Gazette, by a telegram announcing the serious illness of Miss Ella in Cincinnati, and Miss Anna went on to Cincinnati and found Miss Robb very ill with pneumonia. A later message has been received from Miss Gilmore, stating that Miss Robb is better and hope is entertained for her recovery.

A Twentieth Century Circus. Within recent years there has been a noticeable revolution in the methods employed in the management of circuses. In former years the promises of a circus man were considered worthless, and the statements of circus advertisements were invariably discredited.

This is changed now. The modern circus is as a rule in the hands of worthy and honorable men, they are reliable and agreeable in business relations. The greatest and most satisfactory change is in the line of advertising. For instance, the Great Wallace Shows are advertised to appear in East Liverpool on Monday, August 24.

They advertise that they will present certain new and marvelous acts. They name the performers, picture and describe the act, and people can go to the show expecting to see everything as advertised.

It is not a question of whether or not Wallace will show all he advertises, as people have long ago learned that his show is an amusement bargain counter, that the Wallace Circus invariably exhibits a great deal more than it advertises.

Started Again

WE OPENED our office at noon, Aug. 1st, after a two weeks vacation that we sadly needed, as we had worked day and night for a whole year. We are already busy again, but we want YOU to join the crowd and find out WHY we are busy. Just a hint—"As good work as can be turned out anywhere (Best in East Liverpool) and at a fair price to both you and ourselves."

Look for the  Red Cross

HAY FEVER FOR 27 YEARS

Well Known New England Woman Cured By Hyomei—Cure Was Lasting.

The thousands of discouraged people who dread summer's approach because they think that hay fever cannot be avoided, will read with interest and gratitude the following statement from Helen F. Williams, of Mansfield, Mass.: "For 27 years, from the month of August until heavy frost, I have been afflicted with hay fever, growing worse and worse each year, and of late years I was unable to attend to my work during that period."

"Last summer I fortunately gave Hyomei a trial and I am happy to say that it entirely cured me and I have had no return of the condition since."

This letter is one of the many that have come to the proprietors of Hyomei, and the results following this treatment have been so wonderful that it is proposed at the annual convention of hay fever sufferers to recommend Hyomei to all who are susceptible to this disease.

Hyomei is a treatment for hay fever that combines the latest discoveries of science and the best of common sense. Knowing that a change of climate was the only way in which relief could be obtained, the evolution of Hyomei naturally resulted. By breathing its germ killing and healing balsams, any one can have, at any moment of the day, either in their home, the office or the factory, a climate like that of the White Mountains or other health resorts, where hay fever is unknown.

Will Reed agrees to refund the money to any hay fever sufferer who uses Hyomei if it does not give satisfaction.

THE AGE LIMIT FIXED BY THE SAFETY BOARD

Continued from First Page

policemen themselves, as well as to the public. The system of registering will be introduced in its very latest form, and this feature alone is expected to save the board a great amount of annoyance and also save the officers from a vast amount of unnecessary and unreasonable criticism.

As it is at present there is scarcely a day passes that members of the board are not bothered by citizens with some grievance against the police. These kicks are often nonsensical, but occasionally hit the mark in a proper manner. When the registry plan becomes operative the policeman will have an opportunity to show by the record of the day just what he has been doing and where he spent the time. President Grafton gives it as his opinion that as soon as the regulations are enforced and have been given a fair trial, the public will be entirely satisfied with the work of the police force. "We have as good material on the force here as can be found in the United States," said Mr. Grafton, "and with their work systematized and properly laid out it will be hard to beat."

The age limit for members of the fire department will be from 21 to 35 years, and this clause is thought to be as equitable as it would be possible to make it. Other cities have adopted a much lower limit and some few are higher. The board endeavored to base its judgment upon conditions as they are found and believes its opinion on the subject will be concurred in by every one who is in any way interested.

Though the rules to govern the fire department are as yet in an incomplete state, it is said they provide for a number of reforms which will be of very great advantage to the members of the department. At present the firemen work 365 days in the year, and are expected to be on duty 24 hours a day. Many of the surrounding cities are far ahead of East Liverpool in the matter of comforts and accommodations for the firemen, and the board has determined to make their lot a trifle easier by the adoption of some clause which will permit them to enjoy brief periods at regular intervals when they will be relieved from duty. The plan has not been definitely worked out, but will probably consist of one day off each month for the several firemen, and the rule may be so worked that they could take two, four or perhaps six days at one time. It will all amount to 12 days in the year, and it is hardly likely any one man will be permitted to take the entire allotment at one time.

The fire rules will be completed within a few days, and it is the intention of the board to act upon them at the meeting to be held one week from tonight. The police regulations will be held up until that time.

WELLSVILLE

MADE NIGHT HIDEOUS

A Prisoner in the City Jail Disturbed Many Persons By His Antics.

Ed. Geisse, better known as "Jabby" Geisse, of Third street, raised a disturbance in the city jail last night from a little before midnight until early this morning, that awoke many people who reside near.

Geisse was arrested two or three days ago on a charge of being drunk and disorderly. The charge was filed by his wife. He was later given a hearing by the mayor and was fined \$5.00, which was promptly paid. Geisse was not sober, however, at the time of his hearing and the mayor refused to release him until he was sober. He was taken with a severe attack of delirium tremens yesterday, with the result that during the night he put all of the windows of the city jail out of commission, not having been locked in his cell and being given the privilege of the corridor, besides otherwise damaging the walls and closets of the city bastille. During all of this time he was making the night miserable for the neighbors of the jail by his wild shouts and yells of "Murder" and "Help." He has quieted down today and is somewhat better.

Landlord Schultz in Town.

M. C. Schultz, of Canandaigua, N. Y., formerly of this city, is in the city for a few days on business. Mr. Schultz was the former proprietor of the Metropole hotel and it was reported yesterday that he was negotiating for the repurchasing of the hotel. It is an erroneous report, however, as Mr. Schultz has no such intentions, and furthermore, E. S. Woolweaver, the present proprietor, is not anxious to sell.

Work on Yard Improvements.

Rinehart Bros., the East Liverpool contractors, have already commenced work on their large contract with the Pennsylvania company for the grading work necessary for an extension of the C. & P. railroad yards at the West End. This is one of the largest contracts that has been awarded to any local contractor for a number of years and is second to the contract for the double tracking of the C. & P. road.

Installed Officers.

A party of 21 of the members of the colored order of Twin City lodge No. 18, Knights of Pythias, of this city, including the district deputy, W. M. Payne, went to Lisbon last evening where they assisted in the installation exercises, the officers of Lisbon lodge No. 56 being those installed. The evening was most enjoyably spent. The Wellsville party returned home Thursday morning.

Two Properties Sold.

Two important real estate deals were consummated yesterday through the McGregor agency. The property of Mrs. Thomas Stafford, located on Main street between Fifth and Sixth streets, was sold to Mr. A. Dawson of Beaver county, for \$13,000. The property of Mrs. Margaret Dixon, located on Center street, was sold to Mrs. Thomas Stafford for \$2,100.

WELLSVILLE SHORT STORIES.

Miss Harriet Junkin, of Tenth street, is visiting relatives in Barnesville. Mrs. Mary Gamble, of Empire, is in the city for a short stay with friends.

Mrs. Ida MacConey, of this city, went to Alliance yesterday to visit friends.

Mrs. Clarence Hamilton, of Congo, was in Toronto yesterday calling on friends.

J. J. Caulfield, of this city, has gone to Dayton, where he will join his wife and family.

Mrs. Secest, of this city, and her mother, Mrs. Cheatle, of the country,

went to Pittsburg yesterday to visit relatives.

Mrs. Lang, of Salineville, is the guest of her sister, Mrs. May Shirley, of Lisbon street.

A. G. Parsons is reported on the sick list and is confined to his home on Commerce street.

Miss Myrtle Sheets, of Cleveland, who has been visiting friends here for some time, returned to her home.

Miss C. Reeves, of Beaver Falls, Pa., has returned to her home after enjoying a short visit with friends here.

Miss Sara Wilson, of Beaver Falls, Pa., has returned to her home after visiting Wellsville friends for a short time.

Mrs. James Miller, of Steubenville, who has been visiting friends here for the past few days, has returned to her home.

Mr. and Mrs. George Bean, of Seewickley, have returned to their home after spending several days with Wellsville relatives.

Mrs. Otterson and her daughter, Ina, of Eighteenth street, have returned to their home after spending several days with Wheeling friends.

The regular meeting of Fidelity Circle No. 43, Protected Home Circle, will be held Thursday evening in the hall in the MacKenzie block at Main and Ninth streets. It is expected that several new members will be received.

Mr. and Mrs. Ed. Byrne and children of Pittsburg, who have been visiting among friends in the city, have gone to Alliance, where they will visit at the home of Mrs. Byrne's sister.

T. A. McIntosh and wife, of Front street, went to St. Clair township yesterday, where they will enjoy a short visit with Mr. McIntosh's parents.

THREE LIVES CRUSHED OUT.

Without an Instant's Warning a Huge Bell at Top of Stack Crashes Down on Them.

Cleveland, Aug. 13.—The Cleveland Furnace company's plant, just completed at a cost of nearly a million dollars, was the scene of an accident in which three men's lives were instantly crushed out. The dead: Frank Viron, George Peters and Michael Krecji.

The first blowing in of the new blast furnace was to occur and the three men were inside the stack, laying the last course of material, when, without an instant's warning, the huge bell at the top of the stack, 75 feet above where the men were at work, crashed down on them. The bell, which is used to regulate the draught in the stack, weighed six tons, and in falling tilted on its side in such a manner that the bodies could not be reached except from the top of the stack. By lowering ropes the bodies were thus removed. All must have been killed instantly. The bodies were removed to the morgue. The financial loss cannot as yet be estimated, but the beginning of operations at the plant will be delayed for some time. It is supposed that the accident was caused by a breakage in some part of the machinery which regulated the raising and lowering of the bell.

FIREMEN CAUSE RIOT IN STREET

A Priest Is Attacked in His Carriage and His Driver Has an Arm Broken.

Latrobe, Pa., Aug. 13.—During the firemen's convention a riot occurred in the streets, being caused, it is said, by some firemen. While Father Virgil, of St. Vincent's monastery, was driving a visiting priest to the station he was met by a crowd of firemen. The firemen, it is said, frightened the horse, which plunged about and finally dashed into the crowd of firemen and trampled upon two of them, one being John McGillicuddy. The other managed to get away. Although neither was hurt badly the crowd started jeering at the priests and finally, after having sticks and stones hurled at them, the priests managed to escape.

John Stader, of Station street, whose brother, Charles Stader, of the monastery, had been driving, climbed into the cab and tried to reason with the crowd. He received a shower of missiles. A club struck him on the arm, breaking it, and he was also badly bruised about the head.

Teachers Convene.

Weston, W. Va., Aug. 13.—The Lewis County Teachers' institute convened here. The attendance is a surprise to everybody, and if the number enrolled is any index to the number who will teach this winter there will be enough teachers for all the schools of the county. On the first day 150 teachers enrolled and this number will be augmented by from 25 to 50 during the remaining days of the week. Both the instructors announced are here. Superintendent Losh has appointed A. W. Fisher and J. S. Bailey as the secretaries.

Train Plunges Into River.

Pittsburg, Aug. 13.—Five freight cars and an engine, on the latter the engineer and fireman, plunged over a 10-foot bank into the Allegheny river from the Junction railroad tracks at the foot of Thirty-fourth street. Fireman Frank Geavin had an ankle broken. Both he and the engineer jumped when they felt the shock of a collision which caused the accident. The engineer, Michael Gibben, escaped entirely, but Geavin became entangled in the curtain on the engine and was thrown to the ground.

REALM OF SPORTS

BATTING RECORDS OF THE SWATTERS

Plenty of Figures for the Fan
Faithful Compiled From
News Review's Scores.

MALEY THE REAL LEADER

Among the Players Who Have Been in
Ten Games or More—Gibson Leads
in the Number of Runs And Has
Most Errors.

STANDING OF CITY LEAGUE.

	W.	L.	Pct.
Athletics	7	3	.700
Y. M. C. A.	9	4	.692
Marines	6	5	.545
Carroll Club	7	6	.538
Crockery City	5	5	.500
Shamrocks	3	3	.500
East End Grays	4	9	.309
Eclipse	3	8	.273

Plenty of dope for the fan faithful is provided in the accompanying figures, setting forth the batting records of all the players who have participated in two or more games here with the locals. No accounting is made of the two games that were played away from home, both of which were won by Niles. Neither is an account taken of the two games in the won and lost record of the pitchers' averages. The averages are computed from the scores of the games taken by the News Review's sporting editor.

Pitcher Goode has the best swatting record, but as he played only in two games he is hardly to be considered with the hitters. Chambers made a fine record in the six games he played, turning out an average of .396, and Murphy shows up well with .348. Had Mailey kept up his swatting success of the last few games in which he played he would soon have been at the top, but as it is his average is a good one. The boy wonder got a poor start in the first two games, but he came to the front in a rush.

Among those who have been in the game all season Brown is the leader by a few points over Wallace, quite an unexpected result. Wallace, however, has experienced a slump in stick work recently, while Brown has been gaining. Altogether nine of the locals have batted .300 or better, but among that number are only three of the regulars.

Gibson has scored more runs and made more errors than any other player and has a swat record of .265. Webb, Emmerling, Lawrence, Winters and Reark, all of whom have played in 10 games or more, are rather shy on the swat output.

Of the pitchers, George Emmerling leads with one game won and none lost, but among the regulars Miller is the premier, with Winters a good second. Both have records to be proud of. Barker has been the most unfortunate of the pitchers, having lost all three of his games.

Wallace is easily the leader in hits for extra bases, although Miller has the record for three-sackers and Win-

Bright's Disease And Diabetes

Announcement of the Discovery of the Cure.

The stockholders of the Jno. J. Fulton Co. of San Francisco, announce to the world the curability of Chronic Bright's Disease and Diabetes based on hundreds of cures and two years of demonstration disclosing 87% of recoveries. In attestation of these momentous facts we present the names of some of the stockholders, business and professional men of this city, every one of whom had to have previous opinions reversed and be satisfied of the genuineness of the discovery before investing in this corporation, viz: Hon. Barclay Hensley, Attorney and ex-member of Congress; Thos. Kirkpatrick, capitalist; Hon. D. M. Burns, President Candelaria Mining Co.; A. E. Shattuck, President Pacific States Type Foundry; Edward Mills, President Bullock & Jones Co.; Capt. Roberts, President Sacramento Transportation Co.; D. E. Bender, capitalist; Wm. Sharp, capitalist; W. B. Bradford, Alaska Packers Assn.; C. W. Clark, capitalist; (Sacramento); W. C. Price, capitalist (Pasadena); G. E. Bates, Attorney; E. O. Miller, Attorney; Chas. McLane, Agency Director N. Y. Life Ins. Co.; R. D. Sessions, Attorney So. Pac. R. Co.; Judge Bigelow, ex-Supreme Judge State of Nevada; Col. D. B. Fairbanks, Cashier Petaluma Savings Bank; and many others.

The list of the cured runs into hundreds and includes druggists and physicians. The 13% of failures was largely among cases that were at death's door and many such recovered.

The Specimen that have at last conquered these dread diseases are known as the Fulton Compound. The Fulton Compound for Bright's and Kidney Disease is \$1; the Diabetes Compound is \$1.50. We have established an agency in your city and you will find pamphlets and Compound as

Will Reed's Pharmacy.

IN EVERY Department of Banking

We are prepared to serve the people in an acceptable way.

Have You Tried Us?

THE POTTERS NATIONAL BANK.

ters one more homer. Wallace's two-base licks puts him to the good. Three of Chambers' 11 safeties were two-baggers and Mailey also has a good percentage of extra bases.

While Brown is generally credited with being the best base runner, he is 13 runs in the rear of Wallace and has two more hits to his credit. No record of stolen bases is kept by local scorers, but it is generally conceded that Gibson and Brown are the leaders.

The fielding averages of the team will probably never be compiled, but from the error column a good line can be secured on who have been the principal offenders in miscue line. Gibson has a startling record of 29 miscues, all of which were made in short field, for the most part on easy chances or poor throws. In spite of his numerous misplays his average is better than that of Chambers or Stillwell, who have also played at short. Reark and Emmerling are a tie as to the number of hits and runs scored, but the former has been at the bat 15 times more.

Here are the figures:

Players.	G.	A.	B.	R.	H.	E.	B.A.

Blount Will Pitch.

Manager Reark had a telegram this morning from Pitcher Lawrence, stating that he could not get here in time to pitch either of the Niles games. He has called upon Tally Blount, employed at Lewis Bros., to field out in emergency and he will pitch one of

the games. Blount was a star pitcher until he quit the game, having played with Warren, Ashtabula and other fast teams. He and Blount, the Ohio Works' right fielder, are brothers.

CARROLL CLUB JUMPED TO FOURTH PLACE

Defeated the Eclipse Team Yesterday Because of Many Fielding Errors.

The Carroll club won yesterday and jumped to fourth place over the Crockery City and Shamrocks. The defeated team had the most hits, but played a loose fielding game, piling up 19 errors. One of the features of the game was the work of Jones behind the bat. Dechant struck out 10 men. The score:

Bases on balls—Off White, 3; off Dechant, 2.

Struck out—By Wolfe, 4; by Dechant, 10.

Hit by pitched ball—Nagle.

Passed balls—Mountford, 2.

Double plays—Dechant to Hobbs.

Godwin to Daley, Wolfe to Rigby to Powell.

Time—1:50.

Umpires—McKenna and Jarvis.

Imperials Won.

The Imperials won a one-sided game from the Hollenden club team yesterday afternoon at Rock Springs park.

The score was 21 to 9. Rigby, who started in to pitch for the Hollendens, was very wild, and in one inning forced four runs over the plate.

Athletics vs. Salem.

The East Liverpool Athletics will play Salem at Evans' grove on Saturday.

SPORTING MISCELLANY.

Connie Mack will give Rube Waddell one more chance.

John L. Sullivan thinks Corbett will not last 10 rounds against Jeffries.

Marty Hogan, who was a Red back in '94, is umpiring at Youngstown.

Pitcher Elliott, of the Milwaukee American association team, has received a flattering offer from the Cincinnati National league team.

Cleveland has signed Third Baseman Terry Turner, of the Columbus American association team, and will have his services next year.

Eleven golfers chosen from the Oxford and Cambridge Golfing society have arrived in America and will play the first of a series of matches Wednesday with representatives of several American universities on the links of the Myopia Hunt club, of Hamilton, Mass.

All druggists sell and guarantee first bottle Dr. Miles' Remedies. Send for free booklet on Nervous and Heart Diseases. Address Dr. Miles Medical Co., Elkhart, Ind.

ABSOLUTE CURE FOR STOMACH TROUBLE

No Matter How Long You Have Had It. **NAU'S DYSPEPSIA CURE—IT CURES THE CAUSE.**

"For 20 years until within the last 12 months I have been greatly troubled with indigestion and have used a great many remedies without obtaining any permanent relief. About the 15th of June, 1900, I commenced using Nau's Dyspepsia Cure, and am pleased to say that I consider myself entirely cured of all stomach troubles. I have delayed expressing to you my opinion of your valuable remedy until such a time has elapsed as to convince me of my entire recovery. At the time I began to use Nau's Dyspepsia Cure, my health was in a critical condition and my friends had almost given up hopes of my recovery, and I am satisfied in my opinion that had it not been for Nau's Dyspepsia Cure, I would not be alive to write this letter." (Signed) N. M. (H. R. H.) Cashier La Grande, Oregon National Bank.

For sale by druggists or direct. Price, \$1.00 a bottle; 6 bottles, \$5.00. The F. Nau Company, 203 Broadway N. Y. and Boston.

Sold at **HODSON'S DRUG STORE, Cor. Fifth and Broadway.**

Amount of Theft Overstated. Atlantic City, Aug. 12.—The amount of money and value of jewelry stolen by the clerk of the Hotel Chelsea, which was given at \$10,000, will not reach \$1,000. Dr. Thompson, proprietor of the hotel, said that Clerk Smith had taken \$475 in cash, five drafts for \$100 each on the German National Bank of Cincinnati, drawn to the order of Edward Pfeizer, of that city, and a pair of pearl stud earrings.

Big Shipment of Australian Gold. Washington, Aug. 12.—Five hundred thousand dollars' worth of Australian gold will arrive at San Francisco on the 17th instant, payment for which will be made in New York by telegraphic transfer.

GRAIN-O THE PURE GRAIN COFFEE

Even children drink Grain-O because they like it and the doctors say it is good for them. Why not? It contains all of the nourishment of the pure grain and none of the poisons of coffee.

TRY IT TO-DAY.

A. Grocers everywhere; 15c and 25c per pack; 75c.

NOW that the heat of summer is here thousands are realizing how low their ambition, vitality and resistive force has become.

They are easily exhausted, heat seems unusually oppressive, feel draggy—all fagged out. They feel the need of a tonic that will build them up from the very foundation; give them strength, life, activity.

Hagee's Cordial of Cod Liver Oil (with Hypophosphites of Lime and Soda) is an ideal summer tonic, a builder—revitalizer—reconstructive that physicians of all schools prescribe for these conditions. Pleasant to take. Contains all the active properties of cod liver oil without the grease.

Sold by all druggists. Prepared by Katharon Chemical Co. St. Louis, Mo.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. GRAUSTARK

By **GEORGE BARR McCUTCHEON**

Copyright, 1901, by Herbert S. Stone

Synopsis of Preceding Chapters.

CHAPTER I.—Grenfall Lorry, a wealthy American globe trotter, stumbles into acquaintance with a charming foreign girl on the train from Denver to Washington. The pair are left behind when the train stops for repairs in West Virginia. Lorry wires ahead to hold the train. He and the unknown girl ride twenty miles at a tearing pace in a mountain coach. Lorry knows it is a dangerous ride. There is no love-making, but a near approach to it as the rolling stage tumbles the passengers about. Lorry dines with the foreign party, consisting of Miss Guggenlocker, Uncle Caspar and Aunt Yvonne. They are natives of Graustark, a country Lorry had never heard of before. Lorry shows the foreigners the sights of Washington. They leave for New York to sail on the Kaiser Wilhelm. Miss Guggenlocker naïvely calls Lorry her "ideal American" and invites him to come and see her at Edelweiss. Lorry hurries to New York. The name Guggenlocker is not on the steamer list. He sees the steamer off. Miss G. waves him a kiss from the deck. Lorry joins his old friend, Harry Anguish, an American artist in Paris. Graustark and its capital, Edelweiss, are located by a guide book. The Americans get no trace of the Guggenlockers there. Lorry sees his charmer driving in a carriage with a beautiful companion of her own sex. He gets a glimpse of recognition, but the carriage rolls on, leaving the mystery unsolved. Lorry hears of a note at his hotel signed Sophia Guggenlocker, inviting him to visit her next day. Lorry goes to the hotel. He finds a room he had heard them designate as that of the princess. X—Lorry tells the princess of the plot. Mutual recognition: she is Miss Guggenlocker. Darnay, the guard, is in the abduction plot. He tells Lorry what he knows. Anguish to the rescue. XI—Lorry quartered in the castle. The princess visits him, but forbids all talk of love.

CHAPTER XII.

A WAR AND ITS CONSEQUENCES. Lorry was removed to another room before dinner, as she had promised.

After they had dined the two strangers were left alone for several hours. Anguish regaled his friend with an enthusiastic dissertation on the charms of the Countess Dagmar, lady in waiting to the princess. In conclusion he said glowingly, his cigar having been out for half an hour or more because his energy had been spent in another direction: "You haven't seen much of her, Lorry, but I tell you she is rare. And she's not betrothed to any of these confounded counts or dukes either. They all adore her, but she's not committed."

"How do you know all this?" demanded Lorry, who but half heard through his dreams.

"Asked her, of course. How in thunder do you suppose?"

"And you've known her but a day! Well, you are progressive!"

"Oh, perfectly natural conversation, you know," explained Anguish composedly. "She began it by asking me if I were married, and I said I wasn't even engaged. Then I asked her if she were married. You see, from the title, you can't tell whether a countess is married or single. She said she wasn't, and I promptly and very properly expressed my amazement. By Jove, she has a will and a mind of her own, that young woman has! She's not going to marry until she finds a man of the right sort, which is refreshing. I like to hear a girl talk like that, especially a pretty girl who can deal in princes, counts and all kinds of nobility when it comes to a matrimonial trade. By Jove, I'm sorry for the princess, though!"

"Sorry for the princess? Why?" asked the other, a bit at once.

"Oh, just because it's not in her power to be so independent. The countess says she cries every night when she thinks of what the poor girl has to contend with."

"Tell me about it."

"I don't know anything to tell. I'm not interested in the princess, and I didn't have the nerve to ask many questions. I do know, however, that she is going to have an unpleasant matrimonial alliance forced upon her in some way."

"That is usual."

"That's what I gather from the countess. Maybe you can pump the countess and get all you want to know in connection with the matter. It's a pretty serious state of affairs, I should say, or she wouldn't be weeping through sympathy."

Lorry recalled a part of the afternoon's sweetly dangerous conversation, and the perspiration stood cold and damp on his brow.

There was a rap at the door, and Anguish hastened to open it. A servant presented Count Halfont's compliments and begged leave to call.

"Shall we see the old boy?" asked Harry.

"Yes, yes," responded the other. The servant understood the sign made by Anguish and disappeared. "Diplomatic call, I suspect."

"He is the prime minister, I understand. Ah, good evening, your excellency! We are honored."

The count had entered the room and was advancing toward the couch, tall, easy and the personification of cordiality.

"I could not retire until I had satisfied myself as to Mr. Lorry's condition and his comfort," said he in his broken English. He seated himself near the couch and bent sharp, anxious eyes on the recumbent figure.

"Oh, he's all right!" volunteered Anguish readily. "Be able to go into battle again tomorrow."

"That is the way with you aggressive Americans, I am told. They never give up until they are dead," said the count courteously. "Your head is better?"

"It does not pain me as it did, and I'm sure I'll be able to get out tomorrow. Thank you very much for your interest," said Lorry. "May I inquire after the health of the Countess Halfont? The excitement of last night has not had an unpleasant effect. I

hope."

"She is with the princess, and both are quite well. Since our war, gentlemen, Graustark women have nothing to acquire in the way of courage and endurance. You, of course, know nothing of the horrors of that war."

"But we would be thankful for the story of it, your excellency. War is a hobby of mine. I read every war scare that gets into print," said Anguish eagerly.

"We of Graustark at present have every reason to recall the last war and bitterly to lament its ending. The war occurred just fifteen years ago—but will the recital tire you, Mr. Lorry? I came to spend a few moments socially and not to go into history. At any other time I shall be—"

Frequent Throbbing Headache.

There's many a cause for headache. Men are not often troubled by headaches. When they are it is generally due to biliousness or indigestion. But women have headaches which seem peculiar to their sex, frequent nervous throbbing headaches. Does it not seem as if such headaches peculiar to women must be at once related to womanly disease? Women who suffer with diseases peculiar to the sex do not realize the drain of vital strength and nerve force they undergo as a consequence of disease. It is this which causes the familiar headaches of sick women.

Dr. Pierce's Favorite Prescription cures such headaches by curing the cause—irregularity, weakening drains, inflammation, ulceration or female weakness. "Favorite Prescription" invigorates and tones up the entire system, encourages the appetite, quiets the nerves and gives refreshing sleep.

"I was troubled with congestion of the uterus and female weakness for five years," writes Mrs. Robt. Kerwin, of Albert, Hastings Co., Ont. "Was so weak and nervous I could hardly do any work. Had severe pain in back, also dizziness and pain in head. My heart would beat so hard and fast at times I would have to sit still till I got all right again. But after taking four bottles of Dr. Pierce's Favorite Prescription and one of his 'Golden Medical Discovery' I felt entirely well. I also used one box of 'Lotion Tablets' and one of 'Santonin' as directed. All the symptoms of my trouble have disappeared and I am completely cured. I thank you for your kind advice and your medicine."

Dr. Pierce's Pleasant Pellets clear the complexion and sweeten the breath.

"Oh, the great world does not remember our little history! Within a year after the death of Prince Ganlook, his wife, my sister, passed away, dying of a broken heart. Her daughter, their only child, was, according to our custom, crowned at once. She has reigned for fourteen years, and wisely since assuming full power. For three years she has been ruler de facto. She has been frugal and has done all in her power to meet the shadow that is descending."

"And what is the alternative in case the indemnity is not paid?" asked Lorry breathlessly, for he saw something bright in the approaching calamity.

To be Continued.

DR. FENNER'S KIDNEY and Backache CURE

TROUBLE ON LAKE

The Canadian Revenue Cutter Fires Upon an American Fishing Boat.

WORK FOR STATE DEPARTMENT

One Man Hit in the Leg by a Shot. Now in Hospital—The Fishermen Say That the Petrel Used Her Small Deck Cannon.

Erie, Pa., Aug. 12.—The Silver Spray, a fishing boat, owned here, came into port in a badly shattered condition, due to an encounter in mid-lake about noon with the Canadian Revenue cutter Petrel.

The Canadian authorities have had trouble with American fishermen for years, who were poaching on their side of the lake and the Petrel is kept constantly on the lookout for them.

About noon she came upon the Silver Spray on the Canadian side of the lake and at once ordered Captain Chris Schau to stop. The Petrel is a strong steel craft and attempted to ram the American boat before she could comply with the former order. Captain Schau remembering the fate of several other boats from this side, which had been captured and confiscated, two from Erie only last season, decided to try to escape and started ahead at full speed.

The captain of the Petrel when he saw that the Silver Spray was trying to get away, opened fire with all the guns he had on board, and before he ceased firing some 20 shots had struck her. One passed through the smoke-stack into the pilot house, one of which came within a few inches of him, scattering myriad of splinters around his head.

One shot grazed the nose of one of the crew and all the others, of which there were seven, had narrow escapes. The fact that no one was killed is simply miraculous, as two shots entered the water closet, two in the cabin, two in the roof, three in the after-hurricane deck and the others in various parts of the boat.

The chase was kept up for some little time and Captain Schau was nearly in despair, as his cold water pump refused to work and he was also afraid that his boat might be struck below the water line and sunk. He was very lucky, however, to get across the dividing line, and the Petrel gave up the chase.

The Silver Spray is a double-decker and was for 12 years in service at Buffalo, as a pleasure steamer.

Captain Schau will report the affair to the State Department at Washington, as he says he was only looking for some of his nets which had drifted from this side toward the Canadian shore.

A large number of American fishing tugs have been captured on the other side in the last few years and all have been confiscated by the Canadian government. One, however, belonging to Dunkirk, was a few weeks ago ordered returned by Secretary of State Hay.

Erie, Pa., Aug. 12.—The only man injured on the Silver Spray was Frederick Culver, who was hit on the leg by a shot. He is now in the hospital. The fishermen say the Petrel used her small deck cannon.

Washington, Aug. 13.—Up to a late hour the state department had received no advice regarding the occurrence. Acting Secretary of State

Loomis, in the absence of any report from Captain Schau on the subject, declined to make any statement concerning the international aspect of the case.

Remarkable Case of Poisoning.

Washington, Aug. 13.—A remarkable case of ptomaine poisoning is reported from Ashburn, Va., some 20 miles outside of Washington. A large number of persons had gathered to attend the sale of the dairy farm owned by Senator Stewart, of Nevada. The senator served the prospective buyers a light luncheon consisting of coffee, ham and beef sandwiches. Shortly afterwards at least 50 persons were taken violently ill, suffering from ptomaine poisoning. One after another they fell to the ground, writhing in agony. Horsemen were dispatched in all directions for doctors, and a number responded and took prompt measures to relieve the sufferers.

Attempted Hold Up.

Glendive, Mont., Aug. 12.—Three masked men attempted to hold up in a Northern Pacific freight car six laborers en route to the wheat fields of the Dakotas. The laborers resisted the demands of the robbers and a general fight ensued, resulting in the killing of Thomas McGowan, of Philadelphia, who was shot through the right lung, and an unknown man, whose body was found in the car later in the day. The robbers escaped uninjured, but two of them were arrested.

Cornerstone Laid.

Elkins, W. Va., Aug. 13.—The cornerstone of the Davis-Elkins Presbyterian college, to which former United States Senators Elkins and Davis contributed upwards of \$100,000, was laid. Rev. F. H. Barren, pastor of the Davis memorial church, Hon. C. Wood Daley, trustee, and Senator Davis took part in the ceremonies. It is expected that the college building will be completed in time for the 1904-5 scholastic year.

IT IS SERIOUS

Some East Liverpool People Fail to Realize the Seriousness.

The constant aching of back, back, The weariness, the tired feeling, The pains and aches of kidney ills Are serious—if neglected.

Dangerous urinary troubles follow. An East Liverpool citizen shows you how to avoid them.

Mr. George Mount, of 165 Fourth street, teamster and dealer in coal, says: "For three years I had attacks of kidney complaint, some of them laying me up for two or three weeks at a time. The symptoms were pain in the back, particularly severe when stooping or moving around. Physicians called it lumbago and advised by friends to use Doan's Kidney Pills. I procured two boxes at the W. & W. Pharmacy. They cured me."

Sold for 50 cents a box by all dealers. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no other.

Sold at the W. & W. Pharmacy.

Subscribers who are going away for the summer months can have the Evening News Review sent to them by notifying this office of the out-of-town address, either by telephone or postal card. Change of address may be made as often as desired. When the change is ordered the old as well as the new address should be given.

HOME AFFAIRS

Brief Notes of a Personal Nature and of Matters About Town.

Gymnasium Classes—The gymnasium classes for business men will at once be resumed at the Y. M. C. A.

No Contagious Diseases—Sanitary Officer Burgess reports the city absolutely free of contagious diseases at present.

Seized With Fainting—Charles Brown was seized with a fainting spell near the Dresden pottery this morning and was taken to his home, Locust alley and Second street, in the patrol. He soon revived.

Stag Party Tonight—A stag party will be given tonight by the Haymakers in Red Men's hall and a great time is expected. An elaborate banquet is one of the features. A musical and literary program has also been arranged.

Heptasoph's Reunion—Handsome engraved invitations have been issued for the I. O. H. reunion, to be held Wednesday, August 26, at Rock Springs park. Special trains will be run from Greensburg and Pittsburg and a large crowd is expected. The picnic is in celebration of the twenty-fifth anniversary of the order.

Epworth League Report—Mrs. Ara Hawkins, who represented the Epworth League of the First M. E. church at the International Epworth League convention held at Detroit, Mich., during the first week of August, will make a report of the convention before the Epworth League of the First M. E. church on Sunday evening. The report will be of interest to many of the church workers.

"NO CLOTHING FITS LIKE OURS"

Bright Spick Span New Dwellings.

\$2500 Six rooms, slate roof, front and rear portico, cellar, gas, electric light wiring, sanitary plumbing, bath, hot and cold water, golden oak grain throughout, just finished and within five minutes walk of the Diamond, on Minerva street. No hill to climb. Terms—\$500 down, balance \$20 monthly.

\$3100 Seven rooms and finished attic, slate roof, cabinet mantle, good cellar, sanitary plumbing, bath, hot and cold water, electric light wiring, grained in golden oak, front and rear porticoes. No hill to climb. One half square east of Walnut street on Minerva. Terms—\$500 down and balance \$25 monthly.

\$2175 Six rooms, slate roof, large front portico, good cellar, wired for electricity, bath, hot and cold water, all sanitary plumbing complete, grained in oak, new and never occupied. Within four squares of the Diamond. Terms—\$375 down and \$18 per month.

\$3750 Six room dwelling and store room 20x30 feet. A chance for one who wants a home and to go into the retail grocery business. The location for a grocery store is one of the best in the city, being in a closely built up neighborhood with no stores conveniently located. It is sure to command the trade of its district and neighborhood and it is grocery stores located as this is that make the money. Location overcomes the necessity of meeting ruinous competition and with less expenses and with regular trade the merchant prospers when his contemporary in the city's center does five times the business and makes less. The dwelling is modern, containing bath, hot and cold water, sanitary sewer connections, portico, gas, electric light wiring, china closets, cabinet mantle, etc. This is an opportunity for some one—will it be you? Terms—\$750 down; balance \$30 monthly.

\$1650 Six rooms, slate roof, front, back and side porticoes, grained inside, well arranged, comfortable and convenient. Good cellar, drilled well with force pump. Lot 40x100. Commands a fine view, is easy of access, within one minute's walk of north side street car line. It is located one-half square east of the Calcutta road just beyond Riverview cemetery. Terms—\$450 down; balance \$10 per month.

Other properties we would note as follows as being on sale with us (particulars furnished upon inquiry). Ten room brick house, lot 33x133, Sixth street, \$5,200; new ten room house, lot 40x100, Ordan street, \$2,500; six room modern house, Spring street, \$2,900; four rooms, water and gas, lot 30x100, Minerva street, \$1,850; ten room modern double house near Second street, \$3,000; four rooms, new, just completed, McKinnon addition, \$1,200; three rooms and small lot, Cadmus street, \$700; two rooms and large lot Gardendale, \$400; four rooms, lot 30x100, Pennsylvania avenue, East End, \$1,450; six rooms, new, Sheridan avenue, \$2,750; five rooms, pantry, lot 20x100, Bradshaw avenue, \$1,850; six rooms, furnace, gas, lot 30x100, Eighth street, \$2,400; four rooms, just new, Oakland addition, \$1,200; four rooms, new, Maple street, East End, \$1,250; four rooms, Ohio avenue, East End, \$1,750; seven rooms and five rooms on Third street, \$5,500; seven rooms on Pine street, \$2,500.

Restaurant and dwelling of 12 rooms furnished in part. Well suited and located for a boarding or meal house. See us for terms and price.

We have 25 times as many more properties. Call and see us about any or all of them. We will sell on terms to suit your income. Why pay rent when you can own a home? Don't you know that by paying a dollar on each \$100 you owe will wipe out the debt and interest in ten years? For instance, fifteen dollars paid monthly for ten years will pay off a \$1,500 debt and interest. It's not how much money one spends but how one spends it that makes one's financial weal or woe.

Office open from 8 a. m. to 8 p. m.

SOCIAL EVENTS

DELIGHTFUL PORCH PARTY AT THE HILBERT HOME

A Most Enjoyable Affair in Honor of Miss Muir, of Philadelphia.

Mr. and Mrs. James S. Hilbert, of Pennsylvania avenue, yesterday afternoon and evening, entertained a merry crowd of young folks at a porch party, given in honor of their cousin, Miss Estella Muir, of Philadelphia, who is a guest at the Hilbert home. The affair, though informal, was perfect in all its appointments and delightful throughout. The young people, who arrived early, were given the freedom of the house and the spacious and beautiful lawn surrounding it and found abundant pleasure in music, games and social chat.

At 6 o'clock a superb luncheon was served on the big porch at the front of the house, which had been converted into a genuine bower of beauty. The decorations were in green, white and yellow. Field daisies, ferns and golden glow, all tastefully arranged, with the climbing vines in the foreground, made the temporary dining room a spot of surpassing attractiveness. On the wall at the back of the porch the flowers were arranged in handsome designs, while exquisite refreshments included both dainties and substantial and were served in admirable style, the color scheme being well carried out throughout. The repeat over, the guests put in an hour or two on the lawn, enjoying the refreshing evening air and the beautiful view up and down the Ohio, which flows at the foot of the bluff hundreds of feet below.

Mrs. Hilbert wore a handsome dress of white, with yellow ribbons, and Miss Muir was prettily gowned in white, wearing green ribbons. The aides were in white.

Nothing was lacking to the perfect enjoyment of all the guests. About 8 o'clock the young people said goodbye to their host and hostess, and Miss Muir and her friends adjourned to Rock Springs park pavilion, where all the party enjoyed themselves by dancing until a late hour.

Among the out-of-town guests were Miss Scott, of Cambridge, O.; Miss Wallace, of Chicago, and Miss Morrow, of Washington, Pa.

Rich-Kean.

Invitations have been issued announcing the marriage of Miss Anna Cecelia Rich, daughter of Mr. and Mrs. Leon Rich, of this city, and Samuel Kean, of Philadelphia. The ceremony will be performed on Wednesday, August 19, at 6 o'clock, at the home of the bride, 217 Fourth street. Only the relatives and intimate friends of the contracting parties will witness the ceremony, as performed by Rev. Dr. Levite, of Steubenville, which will be a pretty and impressive home wedding.

ADDITIONAL PERSONAL.

J. D. Holloway returned this morning from Chicago, where he purchased the fixtures for the new drug store he will open on Sixth street.

Mrs. Mary Richardson, who has been ill several months of typhoid fever, returned to her home in Washington, Pa. Mrs. Richardson came here to nurse her daughter, Mrs. Robert Bair, of Seventh street, and contracted the disease.

NEW ADVERTISEMENTS TODAY.

SITUATION ALARMING

Heavy Fighting Taking Place With the Insurgents at Monastir.

BATTLE IMMINENT AT KRUSHOVO

The Officials at Sofia Express the Belief That the Intervention of the Powers Alone Can Prevent a Disaster.

Constantinople, Aug. 13.—According to official advices, heavy fighting is taking place in various parts of the district of Monastir, and a battle is imminent at Krushovo, where the insurgents are strongly entrenched. A force of 4,000 Turkish regulars, well armed with artillery, are preparing for the attack.

Sofia, Bulgaria, Aug. 13.—The Bulgarian foreign office has received very disquieting news from its agent at Uskub. The Mussulmans there are daily gathering in the mosques and it is feared that a massacre of the Christians is impending.

Officials here express the belief that the intervention of the powers alone can prevent a disaster.

The whole outbreak in Macedonia came as a great surprise even to the local revolutionary committees, which were not prepared for so early a rising.

The government charges Turkey with doing less to prevent the insurgents from crossing the frontier than Bulgaria, though Turkey maintains four times as many troops along the border. The Turkish soldiers invariably retire to barracks at sunset and remain there until sunrise, leaving free egress to the Macedonian insurgents during the night. The Turks fight bravely during daylight, but dislike skirmishing in the dark.

It is everywhere declared that the present ministry is doing its utmost to check the revolutionary movement, but the situation is reaching a point where circumstances may prove too strong for the cabinet. The growing economic depression in the country constitutes a dangerous factor in the situation. The merchants are unable to obtain credit abroad and are forced to pay cash. The influx of thousands of Macedonians across the border has disorganized the labor market and has become a source of great discontent. The commercial classes declare that the present condition of affairs is no longer endurable; even war, whatever might be the result, would be preferable, as it would be followed by a period of rest.

The ministry is certainly confronted with a complicated problem. The return of Prince Ferdinand is quite indefinite. It is thought now that the premier will visit the prince in Hungary after returning from his inspection of the frontier posts.

An Unsuccessful Lynching.

Whitesboro, Tex., Aug. 13.—An attempted assault on Mrs. Hart caused the arrest of eight negroes, seven of whom were released. The other was held for identification. A mob took possession of him and hanged him to the limb of a tree. He had not been unconscious when officers arrived from Sherman, and making their way through the mob with a rush, cut the negro down. He was hurried to Sherman, but there was talk of going there to take him from jail.

Taking of Testimony Completed.

Milledgeville, Ga., Aug. 13.—The taking of testimony by the Georgia prison committee in the case of excessive cruelty charged against Warden Allagood has been completed. The voluminous evidence will be submitted to the committee late this week and from this the committee will formulate its report to Governor Terrell.

Atlanta, Ga., Aug. 13.—A bill was passed by the senate of the state legislature prohibiting the whipping of female prisoners at state prisons.

TO BUILD A CAMP.

East Port, Me., Aug. 13.—Former President Cleveland, who is a guest at the camp of Joseph Jefferson on Moss island, Lake Umbagog, has declared his intention of building a camp next season on one of the 33 little islands that dot this sheet of water.

DEAD OF THE DAY.

Captain John Hinebaugh, Grafton, W. Va., Aug. 13.—Captain John Hinebaugh, veteran of the Civil war and a lifelong resident of Preston county, is dead of neuralgia of the heart.

Maria Letitia Lish.

Baltimore, Aug. 13.—Mrs. Maria Letitia Lish, known as the oldest woman in Baltimore, is dead at the age of 102. She had been an inmate of the Church Home and Infirmary many years. Her husband was a surgeon in the British army and she came to America with him during the Civil war. She preserved her mental faculties to the last.

Senator Cochrane.

Hillhurst, Quebec, Aug. 13.—Senator Cochrane, one of the leading short-horn breeders on this side of the Atlantic, died at his home here. His cattle had won innumerable prizes at all the big shows during the last 30 years. He was also well known as a breeder of hackneys and has carried off many blue ribbons at the New York horse show.
